Dealing with Blue Stacia Leigh

“Name your price, Suzy Blue. Everyone’s got one.”—Life used to be “normal” until Suzy Blue moves into the trailer park with her mom. Then things turn secretive and claustrophobic. To get out of the house, Suzy accepts a deal with the charming neighborhood boy, J.J. Radborne. All he needs is a pretend girlfriend for bonfires, fun, and a possible prom date, and all she needs is driving lessons to get out of this town...for good.

“You’re making a huge mistake, J.J.”—So says Gemma, J.J.’s ex-girlfriend. She’s turning up the heat in a confusing mind game, and J.J. knows exactly who to team up with: Suzy Blue. She’s cute, convenient, and even sorta funny. More importantly, Gemma’s already jealous. Hey, she started it; he’s just playing along. So, yeah. Suzy...perfect. Now, if she’d only cooperate.

Dealing with Blue is a small town love story in the Pacific Northwest. It’s about a strong girl and a bad boy peeling back the layers to discover what’s true.

From Reader Review Dealing with Blue for online ebook

Wendy Jensen says

Suzy is in high school and her father, who she has lived with for many years, has been deployed overseas. Her father arranged that she move in with her mother who lives in the same area. Her mother has a problem with hoarding. The main read is growing up, young love and the games that are played in high school.

I received this book for free through Goodreads First Reads.

Kate says

A fun, spicy YA romance novel with great characters and conflict. I finished this and found myself missing the characters and wanting to know what they were up to. Always the sign of a good book for me!

Bethany Lyke says

I absolutely loved this book, I didn't want it to end! I do wish there was an epilogue I would love to see what happened years to come. What happened with mom and dad. How did their relationship progress.....But all in all super sweet, fun, quick read that I would not mind my teen reading!!

Lazetta Krause says

I read this book before and now have read it again after Ms Leigh's updates. The book is a fun read and hard to put down once you have started. Love the characters. Cute story of family, friendships and young summer love.

Tina Wegner says

Loved this book!

Great story that brought you right into Suzy's life. I liked how the relationship between Suzy and J.J. evolved. This book includes a girl, a boy and storyline you can relate to. I recommend this book to all young adult readers looking for a fast paced read.

Brian Gates says

This is a great read. Dealing with Blue takes you on a memorable journey. I definitely recommend this book!

Jenny Juang says

I read the kindle sample and then bought the ebook because I wanted to find out what happened to Blue. Well developed characters kept me reading. I enjoyed being grossed out by the vivid imagery of living with a hoarder, the strength and determination of Blue's character, and even found myself liking against my will Mr. Cool's transformation to Mr Warm and Fuzzy. Great first novel by this author and looking forward to what's got to come next, Will's story. All around a feel good story.
