Axman Werebear

T.S. Joyce

Axman Werebear T.S. Joyce

Arranged marriage, hidden agendas, deep secrets, and heart-pounding romance come together to tell Bruiser's story in the 5th installment of T. S. Joyce's bestselling Saw Bears series.

Diem Daye has led a sheltered life. As the only breeding female of her kind, her father has kept her tucked away and heavily guarded. But when he makes a deal behind her back, and marries her off to a local lumberjack werebear, she fights everything that is expected of her. As the dust settles and she begins to realize just how special her arranged union to Bruiser Keller is, she'll have to decide to make the ultimate sacrifice for her kind, or live and love in the safety of her new mate's protection.

Bruiser made a deal with a legendary shifter to save his family, but the consequences run deep when he returns home to the Asheland Mobile Park. Now he must marry a woman he's never met, and if Diem's pissed off countenance is anything to go by, she doesn't want this pairing any more than he does. Bruiser vows to soften her hardened heart, but her secrets could bring danger to his beloved Ashe Crew, and could alter the course of his life forever.

Love comes at a cost for shifters like Bruiser and Diem. If they want a real shot at happiness, they'll have to learn how to survive each other.

Content Warning: explicit love scenes, naughty language, and piles of sexy shifter secrets.
Adult only bear shifter romance.

Jilly says

I'm sorry, but the guy in this book is named Bruiser. I just can't. Could never. Uh uh.
When I read the name Bruiser, I think of this kind of thing:

Look, Bruiser and other fat dude in underpants: You really need to reconsider your stance on salads. I'm just saying, heart disease is the number one cause of death in this country and you are obviously in an active job. You can only push the ticker so far.
Although, a hospital gown would actually be a step-up for you guys in the fashion department.
Just sayin'

Back to the book:

Bruiser agrees to an arranged marriage because it's really his only hope at matrimony, let's face it. The poor, unfortunate bride has the name Diem, so I'm thinking maybe this match isn't so bad after all. They are both doing this marriage thing because they are forced to, but are not about to get any feelings for the other.
Yeah, that lasts about 5 minutes, and then they are in love.
Insta-love. You know it will last for all eternity. Just like in real life.

Wild_irish_rose says

This was a real love story with Bruiser refusing to risk Diem's life or let her live in her cold shell. I thoroughly enjoyed this book.

JoAnna says

The Ashe crew just gets better and better! I wasn't thrilled with the arranged marriage story line but this book was DELIGHTFUL! I love Diem and Bruiser! Such a great match for one another and Diem is a terrific addition to this motley crew! Seeing Damon Daye put in his place was pretty nice too!!! I look forward to seeing what the future holds for this beautiful couple!

Anna says

A guilty pleasure, but a good one. This is one of the strongest ones in the series so far with a dragon shifter heroine and some intense family drama.

Jamies says

I enjoyed getting a glimpse into Brusier's life. Literally a glimpse, no fond memories with his half-brothers, no slip ups with Ma Keller, and no awkward teenage story that changed him into the man he is. Diem's life wasn't much better with details. These two back stories would normally leave huge holes in the characters' personality or thinking patterns but it all makes sense.

update June 2017: Re-reading and wondering if female dragon shifters had had c-sections would they have lived or been too weak from not shifting to handle surgery? Or would shifter healing complicate that type of surgery? hmm 75% through during these thoughts.

Hollie says

These trailer park werebears have won me over

I have thoroughly enjoyed this series. The books are short, and yes, they have somewhat of an insta-love vibe to them, but they are still quite solid. The characters are amazing. I love how dedicated and loving all the men are to their mates. The women are equally as impressive. They have created such a sweet trailer park shifter family. Ill definitely check out more in this series. Well worth its .99 price tag, and it's also offered with kindle-unlimited.

Jen says

I can't stop reading this series even though it's up and down with how good a read each book is!!! Overall, I liked this book. If only the end wasn't so lame..

3 star-it was okay

2 star-didn't like it

1 star-hated it

Ava says

So.....

What can I say other than I loved this book so much.
A little bit of humor mixed with fate and a lot of feeling.
This book was amazing!
And again a quick read.

A little thing that annoyed me not much. When I looked back of the timeline all I could do was frown because it was too quick. But if I didn't think about that for me the connection was there for a very long time. they were in sync, so easy but i think it was the circumstances and communication.

Again Bruiser and Diem are my favorite and so are some others.

Twin Sisters Rockin' Book Reviews says

Overall Rating: 4.25 Rockin' ★★★★★

Thank you, T.S. Joyce! Axman Werebear is the perfect "cherry on top" addition to the Saw Bears series. All members of the crew have found their mates and are content and happy, just the way we as readers like. Horace "Bruiser" Keller and Diem Daye complete the Ash Crew perfectly in this paranormal romance set in the Montana Mountain trailer park.

