## **Fallen** Karen Erickson

Jordan Sumner is ready to embrace her new life. After nearly dying at the hands of her mother, moving to a new town offers new possibilities. First on her agenda? Get a tattoo. She just doesn't expect the tattoo artist to be so incredibly sexy or for her to recognize him as the guardian angel who saved her life years ago.

Gabriel Wilder knows the minute he sees Jordan she's different from any other woman he's ever met. A fallen angel with no memory of his past, he senses Jordan is linked to him. He's drawn to her sexually--in every sort of way. They're meant for each other and no matter how much he fights it, he knows it's a waste of his time.

An unknown evil is sent from Jordan's past and is ready to sink its claws into her. Gabe must fight to save what he considers his--Jordan. But is he strong enough to fend off the demon who wants Jordan as his sacrifice, now that he's fallen...fallen for her?

This was a good book until the end when they sent the demon back to hell. Just seemed a little weak that he showed up alone and was so easily defeated by the three fallen angels.

Jordan Sumner is beginning a new life after being the only member of her family to survive a mad woman. Jordan is determined to begin her life with a very special tattoo – the wings of her guardian angel that Jordan knows saved her. Only the best will do, so after doing her research, Jordan goes to the best tattoo artist in her city.

Gabriel Wilder knows he is good at his job. When Jordan shows up wanting a special pair of wings, Gabriel seems to know exactly what she wants and works hard to give her the best tattoo he has ever done. By the time it's finished, Gabriel knows that there is something special about Jordan herself.

When Jordan's car won't start, Gabriel gives her a ride home. Odd circumstances have Gabriel staying the night as they both try to figure out what they are feeling. The morning has Jordan's worst nightmare coming true. Gabriel has no idea what is going on between them but he knows that absolutely no one is going to harm or hurt Jordan. That morning begins an adventure that will not only prove how strong their love is but also that love is stronger than the worst type of evil.

In a battle of good versus evil, only love is the true winner. Fallen brings Jordan and Gabriel together in just that ancient battle. I could not believe all that Jordan has survived and as her story rolled out, I understood her intense desire for her tattoo. Gabriel was such a mystery – gruff but with a heart of gold. As I learned more of his background I could understand why that tattoo parlor was where he belonged. I loved how Jordan's sweetness contrasted with Gabriel's pragmatism. Their final battle proved to me not only how strong love can be but also to never bet against it. I truly hope that the other two stories that were hinted at become a reality. Fallen is an erotic love story wrapped around a classic battle of good and evil. Fallen is a keeper in my opinion.

Fantastic artwork on the cover! Less than stellar story inside.

I was drawn into it because of the similarities to the awesomely written Clipped Wings and Inked Armor which it resembled plotwise to begin with. I then felt compelled to finish but wish I hadn't bothered. It was

pretty 2 dimensional, the chemistry between characters was non existent and the whole thing was cliché ridden (maybe that is impossible to avoid though).

I love discovering a new author to enjoy and Karen Erickson is a name I will be scouring the shelves for in the future. "Fallen" is a very well-written story about Jordan, a woman starting a new life after recovering from her mother's attempt to kill her. If not for her guardian angel, Gabriel, she would have died that day. Jordan dreams of him still, wonders why he no longer watches over her and protects her, what has happened to him. To celebrate the beginning of her new life, Jordan decides she wants angel's wings tattooed on her back and only the best artist will do.

Enter Gabe, rough, tough, and sexy as hell tattoo artist for Tattoo Voodoo. He doesn't believe in the paranormal ramblings of his adopted sister Darla, and finds it hard to believe that Ryder, their "brother" is buying into them. But really, he can't argue much since he has no memory of his life beyond eight years ago. Never one for a relationship but always up for a sexy tumble, Gabe is immediately attracted to the innocent-looking Jordan and has a very difficult time keeping things professional while inking Jordan's back. Surely she could never handle what Gabe wants to dish out, so he tries to resist. Jordan won't have it, however. She has a strong suspicion she's found her missing angel.

