Another thrilling ride along with Big and Bink and there fiery relationship.

I love the arguments between these two because you just know your going to get some great make up sex after.

Big had me worried a few times heart in the mouth moments thinking how could he do that to Bink?

Although a complete asshole at times Big finally redeems himself and we see a slightly different side to him but you can't help but still love him.

Bink and Big finally reveal there true feelings and you can almost feel the peace.

Love all the characters especially Gunz, and Deke who I really hope finds some loving soon and Jez love how she stands up to Big.

Can't wait for Big's Story coming next.

An Arc received in exchange for an honest review.

#### **4.5 Stars!!**

Let me start be saying that I am obsessed with all 3 of these books by Bink Cummings. I literally read first two in the same day! I knew nothing about this author or her series and then I told all everyone I knew to read these book!

Book 3 delivers some bombshells and some amazingly HOT scenes. There is also some suspense here. These books are written in a very unique style that kept me turning the pages until the very end. I cannot wait for the next book from this author, which will be told from Big's perspective! There is a teaser of this at the end of Book 3.

OMG, I adored Bink and loved all her friends, who, by the way, I really want to be one of!! It's great to have an MC story that is based on real life, told from a "biker chick's" perspective. The sex is as HOT as her man "Big"!!! Hello!! This third book explores the unusual relationship between Bink and her man. These two are incredibly stubborn but I absolutely loved their banter and their story! If you are looking for something different to read, I highly recommend this series for a fantastic, very quick, really hot, and entertaining read!!! Run, don't walk, to grab these books!!

Vol. 3 starts off right where Vol. 2 ended, Bink learning about the added mystery surrounding her mom, her man (Big Dick...I love his name!!), and her dad. **BTW**...Vol. 2's ending was the best cliff-hanger I've read in a while, I seriously wanted to jump through the pages and pimp slap that chick.

If you've read Vol. 2 (which I hope you have because you definitely need to before you read this lovely gem) and you're wondering if the conflict between Mama-Do-Wrong, and Bink gets resolved in Vol. 3 I would like to ease your mind and tell you **YES** this situation gets dealt with like a **BOSS!** Mama-Do-Wrong seriously didn't know what hit her.

One of the main conflicts I've had with this series since Vol. 2 is the usage of the amount of sex scenes. Some of the scenes I read in Vol. 3 were things I could've done without reading and knowing about. To be completely honest I could've gone without the sex scenes in this installment of the MC Chronicles because everything else that was going on kept my attention. I actually found myself skipping the sex scenes.

The writing was superb, you can never say that Bink doesn't know how to tell a story that will pull you in and not release you until the last page. She makes it seem like you're there with her in every sense it's uncanny how she does it. This book is more than a MC romance read, Vol. 3 and the previous books are about a woman who I felt was set up to fail since she was a small child by someone who was to love and cherish her (read Vol. 1), to becoming someone who that took what life gave her and made it absolutely beautiful. You can't put a genre or category on that. I am a huge advocate of heroines who live their truth in the face of those who would demean and abuse it. **GIRL POWER!**

I'll end with this...

Deke is officially on my poop list. Word to the wise that's a hard feat, but Deke did almost effortlessly. He better get his head on right before he ends up in that shed (not for the same reason that Big had either), and it might not be Gunz who's doing the honors but Big-Man-On-Compound-Himself. Better get your mind right Dekey-poo.

If you've seen all of my updates then you already know what I think of this story, notice I didn't give anything away. First off I loved Vol 3, thought it ranked right up there with the first novel. Yes I'll admit wasn't all that crazy about the second but glad I stuck with the series. Bink Cummings did an amazing job with this sequel and reminded me why I fell so hard for the characters. Crazy at times but completely loveable. I have this love hate thing going on with Big Dick, he's exasperating in every sense of the word. I can't decide if his legs should be strapped down on the exhaust pipes of Onxy while Binks goes on a joy ride or a handful of scorpions stinging the shit out of the other big dick would make up for a fraction of the shit he did. Not that she would, damn that was freaking wake up call. For the life of me couldn't understand why he would do half the things he chose. That bad ass biker chick is a hell of a lot more forgiving then I would ever be. Sure he was remorseful but still he never answered the question to why. Big was a manipulating, controlling, spiteful, arrogant cunt who didn't deserve his old lady, because when you really love someone, you don't set out to hurt them in the manner he did. There are limits when it comes to love and war, you don't seek to destroy trust, he eviscerated hers. Loved seeing the softer side of Binks even tho at times thought she was losing her bitchy side. But that's balance, I'm sure she'll figure it out in the next installment, which I'm tickled as punch. Yes I'll be reading that one too. Plenty of action, restless bikers being overall stupid and more drama than the Kardashians. Need I say more?

