Brave Squish Rabbit Katherine Battersby

Who's afraid of the dark?

Not Squish!

Squish Rabbit is a very small rabbit, and he's afraid of lots of things. Like storms. And chickens (you would be too, if you were small!). And the dark. Especially the dark. But when he goes to meet his good friend Twitch the squirrel one evening, he can't find her. She's missing! And it's getting dark! Squish knows he must be brave to find her, but it takes all of his courage . . . to discover that the dark can be magical, especially when filled with stars.

With playful text and adorable illustrations, *Brave Squish Rabbit* will encourage young readers to face their fears.

Cindy says

Squish is a little rabbit that is scared of many things. He is afraid of storms, Chickens, and most of all the dark. When Squishes friend Twitch disappears he must face his fears to find his friend. I love how Squish let his concern for his friend out weigh his fears. This is a cute story that show that sometimes the things we are afraid of really are not all that scary. This would be a fun read aloud for k-2 students.

Courtney Lau says

very cute book about a small rabbit who was afraid of the dark, chickens, and storms. He finds a way to brave these fears to find his friend. Good book to use when talking about fears or friendship

Ashley says

Squish is a little bunny with lots of fears (think the bunny version of Scaredy Squirrel) but has to overcome them when his best friend is nowhere to be found. With little tidbits of humor kids will like to point out - an acorn hat, firefly lantern - this story is enjoyable and has a lovely take away about fears and friendship.

Meredith says

The rabbit doesn't get squished; his name is Squish. Squish is a little rabbit whose small size leads to some big fears, which he, of course, conquers in this book. This is a very gentle story to which children, particularly those who are afraid of the dark and thunderstorms, can relate.

The illustrations are sweet, simple, and super cute. The artwork is reminiscent of comic books and video games and includes textured collage.

Mary says

I think it's possible I like this one more than the first. Squish Rabbit is a small rabbit, and afraid of many things, but when his friend goes missing, Squish decides to be brave and find him.

Sandy Brehl says

"Being little can lead to BIG fears"- truer words than this are hard to find in a picture book. Identifiable fears are portrayed in slightly comic and simple images. Squish overcomes his fears to search for his missing

friend and discovers himself. A simpler, gentler version of "Scaredy Squirrel".

Becky Loader says

Blah, blah, bland. Very tame story, very bland illustrations. Disappointing.

Christine Turner says

Who's afraid of the dark? Not Squish! Squish Rabbit is a very small rabbit, and he's afraid of lots of things. Like storms. And chickens (you would be too, if you were small!). And the dark. Especially the dark. But when he goes to meet his good friend Twitch the squirrel one evening, he can't find her. She's missing! And it's getting dark! Squish knows he must be brave to find her, but it takes all of his courage . . . to discover that the dark can be magical, especially when filled with stars. With playful text and adorable illustrations, *Brave Squish Rabbit* will encourage young readers to face their fears.

Rabbits -- Juvenile fiction

Fear of the dark -- Juvenile fiction.

Courage -- Juvenile fiction

Friendship -- Juvenile fiction

Garrett says

There are a lot of kids books about being scared. Children must be really scared of everything. Dummies.

Olivia Slykhuis says

I like this one a little more than the first, but the story is so minimal that it doesn't really work for me. Squish goes searching for his friend Twitch, facing his fears along the way, and eventually finds Twitch. Again, super cute illustrations, but the story doesn't work for me.

Robin says

Twitch helps Squish get over his fear of the dark. The minimalist illustrations are not short on expressiveness, and the subtle textures bring them to life.

Roben says

Sometimes it is hard to be brave. But when you think a friend is in trouble, it becomes a little bit easier.

Dolly says

This is a short, simple tale about a rabbit who is afraid of the dark. The narrative is entertaining and would be good for both a read-aloud with a group or bedtime storytime. The illustrations are quite humorous and help to show that the dark isn't too scary after all. It's a nice sequel to Squish Rabbit, also by Katherine Battersby.

I would recommend this book for parents reading with children who are toddlers through kindergarteners or anyone who isn't ready for Scaredy Squirrel yet.

Melissa says

A patron told me about this book. I guess it just wasn't my thing.

Lesley says

well cute but we (our family) likes rabbits! but as for story- uhm ok!