Erickson has done a wonderful job painting the story of Jordan and Gabe. Her characters are believable, engaging, and wickedly sexy. So engrossed was I in their story that I had a difficult time putting "Fallen" down.

"Fallen" is the first ever Karen Erickson book I've ever read. How could I say "no" to a story about a fallen angel and the woman he literally and figuratively fell for? ^.^

This was a relatively quick read and I enjoyed the chemistry between Gabriel (a.k.a. Gabe) and Jordan. There were enough steamy scenes that would have probably fogged my reading glasses up repeatedly had I been wearing them at the time. Yet, what is worthy of note here is that there was an actual storyline that kept me interested and wanted me to find out how everything was going to end.

Definitely looking forward to reading more of Karen Erickson's work in the future. ^.^

### **3.5 Stars**

I really liked this book. I liked both lead characters. Gabriel is hot and amazing hands down. Look at that *effing* cover! But I guess I'm a bit biased, I always love an angel with black wings. It's an obsession of mine I guess. Jordan is one of the few female lead I actually found myself not getting irritated with. I loved how she decided what she wanted and she went after it. She was very determined and I loved that in her. She wasn't a kick ass, bad ass chick but she wasn't a pushover either. She was just quite normal in a refreshing way.

Yes the story line was a bit cliché but whatever. I liked it. It was a quick entertaining read. Gabriel and Jordan sizzled together. The sex was hot. Like really **hot**. Gabriel was an insatiable beast with a very dirty mouth. I'll be real when I admit that I like dirty talk so that was a plus for me.

The only issue I had was how quickly the whole demon issue was resolved. I was expecting a more climatic ending I guess. It just seemed too easy after all the talk and building up that led to the moment. The demon himself was a major disappointment. (view spoiler) I was anxiously waiting for an epic battle, so to me this was a major letdown.

That aside, all the other elements of the book was a great and I definitely will be reading other titles by this author.

The basic premise of the story drew me in, but overall I was disappointed by this book. The author sets up an interesting plot, with a fallen angel finding the woman he fell for, but the conflict with evil didn't carry much tension for me. The final battle lacked intensity. And while the sex was steamy, the characters didn't have much depth outside of the bedroom. The authors style was easy to read, though, and while it's not a book I'll reread, it's still one I didn't have to force myself to finish. Hovering somewhere between a 2-2.5 star.

### **3.5 Stars**

This book started off with a bang and I loved it loved it loved it but then the end sort of fizzled out. I just don't know what happened.

The Hero, Gabriel was delicious and I liked him from the start. The initial meeting between the H/h was tense and steamy and really well written.

I like the author's writing style and will definitely give her another try.

## **Judy & Marianne from Long and Short Reviews says**

“She owed him everything. He took her from death and gave her life. He was an angel. A black angel.”

Jordan Sumner wanted a tattoo to show that she was free from her past and glad to be alive thanks to her Guardian Angel. She wants a pair of angel wings tattoo on her back. The moment tattoo artist Gabriel Wilder met Jordan in the tattoo shop, it is as if “all control went flying out the window.” I thought was rushing into the sex scenes, but then Ms. Erickson pulled a fast one and threw in a lot of road blocks to stall the hot and steamy scenes. It's hard not to be pulled into a book where the hero seems to fight the sexual heat he feels for the heroine.

I do love when an author has a big bad alpha male like Gabriel who was quick to let Jordan Sumner know that he was “not a nice guy, but then runs like a rabbit because a little slip of a girl scares the shit out of him.” He fought love long and hard before he finally gave in. Ms. Erickson does an amazing job in twisting the plot and keeping the conflicts going between Gabriel and Jordan until the end.

The mystery, suspense and crazy courting dance combined with Gabriel's loss of memory and his alpha attitude all made an interesting mix. And the narrative went a long way in making the book extraordinary. Reading the bedroom scenes were both funny and hot. It was not until the end that the evil surrounding them both became known, keeping me on the edge of my seat until the last chapter. Fallen is definitely a great story and one that will make a lasting impression on you.
