### **Jessica Gomez says**

I wish I didn't read this one.

---

### **Amy Miller says**

This story was most definitely interesting and never a dull moment. Not usually my cup of tea since I couldn't share but still ok

---

### **Julie Ruiz says**

umm ok this was so different from what I normally read but I loved it because of that! I do wonder if this a series or what?

---

### **Amber says**

This book was really interesting to read but personally I'm the kind of woman who is really not into sharing but this was still a fun read

---

### **Stacey McKinley-kitto says**

not my cup of tea...I am a Jordan Silver fan so I read it..was well written could of asked for a better ending but oh well...the schmexy parts were good other then that...I am a one man women I can admit I get jealous way to much so no sharing for me....I want my dominant alpha all to my self

#### **This was...**

Not my kind of story. Don't mind a possessive, strong Alpha, but this guy was just stomach turning. The way people live their lives is their choice.

---

### **Raine says**

This one was just ok. Not one of her better books.

---

### **Jeannette says**

#### **Good book**

Good book to read from a great author. I really liked the characters and their story line. I only wish it was longer to read.

---

### **Maddison Hoy says**

What kind of ending is that?

---

### **Nikky says**

#### **It's ok**

It was an ok book compared to the other books by Jordan silver. It's a nice quick read story. Wouldn't buy it.

### **AMC says**

#### **Quite an unusual story**

Did not expect the way this storyline went and was pleasantly surprised by it. It has the hot and steamy factor but is not only about that. The story looks at an unconventional family consisting of a husband, three wives and six children in a entertaining way. At times it's funny and the whole family arrangement very interesting and rather refreshing. There are genuine feelings between all four of them although this family situation is definitely in the realm of imagination. I'm sure male readers will thoroughly enjoy it! It's not my cup of tea though.

It was overall enjoyable read which I think would be even more interesting story if it was developed into full length book.
