**His Property (His Property, Book One)** Hannah Ford  
**Whips. Chains. Punishments.**

These are my world now, ever since gorgeous billionaire Liam Rutherford pushed me into the back of his expensive black SUV, forcing me to live with him at his fancy penthouse apartment in New York City, holding me as collateral for my father's gambling debt.

He claims I don't have to do anything I'm not comfortable with.

But that's only because he's convinced he'll be able to break me down, to make me beg for his whips and chains, his rules and punishments -- and all the other twisted, filthy things he's into.

His chiseled abs, his intoxicating smile, his tongue pushing past my lips, his nails digging into my back... they're making me lose my mind. I am a slave to his every desire, his every want, his every wicked whisper.

The need for him rages inside of me, even as it makes the humiliation scorch my veins from the inside out.

He says he's beyond saving.

But I'm going to do my damnedest to try...

Before he breaks me completely.

*"I need you to know that I'm not going to hurt you."*

*"You already hurt me." I showed him my wrists, where the metal of the handcuffs had dug into my skin.*

*He reached out and ran his fingers gently over the faint red marks.*

*"This is nothing," he murmured. "I haven't even gotten started yet."*

### **Charlie says**

Short and sweet, I'll be continuing on with the series. It was a quick fun read and I'd like to see where this one goes.

---

### **Jennifer Finn says**

Emery is a young, voluptuous college student who doesn't realize how alluring and beautiful she is. Her Father is addicted to gambling and when he sneaks into a high stakes poker game he ends up losing a lot of money to a bad man. Liam Rutherford is a rich, well known businessman who also happened to be at the poker game. Liam agrees to pay off her Father's debt to the very dangerous man if Emery will spend one week with him. Doesn't sound so bad does it ? Well Emery is a virgin and Liam is a very experienced Dom who not only wants her for the week, he wants her to fully submit to him. Emery loves her Father but she's not sure if she'll be able to submit to this gorgeous stranger.

---

### **Liz says**

Part one of who knows how many.

This premise is weird and awful. The story is as awful as the synopsis makes it sounds. This is stockholm syndrome at its worst.

College student Emery is kidnapped and held as sexual collateral to pay off her father's gambling debt; but the kidnapper is a billionaire CEO?? It's all weird and comes off as the most unlikely of premises. EVER. And they both have physical scars from their pasts???

Why do BDSM stories have to include formerly abused characters?

---

### **Jensie Elizabeth says**

Very mixed feelings about this book. I was really A-OK with Liam for like one page, but then he just got awful and weird and not sexy. At all. He was very obscure and not at all someone I would have been jonesing after. But it was Emery I had most of my issues with. She was one big, fat contradiction. In one paragraph, she was thinking how much she hated him and how much what he was doing was freaking her out, and in the very next paragraph she was giving in. She had no spine, but then Liam never really gave her a choice to grow one. I guess together, the two of them ruined the book for me. Liam was one of the most controlling assholes I've ever had the displeasure to read about. I like a good BDSM book, but this one just didn't do it for me. I couldn't tell if he really cared for her or not. The whole thing honestly felt off. Like disturbing, almost. I can't explain it, but it just didn't sit well with me.

---

### **Sadie Shannon Goodwin says**

I loved this but where is the rest? When does it come out?

---

### **Tina says**

Really disappointed in this series of 2 books and the author.

1. The beginning of the first book was enticing enough to get me through a few chapters but I began to worry about the lack of ANY character development. There was none.
2. The Sex scenes started immediately with no foreplay. I dare say a one night stand normally has more. Foreplay.
3. The end of book one comes so abruptly that I thought it was a sample. So I continue to book two and I hoped that the shortcomings in the first book would be resolved. Sadly, no. There was one carrot of a plot but was quickly forgotten as the author skipped past foreplay again and left us with a disappointing cliffhanger.

The next book can go hang. The author should scrap this whole book and start over. The best I could say is that It could be more with some effort.

---

### **Nikki Wilde says**

So 38 pages- just a glimpse into what's up. Emery is essentially kidnapped while her father watches. She's taken to Liam's apartment where he's going to hold her for collateral. She's free to leave but she may not want to.

