So, my friend who watched the anime with me asked how it's all turning out in the manga. Honestly, this manga took such a different path from what I was expecting!

Saoirse says

Sympa ce tome même si je n'aime pas trop le nouveau personnage. J'ai hâte de lire la suite, plus que deux volumes avant la fin.

Mara S. says

Amazing big turn from this volume. I cannot stop loving their friendship

Diana says

Oh, Mr. Fish.

Akhirnya brand "Jellyfish" bisa ikut exhibition, meski pada akhirnya.. clothes line mereka tetap nggak dilirik pembeli manapun. Tapi ada satu orang yang sepertinya tertarik, namanya Mr. Kai, pemilik perusahaan besar di Asia. Sayangnya, dia bukan ingin mengakuisisi "Jellyfish".. melainkan ingin merekrut Tsukimi saja. Penghuni Amamizukan kaget, Kuranosuke? Apalagi Kuranosuke!

Sementara itu, Shuu nggak tahu apa-apa dan malah sibuk mau cari cincin di Itali. Agak khawatir tiba-tiba Tsukimi lupa sama dia..

P.S. Lagi-lagi corner authornya menarik, jadi penasaran sama cook-cowok SMA yang suka numpang duduk-duduk di workshop mangaa-nya ^^

Rebecca says

One of my favorite things about this series is how relateable almost everyone is - from Shu to Kuranosuke to Tsukimi to even Mayaya, there's something very human and real about all of the characters.

Katy says

good to read of this site.

Anna says

When in doubt, throw in new characters!

Also, it is hilarious trying to imagine some of these dresses in real life - made with wood glue & pins... something you'd see on Regretsy, but not!

Isabella says

ahhhhhh!
