DARKNESS LURKS #1

Emily McPhee has struggled to overcome her father's death...It's not easy, but Emily finally has the life she wants. She's an A student at Orange University and has a comfortable home and a great circle of friends. She's also in love with handsome Orange PD officer Seth Connors. He doesn't seem to return her feelings, though, so she tells herself his friendship is enough.

Jimmy Lasko is a psychopath, and Emily is his greatest obsession...Lasko knows what he wants—what he deserves—and has the deadly skills and unending patience to get it. What he wants is Emily, and he is watching and waiting for the perfect opportunity to strike. That time is coming soon; he'll make sure of it. A sense of unease settles on Emily, but is the danger real or imagined?

When Emily begins hearing noises and suspects someone has been in her house, Seth urges her to get a roommate. But after a search, she realizes a certain attractive cop would be the perfect choice, and Seth moves in.

Seth loves Emily, but fears his feelings might make it difficult to protect her. In all areas of his life, Seth sees himself as a protector. He's determined to keep Emily safe, but he pushes the captivating blonde away in an attempt to stay objective. However, after her stalker makes a failed attempt to capture her, Seth can no longer deny his feelings.

With help from Seth's police colleagues, he and Emily set out to identify the person hunting her before it's too late. But is it worth the risk to bait the trap with what he wants most?

DARKNESS FOLLOWS #2

Emily McPhee is in the clutches of a monster... Despite the protection of her boyfriend Seth Connors and his colleagues with the Orange Police Department, Emily is imprisoned in a basement by her psychopathic stalker Jimmy Lasko. His bizarre behavior adds to her terror, and a video link forces Seth to witness her captivity, leaving him feeling helpless as he, the OPD, and the FBI search for her.

Freedom isn't free, and safety is just an illusion...Though Emily escapes the basement, the threat is far from eliminated. In fact, things she learned while being held by Lasko lead her to believe he isn't working alone. Lasko is still out there, determined to get her back, and crazier than ever. If he does have a partner, Emily has no idea where the threat might lie or who she can trust.

DARKNESS FALLS #3

More than a year after her ordeal, Emily McPhee finally feels safe...Emily's psychological scars are healing. Things are great between her and OPD Officer Seth Connors, and her biggest problem is the X-rated Halloween decorations her best friend Pete has placed all around her house.

If only it would stay that way... Seth senses something isn't right, but he doesn't know where the danger is

coming from...or why. He's sure Emily's neighbor, Travis McKay, is hiding something, and the man pays way too much attention to Emily.

To make things even more complicated, a new female officer appears to have her sights set on Seth, and fellow officer Alexander Avery has some sort of connection to a mysterious brothel employee. Seth has a feeling all these odd things are somehow connected—but he knows he's missing a huge piece of the puzzle.

Darkness indeed.

Emily and Seth don't have it easy by any stretch of the imagination. This entire series is packed full of twists and turns. It's definitely a dark read, and I guessed wrong several times about what the outcome would be. I have to say I'm insanely happy I got the box set, if I had to wait to see what was going to happen with the cliffhangers I'd of gone crazy. I highly recommend this series!

Kelly I Spung says

Loved it!

I couldn't put these books down. I couldn't wait to see what happened next. It was great storytelling with plot twists that I didn't see coming. JL Drake is an amazing author and I would recommend any of her books for a great read.

Tracey Hemmings says

Brilliant with lots of twists

This book deserves this rating because it was well written not at all what I expected this is the first time I have read anything from this author this book has so I did not know what to expect ,this book has lots of twists and turns keeps you guessing .

You think you know what is going to happen it changes very subtly and goes in a different direction and comes back with another twist or another character ,there are many characters but the story is easy to follow. The main characters Seth and Emily play their parts really well .

I would recommend this book to anybody who has a passion for romantic thrillers.

This is my review of the Darkness Series.

Darkness Lurks

Can't believe this is the first book I've read by this author. What the heck was I thinking lol this was a fab read. I inhaled it in a day.

Emily's life is on track. She's at university & has some great friends. She's in love with an officer called Seth. He's afraid to get too close. Emily learns quick enough that danger is following her? Who is after her? Are they working alone? What do they want?

Once I started this book I really couldn't put it down. I kept saying one more chapter. I did stop to make dinner. However it wasn't long before I was back reading it.

Absolutely brilliant read. The book does end in a cliffhanger. However I'm not gonna scream and shout this time as I've got the next book on my kindle waiting for me to start.

Darkness Follows

Oh wow. What a story. Make sure you read book one before reading this book as its a continuation of Emily and Seths story.

Book one Darkness Lurks was brilliant. The ending had me in knots. Thankfully I was able to jump right into this and keep reading. The storyline continued at a fast pace. The twists and turns had me gripped. I find it

hard to review without spoiling it as you may not have read book one yet. All I want to say is get reading as its brilliant.

Be warned when you start this series that book three is out in October. After the big cliffhanger (grab alcohol kinda cliffhanger) in this book you will need to know that.

Also know it's a one sitting kinda read. Make sure you got the time to read it as you won't want to put it down.

Don't be a plonker like me and put cookies in while reading this and forget about them. Yep that's exactly what I did. This might be a clue to how brilliant these books are. Really looking forward to Darkness Falls. I need it now!

I'm doing a happy dance now as I see the author has more books to sink my teeth in.

Darkness Falls

Oh wow. I'm totally speechless. I've got to say my expectations were high for this book. I absolutely loved the first two books. I even went as far as burning my kids cookies as I forgot about them while reading book two.

Ok I'm going to confess that as much as I wanted to read this book I didn't jump into it as soon as I got it. Why? I was afraid. Yep I was afraid that the author wouldn't meet my expectations. I was also afraid that it would be so good it would mess with my head.

The release date is getting close so I pulled on my big girl pants and read it. I got sucked right in. Right back into Emily and Seths roller coaster story.

This book exceeded my expectations big style. Did it mess with my head? Hell yes. I actually messaged the author saying I was afraid to read anymore. Yes it's that kinda read. The twists and turns kept coming at me until my head was a mess.

I'm not gonna say anything about the storyline. My lips are sealed. All your getting off me is how I felt reading this series and to be honest I haven't even got the words in my vocabulary to do these books justice. This is an epic series. A must read if you like dark, romance and suspense. These will certainly be staying on my kindle for are read.

I'm so looking forward to reading more from this author.
