Cocky. Player. Ready to score.

Theo Montgomery is Carlton University's most promising student athlete – and it's biggest player. Confident, charming, and handsome as sin, there isn't a single girl on campus who is immune to this quarterback. Except Allie.

?

Smart. Sassy. Not interested.

Allie Perez can't stand jocks. Especially the spoiled, cocky, womanizing types like Theo. She could have gone her entire college career without ever seeing his smarmy smile again. Except...they've been paired together for a major class project.

?

The solution seems simple: set their differences aside for the sake of their grades. Until one bet changes everything.

?

She thinks he's the last guy she should fall for. He's determined to change her mind. What happens when the one person you hate becomes the one person you can't live without?

An enemies to lovers romance filled with heat, snark, and a dash of football.

Really enjoyed it! The heroine has a brief annoying phase where she'd literally run away from the hero... ah YA, but otherwise I couldn't put it down. I especially loved that the story doesn't stop suddenly as soon as they get together. We get to see them as a couple navigating life etc. No cheating and a sweet HEA. Perfect!

I loved this book. So much banter-y fun and crazy chemistry vibes, so well done. I've been hearing about this book from a fave author so I had to check it out. Turns out she's right it was really enjoyable and a fun NA read. I was vastly entertained. It had the right feels too. Football quarterback cocky arrogant and a sassy girl his total opposite. The playful banter and bickering to realizing they didn't really know each other. Despite being in the same prep school.

It grew rather organically and easily from jokes and teasing to more. I like how Allie did not succumb to Theo's charms right away. After all he is a known player and proud of it, his whole reputation back fires when he finally wants her to like him. The author showed that well the change in Theo and he sort of grew up. Very modern day Pride & Prejudice sorta with a football player and smart sassy med student.

A reason I'm so amused with this is the the banter. So much fun. Riling and joking, innuendo and all the good stuff. I like. I'm a fan Natalie Rios.

Me encantó el libro! Es super cliché, pero las referencias a Harry Potter y Theo son geniales <3

Hace mucho tiempo que no me divertía tanto leyendo un libro como este, me gustó la química entre los personajes sus pláticas y sobre todo su shipeo a Dramaione, cualquiera con ese shipeo puede ser mi amigo. Solo le puse cuatro estrellas por qué hubo momentos donde Theo era tan perfecto que me hacía rodar los ojos y me recordaba por qué llegue a tener expectativas tan poco realistas de los hombres en mi adolescencia. ?

3,5. Me ha parecido muy entretenido. Tengo debilidad por los libros de deportistas y por esos en los que los protagonistas empiezan odiándose y esta historia conjuga las dos. Me ha gustado mucho cómo se desarrolla la relación entre Allie y Theo, sus tiras y aflojas verbales y hasta las series que miran juntos -esa referencia a Outlander me ha ganado-, así como lo bien que refleja los problemas que conlleva la fama y a los que se enfrentan hoy en día tanto los atletas famosos como sus parejas.

#campañaromantica: el protagonista es deportista

Theo and Allie are seriously the BEST! Theo's need to infuriate Allie and her need to be sassy make them so damn cute! They each misunderstood one another and when they finally gave in to friendship they found out that what each needed was the love the other had to give!

Such a funny, romantic and sexy read!

Deportista Engreído? Chica nerd? Odio a primera vista? Todo lo que me gusta, qué puedo decir. Le quito puntos porque lo sentí un poco lento al principio y porque el drama se veía venir de lejos.
Adoré las discusiones entre Allie y Theo.

Full of hilarious banter, amazing sassy heroine and a cocky but sweetie hero Quarterback....Ms Rios is definitely on my list from now on

Ally and Theo.

A plot of college quarterback and nerdy girl.
It's been done. I've read many but this is well done.

Theo and Ally make very fun adversaries. I enjoyed how their banter played out.

When Ally ended up having trouble with Theo, I really enjoyed the author working through Ally's thought process to the layers of the problem (cause she believed him) and then used communication to solve

problem.

Book boyfriend nominee for 2017, Theo!!

Overall Opinion: This was better than I thought it'd be, and was just what I was in the mood for. I was looking for a light, sexy, college athlete and dorky girl story. I really enjoyed their banter! Did it get deep and meaningful? No. Is it going to be one that goes on my favorites shelf and will be memorable in the long run? No. BUT I did enjoy myself reading it.

Brief Summary of the Storyline: This is Allie and Theo's story. They've known each other for years, but always butted heads. Even though they have not been around each other for the past few years, they are suddenly paired up for a semester in a class. They end up forming a friendship of sorts after making a bet with each other, and stronger feelings start to develop the more they spend time together. There are some outside influences that cause some troubles for them, some hot sexy times...and they get a HFN ending.

POV: This alternated between Allie and Theo's POV.

Overall Pace of Story: Good. I never skimmed, and I thought it flowed well.

Instalove: No, they take a while to develop stronger feelings (and they've known each other for years prior to the story).

H rating: 4 stars. Theo. I liked him. I really appreciated how he came to care for the h.

h rating: 4 stars. Allie. I liked her. She was hard working, level-headed, witty, and she didn't let the H get away with stuff.

Sadness level: Low, no tissues needed

Push/Pull: Yes (view spoiler)

Heat level: Hot. They have some hot tension, chemistry, and scenes -- but not so much it takes away from the story.

Descriptive sex: Yes

OW/OM drama: Yes (view spoiler)

Sex scene with OW or OM: No (view spoiler)

Cheating: No (view spoiler)

Separation: Yes (view spoiler)

Possible Triggers: Yes (view spoiler)

Closure: This had alright closure with what I would call a HFN ending. Other readers might be fine in calling this a HEA (view spoiler).

Safety: This one is probably either Safe with exception or Not safe for most safety gang readers depending on personal preferences.

I'm in love with this book! I was smiling like a fool the entire time I was reading it. It's a typical NA sports romance, so don't expect anything life-changing, but if you're looking for something hilarious, cute, sweet AND smutty, this is perfect. Oh, and it's filled with Harry Potter references, if like me, that's your cup of tea. I don't understand why this book is not super popular on here! Oh! And it's on KU! Just go read it already!

Nice read. It was quite entertaing and very light. I didn't connect too much with the characters though and sometimes I lost interest in the story. But all in all was a cute read, I liked it.

I really enjoyed this book. It has everything I love in these kinds of books. I found it in some Facebook group where it said it was similar to The Deal by Elle Kennedy. Say no more, The Deal is one of my favorite books (I reread this series multiple times) so I immediately started reading it.

But, there is a big BUT....

I found it too similar to Elle Kennedys books, not just the plot, situations, and characters, but the same sentences as in her books. That's the thing I really didn't like. I feel like this was inspired by first three books in Off Campus series a little bit too much.

I would give it a 5 star review if it was a little bit more original.

Courtney says

3.5- I loved Theo and Allie. They were both hilarious and their friendship was so adorable. I loved the transition into friends then a relationship. Everything flowed perfectly. I've never read anything from this author so I'm curious to see if there will be any other books about the secondary characters. Its rare that I love a book and can't wait to see if there are other books. It's usually I love the MCs and could care less about the others or I love the secondary characters more than the main characters. Anyway, I would definitely recommend.
