## **Night Train to Cherbourg: A Joszef Kiraly: Gentleman, Vampire Mystery Jennifer Quail**

Joszef Kiraly was born a lord in the Austro-Hungarian Empire, and he died one in war . . . . but in a world where vampires, shape-shifters and loup-garou move freely in the highest circles, death can be only the beginning. A hundred years later, he makes his unliving and amuses himself by solving crimes, great and small and sometimes even ones that appear out of nowhere. En route via the night train from Vienna to Cherbourg, Joszef expects nothing but a routine trip, until a young woman with a serious problem forces her way into his compartment. She's alone, she's afraid, she's being chased through the train by two men trying to catch her, and she is definitely telling a lie. With time to kill and a lovely young woman practically dropped in his lap, Joszef is on the case. If you are looking for a vampire more akin to Lord Peter Wimsey than Lord Rutheven look no further than Joszef Kiraly, Gentleman and Vampire.

## **From Reader Review Night Train to Cherbourg: A Joszef Kiraly: Gentleman, Vampire Mystery for online ebook**

### **Glen says**

I won this book in a goodreads drawing.

A vampiric gentleman detective, from the Continent, is relaxing in his train compartment when a beautiful redhead forces her way inside. She is being pursued by a vampire and a human in one of those damsel in distress deal that the 19 century loved so much.

There's the usual sorts of shenanigans that happen on trains, although nobody runs along the roof.

There's a nice twist at the end, and a good segue into the next upcoming book in the series. The author does a fairly good job of setting up the rules of her world in an easily understood fashion. My only quibbles were that the detective really didn't do a whole lot of detection. I also thought the climactic fight scene needed some work.

I still enjoyed it, and look forward to the next book.

### **Thomas Petri says**

Received free thru Goodreads Giveaway. I do not normally go big for vampire stories, but the Hungarian name of the protagonist intrigued me, me being Hungarian by birth, so I requested it. Turns out to be a good request, the story was easy reading and fun. The first thing I had to accept was the author's idea that humans and vampires peacefully co-exist under special laws to keep vampires from terrorizing the living. Well, OK, I can do that! After that it was a pleasant little mystery and fun reading, good mystery too, it kept my attention up to the end.
