Dany Mora says

Leí este volumen solo para darle cierre al torneo de la fuerza y lo disfrute más que en el anime.

Josh says

This power tournament was my favorite part of dragon Ball super so far, better than Berrus or the zero mortal project/future trunks arc. Brings me back to the joys and unexpectedness of the tenkaichibudukai.

Dimitris says

Loving this!

Also loving the new Villain! Looks super creepy and promising for shitload of fights to go down. \o/