This series just gets better and better.

As with the previous two books this was an addictive read and I do mean addictive once I'd started I just couldn't put it down, there's just something about this series.

Bink and Big are together, Bink is pregnant with Harley and as you'd expect they have a very volatile relationship full of arguments and hot sex, the perfect relationship for them.

I think this is my favourite so far although it has some strong competition, in this book we learn more about younger Big, back when he was just Richard, more about Bink's mother and father, her early life and why her mother hates her.

There were times in this book when I hated Big and yet times when I loved him, he's a complicated character and this book is a very emotional read.

I love MC books and I have to say it's not often you come across a female like Bink, she's feisty, loyal and a true biker babe, she makes no excuses for who she is, she has a huge heart and makes mistakes just like we all do.

I love this series and can't wait for the next one.

Review to follow

I have had this series of books on my to read list for a long time and now that I have read them, I'm surprised at myself for waiting so long. Of course this is not all about MC, it is so much more. Bink had grown up in the MC world and as she becomes of age she feels that it's not the world for her. Yet, as the stories continue she comes to realize that this is her family, good or bad and they will always have her back. She has a crazy love, hate relationship with 'Big Dick' the MC's president. He has pretty much raised her from a baby and when she comes of age he realizes is he has always been in love with her. Being a man whore that he is, Bink has a difficult time giving him trust and her love. That is the plot for the series, them trying to come to together. Twists and turns along the way, it made for a interesting read.

The beginning of this book was great! It was consistent with the previous books storyline. But then, towards the end I got a bit lost. Everything just went from deliciously melodramatic to absurdly ridiculous!

It was the equivalent of 'jumping the shark' (bonus points for knowing the reference!). Binks' stubbornness and pride really got to me in this book. I just couldn't understand why she wouldn't admit her feelings to Big. It was childish really, holding them over his head like some kind of emotional blackmail. I kept thinking 'they are gonna fuck this baby up when it arrives' cause they don't know how to be reasonable with each other. And I know it's an MC book and its wildly unbelievable. I get that, I can suspend my belief for the enjoyment of a book. But the ending was even too much for that I think.

I had to just laugh at their over the top antics. It took me right out of the story honestly. And while I still enjoyed it, I'm not really looking forward to the next one if I'm being honest. This series has hit the end of the road for me. I will finish it though, because the last book is a novella and I can power through it. I need to read the last one for my reading challenge.

I still think there were some loose ends that needed to be addressed. Like what happened to her mom? That's a big loose end to just leave hanging like that. Maybe the novella will give me some closure.

5 "Epic MC Love" Stars! There is something just so completely irresistible about the Diary of Bink Cummings. No matter what mood I'm in, I always find myself drawn in, mesmerized and absolutely floored by this story. Without a doubt this series will go down as one of my top favorite MC romances of all time!

Like Books 1 & 2, Book 3 delivers some earth shattering revelations, panty melting, ridiculously hot scenes and even a good dose of suspense to keep you anxiously awaiting the next page! I can't wait to read more of Bink Cumming's unique blend of MC romance. Next up, scheduled for later this year, is the story from Big's perspective. You even get to read a teaser of this next volume at the end of a Book 3. I don't usually read alternative POV stories, but if Bink is writing more of this incredible story, then I am definitely reading it!

Full review coming to BJ's Reviews, along with an exclusive interview with Bink, this Friday, May 22nd.

**\*\*\* JUST LOVE THIS SERIES \*\*\***

Well,it's no secret that I just LOVE MC BOOKS,I have read loads of different Author's and have a few

favourites but **I think Bink Cummings is my favourite to date !!**

I love everything about them...the characters,the writing,the gritty way the MC life is depicted.  
And oh my **BINK**...yes I'm totally fangirling over her..she's the Total Biker Babe..badass,feisty,doesn't take shit from anyone but underneath has an amazing loyalty to the Club and her Sisters and of course **BIG**..

I'm not joking this man takes SEXY and ALPHA to a whole new level..

In this book Big makes HUGE mistakes but I've got to say if he was apologizing to me the way he does I think I'd be a puddle on the floor.  
Can't go into detail without spoiling the story but there are a few twists and turns and we find out more about Bink's mother and her story in this one....

I just **LOVE** BIG and BINK as a couple, they argue and fight but ultimately are so right for each other,the sex is HOT but,my God,Big has such a sweet side...

JUST A BRILLIANT MC SERIES....IF THIS YOUR THING I CANNOT RECOMMEND HIGHLY ENOUGH!!
