**Cruel (Trojans MC)** Claire St. Rose

*Cruel is book 3 and the finale of the Trojans MC trilogy!*

**She wanted in. But now that I have her, she's never getting out.**

She didn't belong in this world.

But no way in hell am I letting her leave.

Not until she's wearing my ring. Not until she has my child.

This town is mine and I take what I want. Nobody gets in my way.

Especially not some nosy reporter looking for her big break.

At first she was just another girl whose name I can't remember.

But that was before she left me so hard that it hurts.

So hard that I *needed* release.

She thinks she can just insert herself in my life.

She doesn't realize I've got a different insertion in mind for her.

And now that she's stepped into my world...

There's no way in hell I'm letting her leave.

Not until she's wearing my ring.

Not until she has my child.
