Star Wars: Clone Wars Adventures, Volume 6 W. Haden Blackman , Matt Fillbach , Shawn Fillbach , Ronda Pattison , Mike Kennedy , Stewart McKenney , Rick Lacy , Dan Jackson , more... Michael David Thomas , Joshua Elliott ...less

Four more thrilling tales of planets in peril and Jedi in jeopardy! The Clone Wars grind through the galaxy, shaking every system to its core and testing loyalties on both sides of the conflict. The last days of the Jedi are at hand, but if their Order is to fall, they're going down swinging! Presenting another round of lightning-paced, action-packed, all-ages *Star Wars* goodness, all told in the same stripped-down stylization as Cartoon Network's micro-series.

- The *Clone Wars Adventures* series are a top seller, and very kid-friendly, perfect for younger readers.

From Reader Review Star Wars: Clone Wars Adventures, Volume 6 for online ebook

Marcela Varas says

Grate

recomended for evryone a very nice book that you nit to read if you like star wars is like the same

The Third Place A Teen Library says

SW cwa v.6

Jaime K says

This was a good compilation of stories portraying different aspects of war.

It Takes a Thief: Saesee takes down gang members working for the Separists and meets Na-Jia, a very interesting thief who keeps helping Saesee. She made me smile. At one point though he gives her 600 credits and she said that it was worth 20 lightsabers. That seems like a small amount of money!

The Drop: H.O.P.E. squad goes on a mission to save Jedi Treetower (who I've never heard of before). One trooper gets fancy ridiculous, which I didn't enjoy much.

To the Vanishing Point: Ki shows care, understanding and empathy towards others. Sometimes though, they can cause some great emotional pain.

Means & Ends: Kit and Plo go to stop a prison riot. Kit hopes to not kill anyone while Plo is disgusted by the criminals. The two don't collaborate well, but agree when it counts.

Jared says

Star Wars Legends Project #163

Background: *Clone Wars Adventures, Volume 6* was released in August of 2006. It consists of four stories in the style of Cartoon Network's animated *Clone Wars* series: *It Takes a Thief*, *The Drop*, *To the Vanishing Point*, and *Means and Ends*. The first, and third were both written and drawn by the Fillbach Brothers. The second was written by Mike Kennedy with art by Stewart McKenny, and the fourth was written by Haden Blackman W. and drawn by Rick Lacy.

It Takes a Thief stars Saesee Tiin. *The Drop* centers around a squad of clone commandos and a one-off Jedi

Master character. *To the Vanishing Point* features Ki-Adi-Mundi. *Means and Ends* is about Plo Koon and Kit Fisto. The first 3 stories are set near the end of the Clone Wars, 19 years before the Battle of Yavin. The last one is dated a bit earlier due to the appearance of a by-this-point-deceased villain.

Summary: In *It Takes a Thief*, Master Saesee Tiin finds himself reliant on a young pickpocket in order to survive a Separatist ambush.

In *The Drop*, a squad of clone commandos deploys to rescue a Jedi Master on a vital mission.

In *To the Vanishing Point*, Ki-Adi-Mundi recalls the bravery of his fellow Jedi as he meditates in his tent before his final battle.

In *Means and Ends* Kit Fisto and Plo Koon must find a way to work together despite deep philosophical differences as they fight to escape a prison in the midst of a riot.

Review: You can read my review of *Star Wars: Clone Wars Adventures*, Vol. 1 for some general thoughts that apply to the series as a whole.

All of these stories range from forgettably mediocre to just plain terrible. I'm not sure I can come up with a single thing to recommend any of them. Every story features second-tier characters in fairly forgettable ways. Ki-Adi-Mundi's story is an extended flashback that isn't even really about him, and doesn't lean into the obvious foreshadowing it ought to be deploying if it wants any kind of weight. *The Drop*, though clone-centric stories are usually my favorites, is particularly corny . . . the squad is called "H.O.P.E." (for High Orbit Precision Entry) and Master Treetower the Ugnaught is pretty lame. *Means and Ends* is halfway decent, except that it features my least-favorite Clone Wars bad guy. This one is especially skippable, even by *Clone Wars Adventures* standards.

D-

Angela says

Suitable for children aged 8+ and those who have seen the cartoons.

Four stories in this volume. Saesee teams up with a thief to complete a mission. Jedi Treetower is in trouble and the hope squad of troopers is sent to rescue him. A new jedi knight is sent into battle and she is afraid. A bitter sweet story this one, but with a nice philosophical bent. Fisto is sent to quell a prison riot. Another fun read. A good read.

Jesse says

I enjoyed the camaraderie between Na-Jia and Saesee in the first story, but especially Rivi-Anu's bravery and self-sacrifice in the last story.

Travis says

Great series.

I enjoy when they focus on the lesser known jedi and give them an adventure.

Marco says

It was a good book.
