## Angel at Troublesome Creek Mignon F. Ballard

When Mary George Murphy finds that her Aunt Caroline fell down a flight of stairs to her death, she's heartbroken. To make matters worse, Mary is sure that Caroline's death was no accident.

Enter Augusta Goodnight, Mary's guardian angel. Normally assigned to Heaven's strawberry fields, Augusta died during WWII -- which explains her old-fashioned glamour and love of swing. She appears in Troublesome Creek just in the nick of time-helping Mary unearth an old mystery and the truth about Caroline's death.

## **Susan says**

When Aunt Caroline, Mary George's adopted mother, dies, Mary George knows it's no accident. Caroline had promised her she would not try to go to the attic alone. Her boyfriend has betrayed her, her boss has fired her, and Mary George is at the end of her rope--literally. That's when Augusta Goodnight appears, claiming to be Mary George's guardian angel. Interesting things start to happen in Mary George's life, but despite Augusta's intermittent visits, Mary George is not sure who she can trust.

---

## **Lori Henrich says**

Augusta is a guardian angel. She is sent to help Mary George who was trying to kill herself at the time of her first meeting. Mary George has been through some difficult things. First of all she had recently lost her job, her fiancé broke up with her and if that wasn't enough her Aunt Caroline was found dead in her home. Aunt Caroline and Uncle Henry took Mary in and treated her like their own when she was a little girl. Mary George wasn't sure that her Aunt's death was an accident. Augusta tells her that if she isn't sure a little investigating is in order.

I liked this first book in the series and would like to try another one in order to determine whether or not I will continue with the others in the series.

---

## **Gail says**

Mary George Murphy is not very good at committing suicide. She tried poison and it tasted bad, she didn't have enough gas in her tank, and the rope was frayed. When she fell through the banister when the rope broke, she hears a voice and meets Augusta Goodnight, her standin guardian angel.

With Augusta's help (or was she even really there), Mary George unravels the mystery of her aunt's sudden death, finds a family, finds love, and gets her life back on track.

Charming and quirky book helps pass the time while waiting.....It's a little better than "meh" and enough to read more about Augusta. Mary George I could take or leave.....

## **Amy says**

What a cute little story! I can't wait to keep reading the series!!

---

## **Jeanette says**

I enjoyed reading this book. I liked the characters and story. I will read more of this author.

---

### **Bonnie McHenry says**

For a book about a guardian angel who helps to solve murders, the guardian angels appearance was minimal. Very disappointing and not a great mystery. The writer seemed to flip flop plots throughout the book. The main character was likable but I thought there would be more about the guardian angel. Very cute idea if the angel would have been more developed and part of the story. Haven't decided on whether or not I will read the 2nd in the series.

---

### **Ruth Feathers says**

Cute.

---

### **Otter Peck says**

**Starts out slow, gets better.**

Better than three stars, but not five. I will probably not read any more in the series. Story and writing inconsistent.

---

### **Jani says**

This was a cute book. A "cozy" book is the term I have heard that would fit. I got two more of the books of the series that I will read in the next few weeks. I hope they are as cute. They are perfect books for when you are in the mood to read but not "think" too much.. with a cup of cocoa and a roaring fire..

---

### **Stephanie says**

This is not a thriller or a can't put it down kind of book. I enjoyed it because it was cute in regards to the angel without being religious. The Angel was from another period in time, so that added interest to the story. Also it was a 'cozy' murder mystery, but had other mysteries in it as well.

Best wishes for good reads!!

---

## **Grace says**

Trying a new author. Set in the present with a guardian angel from the 40s. One thing I thought was interesting was the guardian angel was typically in charge of the strawberry fields in Heaven. She said they had strawberry fields and angels who took care of puppies and the such because of all the people who say "it wouldn't be Heaven if there wasn't chocolate or (fill in the blank)." interesting thought. As far as the rest of the book, it was pleasant.

---

## **Jessica says**

An quick and easy summer read. I like someone else's description of the book as "cozy." I didn't really care for the main character Mary George Murphy, but I liked the character Augusta Goodnight so I'll likely check out the next book in the series before I make a decision whether or not to carry on with it.

Also, it reminded me of "The Sugar Queen" by Sarah Addison Allen. Very similar story elements - food, magic, mystery, etc.

---

## **\* Jennifer says**

A book I re-read periodically that has never lost its charm. Great characters, and a solid mystery - there's just very little I disliked in this slim but fast-paced mystery.

## **Meggie Mccauley says**

funny

---

## **Ro says**

Augusta helps out orphan Mary George Murphy. She's not there as much as she was in the previous book, so solutions are mostly up to Mary George. Liked this book.
