## Secrets and Lies the Complete Trilogy Joanne Clancy

Secrets and Lies, The Complete Trilogy comprises all three books in the trilogy; Secrets and Lies, Aftermath and Redemption.

### Synopsis:

Kerry Darcy has loved Conor, her childhood sweetheart, for more than twenty years. They've built their dream home together, raised a happy family and are still madly in love. Hope Kennedy seems to have it all; a fabulous job, a luxurious apartment and best of all she's married to her soulmate, Niall. Two very different women, two perfect husbands; but what happens when their lives horribly collide? The terrible force of chaos ensues; a force that takes its fateful hold on time and place. It ruptures the present, warps the future, replacing order with confusion, confidence with trepidation and control with powerlessness. Lives are ended for some, changed forever for others and a most significant chain of events is about to unfold with catastrophic results.

### Reviews:

Secrets & Lies was a wonderful story. It kept building momentum as the stories of Kerry's and Hope's lives unfolded. The author described the characters in vivid detail and you felt as though you knew them by the end of the novel. There are also hints as to their lives possibly intersecting in the following sequels which promises to be very interesting considering the cliffhanger of an ending! I feel compelled to read Aftermath to see exactly what lies ahead for these characters... ~ Michele H

Without giving anything away, I understand why there are pending books in this trilogy to follow. I sat down this Sunday afternoon, and was immediately glued to this book. I couldn't wait to find out what was going to happen. A very enjoyable read...from one Irish lady to another. Thanks Joanne! ~ Coccotero

Not my type of book therefore stopped reading it. I do not enjoy descriptive sex scenes. It's a shame as it seemed like a good book otherwise

## **Matt Sweeney says**

The author is an admitted plagiarist. Google Eilis O'Hanlon Joanne Clancy and read the article.

## **Hildegart says**

I can understand why some people give this story a much higher rating than I did. The writing was good, just not quite for me. And for whatever reason, I was not happy going back and forth between Kerry and Hope. I did like the younger daughter and her little rebellious streak. :-)

## **Julie says**

Riveting and compelling story of two women caught in the tangled web of an older woman's lies.

I was recently fortunate enough to receive a complimentary copy of Redemption as part of the Secrets and Lies Trilogy. Having read the first two books, I was excited to have the opportunity to read the third book in the series. Joanne Clancy succeeded in surprising me with a new twist to the story. I enjoyed the expansion of the characters making the story very 'real'. Personally, I hope Ms. Clancy will write a 4th book in the "Trilogy". I like the characters and storyline enough that it would be nice to continue on with the progression of their lives.

### **Twists and turns that you will not see coming .**

As I the books I thought I had it figured out at the beginning of the second even before the author let us know...but with the twist she gives at the end I never ever gave a thought too. Props to Clancy for making you want to keep reading till the book was done. All three books in one day!!!!

**Deep Secrets**

I found these three stories to be very heartwarming, but also intriguing. I thought the love between Kerry and Conor to be so different from the love and life that Hope and Niall shared. They had to be two different persons. I thoroughly enjoyed reading these three books and look forward to reading more of your work.
