## Miss Julia Meets Her Match Ann B. Ross

With devoted fans across the country, Miss Julia, that endearingly sharp-tongued southern belle of a certain age, has no shortage of admirers. But in **Miss Julia Meets Her Match**, our feisty heroine must come to terms with her most ardent admirer of all: longtime beau Sam Murdoch, who wants to tie the knot. While it's hard to resist Sam's charm, Miss Julia isn't about to give up her independence so easily. After all, there are plenty of other matters that require her attention, including a Holy Land theme park to be built on her property, a possible affair between the mayor and the preacher's secretary, and the arrival of her housekeeper Lillian's five-year-old pistol of a great-granddaughter. In the midst of all the commotion, can her cool-as-a-cucumber head help her heart make the decision of a lifetime?

## **From Reader Review Miss Julia Meets Her Match for online ebook**

### **Joelle Anthony says**

Not my favourite in the series, but a fun read. The religion and small town gossip thread got to me after a while. I lived in the South and I live in a small town, so I understand how important/detrimental it can be, but it's not a lot to build a whole book on. The previous one Miss Julia Hits the Road and number one were much more fun. Still, this did have one of the best lines ever to end the book with. Loved it!

---

### **Tara Bush says**

#### **And what a wonderful match it is!!**

For all us southern gals, raised to be gracious ladies, I'm afraid the hilarity of the tent meeting will have us all guffawing! Brilliant work Ms. Ross!!

---

### **Debbie says**

I really have been enjoying this series, but this book has several laugh out loud passages. I have to spell it out because Miss Julia would never approve of LOL.....

---

### **Dorothy Timm says**

I gave this book only two stars not because it was bad, it wasn't that bad, but it just wasn't at all what I expected. I expect someone to die in cozy mysteries, with the balance being on solving the "who-done-it" with some frivolity thrown in. Unfortunately, though, this book was entirely about small town church gossip of who had an affair with whom. Just not for me!

---

### **Laurel says**

Miss Julia books always make me laugh out loud at least once! Great to listen to!

---

### **Aaron Pittman says**

Another fantastic entry in the series! The humor in this novel is on point, and doesn't give up. I'm also glad that a plot device that's been unresolved in every novel has finally come to fruition. Can't wait for the next one!

---

### **Marilyn says**

Listened to the book while traveling. Miss Julia never lets me down!

---

### **Virma says**

If you love- " I Love Lucy" then Miss Julia Books are for you! Hilarious hi-jinks!

---

### **Becky says**

Audio rendition. Perfect narrator. Delightful, what other word could best describe a Miss Julia book? Miss Julia has a big decision to make, will she marry beau Sam or not? While she's contemplating her big decision, life in this southern town goes on. I had a few laugh out loud moments while listening.

---

### **Jessica says**

This book was suggested to me as similar to the Mitford books. However, the only similarity is that both books are set in small towns. This book highlights all the bad things about living in a small town, i.e. gossip and everyone being in everyone else's business and passing judgement on them. The first two chapters were entirely gossip about the neighbors, and that was as much as I could take. I consider this book the polar opposite of Mitford and would not recommend to anyone.

---

### **AnnieM says**

She's enjoyable and feisty. Always a worthy listen.

---

### **Linda says**

#### **No disappointment here!**

I have enjoyed reading Miss Julia's adventures since the first one I read! She never fails to be entertaining. It's fun to see what mischief she gets herself in - and she always does.

---

### **Lisa says**

How can I not give a whole bunch of stars to someone who makes me laugh so much. This was another Miss Julia book. The title character is a wealthy southern woman "of a certain age" with definite opinions about her the others in her narrow-minded small southern town. She comes across as very naive. All the characters in the series are very colorful. These books are a great comic relief and a lot of fun for me.

---

### **Mrs. Tongate says**

I hope they redo the first few Miss Julia books with Cynthia Darlow, as the reader. She's incredible and I missed her reading on this book. Enjoyed the story, but wasn't the same reading with the ears, without Cynthia Darlow. She makes it a hoot!

---

### **Dawn King says**

The adventures of Miss Julia is captured by Ann B. Ross in this popular series. While this is not high literature, I thoroughly enjoy the situations that Miss Julia finds herself in. She is like a madcap Angela Lansbury careening through her small southern town trying to please everyone while dealing with her many personal crazy friends and relations. These are hilarious and often you can't put them down. I don't know why they never made this into a comedy series.
