Only Desire Kate Grey

Lucy Barnaby is tired of being a good girl . . . especially when her sexy housemate Keenan needles her about her lack of a sex life. When he flaunts his own partying ways once too often, Lucy decides to take action. She auditions at a Waikiki strip club and is shocked when she has the time of her life.

Keenan Diaz is crazy in love with Lucy, but he'll never tell her. Even if she shared his feelings—and she's made it pretty clear that she doesn't—Lucy wasn't born and bred in Hawaii like him. She belongs on the mainland, and once she gets her graduate degree he's sure she'll go back.

Then one night he finds out she's working at a strip club in Waikiki. When he sees her on stage, he knows he can't control his lust for her any longer.

Lucy wants Keenan as much as he wants her. But can they give into their passion without giving away their hearts?

Only Desire is a steamy New Adult romance novella of 20,000 words.

Karen says

Corto pero entretenido :)

Charity says

This is a quick but good read. At about 100 pages I devoured this in one sitting, I just wish it was a little longer.

The set-up was good. The characters, both wanted each other, but not letting the other one know. I liked Lucy and her "sheltered" learning environment taking a stand and being bold. Keenan comes off as the all american male, with an alpha bedroom personality that I really wanted to experience more of.

Talltree says

H is supposedly in love with h but he is a jerk to her - while going through dozens of girls in bed. Whatever, he can keep his 'love'.

Gisele says

Leyendo la sinopsis esperaba algo quizás un poco diferente, pero me gusto que no haya sido nada de lo que imaginaba. Es muy cortito, con un final quizás no tan cerrado como me gustaría, y todo se resuelve en, literalmente, la segunda mitad del último capítulo; pero en su totalidad no me parece un mal libro. Estuvo bastante bien :)

????L? says

Estubo corto solo me
callo mal que si y que no jajaja nadamas era una roleta con estos chicos

Adriana says

I liked

La historia me gusto pero tenia las expectativas mas altas. Me sigue gustando mas el primer libro que lei de esta autora.

Ana D. Parra says

Muy bueno.

Jenny Dauksa Schaber says

This was a GREAT short read. Lucy and Keenan are housemates and Keenan fell in love pretty much at first sight. Lucy's attracted to him, but neither of them ever discuss their feelings. They get along great as friends and enjoy each others company. While he discusses his sexual exploits, he teases her for her lack of - but it's all good natured. As Lucy finds and embraces her sexuality, Keenan's jealousy begins to boil.

I love the way that Lucy takes the initiative in her own life as well as with Keenan. I really enjoyed the two of them together. The way the story unfolds pulled at my emotions. My chest even tightened and released in a few moments of anxiousness. I'm so happy that I read this, and I would recommend this to all my book reading friends.

I received a copy of this book in exchange for an honest review.

Jennifer Lessard says

I agreed to read and review this book for a free copy. The story line was very nice and the characters were very easy to relate to. It was one of those, "I love her/him and she/he doesn't know because I haven't said anything," stories. I enjoyed this book because it was a nice short story but not too short. It was just over 100 pages or so. Long enough and well-written enough to make it a good story. I was able to connect with the H and h both along with all of the secondary characters in the story and to get a nice grasp on the entire story line. It is a perfect book to read if you are trying to put off starting another book for a day or to read before you go to bed at night, depending on how fast you read. Also great for if you want to "cleanse your pallet" if you are making a switch in genre's like from a Dark Romance to a typical HEA. It was a nicely written and overall good short story. Well worth reading!

C says

Kate Grey writes a short story about two characters, Lucy and Keenan, who are roommates that actually have feelings for each other but neither knows. This short story (quick read) is mostly about the two main characters trying to get the courage to tell one another the truth about their feelings, justifying to themselves

why they are avoiding each other.

When the two characters do finally talk about how they feel about each other the reaction is surprising. What Keenan does is not what I expected, but if the two characters would just talk...to each other about their feelings, they could have been happier sooner. Hence the struggle in the story.

This is a good short story. It reads quickly. The story does end sort of abruptly, I wish there was a little more to the story before the book ended. I enjoyed this author and would read another of her books.

Dianne says

Adorable short story! I do wish it was longer...but then again I usually wish that with most books.

Jessica Lowe says

I was given a free copy of this book in exchange for an honest review.

This book was a quick easy read. The story was good but could have used a little more to it. It felt like it wasn't complete to me. I cannot really place what was missing though.

I did like the sweet feel good ending of the book. I enjoyed the book.

Maggg says

Ya podría haber sido más larga la historia y no tan solo 100 páginas boh...

Maartaarroyo says

¿Por qué leo estas cosas?