Right before the end of this 1st chapter Emery eludes to something traumatic that happens to her. In fact, she has nightmares that she can't cope with.

All these poor billionaire men have such a thing for spanking. I guess I just don't get it. I mean, she's obviously been through something traumatic and he just says oh well turn over?

I do not like the idea of paying for 30 some odd pages at a time so if this wasn't on KU I definitely would have skipped it. As it is I'm not sure how far I'll get.

---

### **Italian Princess says**

Wow!!! As soon as I started reading this book I knew I was in for one hot, sexy erotic read and I wasn't disappointed. Emery's Father owes a large gambling debt and she is his collateral...how horrible is that? Or is it? Everything about Liam screams raw powerful alpha male that is pure hot sex in a suit. The sexual tension

and chemistry between Liam & Emery is palpable. Whew...hot...hot...hot!!! I was so into this book that I read it in no time...I couldn't get enough. I am anxiously awaiting the next book in the series!!! I received an ARC in exchange for an honest review and originally posted this on another website on April 9, 2016.

### **Suzy Bagshaw says**

#### **HOT, HOT, SMOKEN FREAKEN HOTT!!!!**

I LOVED, LOVED, LOVED IT!!! UGGH waiting for the next book to come out to read is going to kill me!!! A MUST READ!!!!!!

---

### **Robyn says**

Somehow this story has great ratings...I have no idea how that's possible.

I felt zero interest in either character. I almost liked Emery, but the virgin who suddenly gives in didn't suit her at all.

The kidnapping was lame. She's at a fraternity party. No way there's nobody outside, and that she wasn't heard screaming. It's only midnight and around a university there are always people.

He used handcuffs and a monogrammed handkerchief.

I'm glad this story was so short - it didn't waste much of my time and now I can move on a hopefully find something better.

---

### **Teri McDonough says**

Are you kidding me??? I was so hooked I searched all over the place for the next book- you are such a tease Hannah! Please release it soon

---

### **Danielle Harris says**

#### **Holy crap!**

This is probably going to be my most favorite series from Hannah. Emery's father is in trouble due to gambling. Liam makes a deal with him to keep Emery for a week. Liam will pay his debt if she can be a good girl.

---

### **B.E.L.L.A.Mc says**

I've just given up on this book @ 55%; life's too short, and this is a bad book. For example the guy's shirt sleeves were rolled up and a tat showing, then a couple of pages further, he's rolling his sleeves up. It's in the

little details. The writings meh, and the plot done to death, lacks originality. Insta love on both sides.

---

### **Yvonne says**

I seriously don't get the mini book thing. 39 pages is ridiculous. I don't care how good the story is. 2 or 3 novels is what would keep me happy. Even 3 or 4. I may not stick around til the end of this. Too short and seems like it's months in between releases.

---

### **Melissa says**

I absolutely LOVED this book! A little shorter than what I would have liked, but loved it nonetheless. Emery has the misfortune of having a gambling father (that she barely sees) who opts to use her as collateral on a debt that he has amassed. Liam Rutherford is a wealthy man who runs his business with an iron fist. When Emery's father offers her to Liam in exchange for wiping out his debt, Liam accepts. While disgusted with her father for even making the offer, he takes one look at Emery and he knows he has to have her. So he gives her a choice: he will pay her father's debt if she agrees to stay with him for one week, following his every command.....or she can allow her father to face the consequences of his actions (which would be his death, as he cannot pay what he owes).

I fell in love with the characters....especially Emery. She is sassy as all get out and very likeable. She struggles with the fact that she's been kidnapped versus that she chose to stay to save her father. I love the two of them together. I am not a fan of shorter books (I felt books 2, 3, and 4 were a little shorter than the first)....and all books left as a cliffhanger. BUT, with that being said, I like the characters so much that I have to see how it ends. I would have preferred for the author to have split it up into 3 longer books vs. I am waiting on book 5 to come out now.

STILL...absolutely Love Liam and Emery!! :)