This delicious read begins with an agreement made between Damon Daye, a dragon shifter and Bruiser a member of the Ashe Crew. He agrees to marry the dragon's daughter, sight unseen if Damon will help his family. Bruiser did not know what he was getting himself into, but all he cared about was helping his half-brothers protect their crew. Damon Daye provided the strength and power to help him succeed in protecting his brothers' crew and now it was time for Bruiser to marry his daughter.

When Bruiser first meets the stoic Diem he isn't sure what he's getting into, but as the walls she has built around her heart begin to crumble and he gets to know her, he and his animal know she will be theirs forever. Diem didn't have any clue about the agreement that her father had made with the bear shifter, or that she would be getting married the same day she met him. Although she had always known that she was expendable to her father and he looked at her as a breeder, not a daughter. She thought she was losing her freedom by marrying the bear, but learned quickly she had gained her life back instead.

T.S. Joyce is amazing. We revisited the gang and their new little arrival was an extra plus! This is a quick and extremely satisfying read. Another great story added to my library. Can't wait to see what this fantastic author will give us next.

Diana Rising says

I really loved this, as I love the whole Saw Bears series. I can't say a lot, because it would spoil the book for you. If you have been reading the Saw Bears Series, you already know Bruiser as a great character. He is our hero, and we get to know him really well in this book.

The heroine is a new character, also a shifter, but an important thing we find out in this book is that life is

harder for some shifters than others.

The story starts with an arranged marriage, but don't worry, this is a sexy romance. There is some heart-wrenching stuff, there is some fun stuff, and some exciting action. Both main characters grow a lot through the story, which ends in a wonderful Happy Ever After.

Chappy says

3.5 stars

Not my favourite of the series but still really good. It just took me a while to warm up to Diem. Her mean father is to blame since he's kept her isolated and unemotional her entire life. She thinks she's only good for one thing (breeding) and she's terrified.

When daddy-dearest forces her to marry Bruiser, she doesn't know what to expect. Thankfully, Bruiser can show her how special she really is.

Laura says

What Is It About:

Bruiser is going to follow through on his end of a deal and take part in an arranged marriage with his boss' daughter; even if it is a little awkward, it was worth it to keep his family safe. Diem is a dragon shifter, abandoned by her mother at birth and raised by her cold father whose only concern is carrying on his genetics. Neither of them particularly like the arranged marriage but they'll follow through and make it work, hopefully falling in love and working their way through any secrets that may come to light.

What I Liked and Didn't:

I kind of identify with Diem as a character; emotional but likes to be portrayed as unfeeling and has a resting bitch face. She's sheltered and inexperienced. She's thrust into something that isn't of her choosing but she rolls with it, so she's pretty badass, especially when she thinks that the mating is just to kill her. I've liked Bruiser throughout the series so it's pretty entertaining to read him get his own happy ending. I will admit that it's hard to differentiate his personality from all the other members of his crew. I understand that they'd be similar but I couldn't tell any differences except for how weird Kellen is in comparison to everyone else. Plot-wise, I'd say that the relationships were the most of the plot, if anything there was no other plot. The relationship between Diem and Bruiser grows in a realistic way, but the lust was pretty instant. There is a pretty dramatic ending that makes Diem seem even cooler in her willingness to protect those closest to her.

Final Thoughts:

I was pretty chuffed with this one because I love any book that has a dragon shifter. This book was one of those that are enjoyable to read but when it comes to explaining what happened, not much comes to mind. Would I recommend it? As part of the series, yeah.

Will I be carrying on the series? Sure, I'd say I'm pretty invested now.

Erika says

3.75 stars

A few thoughts:

--Liked that Bruiser actually made an emotional and verbal commitment and recognized he wanted Diem right away, instead of denying her or pushing her away. :)

--wish Diem hadn't been a virgin while he was experienced. Holy mother, but this is in Every. Freaking. Romance. (not just this author). To me, it makes the sexual coming together of the MCs seem like the heroine isn't anything new or special for the hero which really puts a damper on my enjoyment. At least in this book, it made sense why she was a virgin. Just wish the heroes didn't always come off as so skilled in bed, like they have pleased a lot of OW in the past. Ah well.....this is what most romance is. :(

--not sure I liked how things ended with the Diem's father

--the relationship development felt a little abrupt at times, but overall I liked how sweet Diem and Bruiser were with each other. They were a good loving couple.

--the Ashe crew is getting a little overwhelming for me. Not sure I like reading about so many people and characters. Nevertheless, this series has hooked me enough to probably read the final two books. Please don't let the heroines be virgins, unless the men are too!! *fingers crossed*

Delta says

3.5 stars

This is my favorite of the series, so far.
