## **Cole's Saga** A.J. Newman

Cole's Saga - a Post-Apocalyptic novel by AJ Newman

Cole's Saga is a stand-alone spin-off series, based on my American Apocalypse series. Cole's Saga continues the story about Cole Biggs, and how he and his friends survive the apocalypse. North Korea, China, and Iran conspired against the world and used EMP bombs to destroy our grid. This new series starts in the Kentucky / Tennessee part of the USA. The grid is down, and people panic as planes fall from the sky and cars stall. The US Government collapses and rogue government groups rise to power.

Jack Harp is Cole's best friend's father. Jack has had to survive on his own back in Kentucky while Cole and Joe Harp tamed Southern Oregon and killed or run off the gangs and thugs. Jack and Cole team up to fight the rogue FEMA troops so they can try to escape and join their friends back in Oregon.

Cole, Molly, and her two cousins were kidnapped by FEMA and imprisoned in a FEMA Camp where they work as slaves to help rebuild the eastern part of the old USA. They were captured in California and taken to a FEMA camp in Kentucky. Cole had promised to take the women to Ashland, Oregon and the safety of Cole's community and he will succeed or die trying.

Read Cole's Saga to find out how this young man survives and builds a team strong enough to defy the rogue FEMA and survive the lack of food and resources encountered during the apocalypse.

## **Gerald O. Smith says**

Wow! Where to start? Two stars was being generous. Not a good read. Disorganized and hard to follow. Rotten ending as well. Unbelievable even for this type of story. Should have an adult rating for the sex scenes. Not up to his former books. Liked the Oregon series but he went sort of nuts on this one. Needless to say I won't be reading any follow on books involving this group. Almost quit at about the half-way point but I struggled on. It just got worse. (IMO) Sorry.

### **Must Read Series**

I was surprised by all the turns in this series. Just when I think I know where it's going I'm shocked and surprised and sitting on the edge of my seat. I love the way this series ended and would love to see where they are and where the country is sometime in the future.

## **john bedsworth says**

### **Great reading**

As with the rest of his books very well written and I enjoyed it till the end. Can't wait for the next book.

---

## **Ummsokoto says**

### **Awesome Read**

Kept you turning the pages. Looking for the next scene and hungry for it. Absolutely interesting A five star book that's Great Entertainment

---

## **Jeff Pence says**

### **Page turner**

I really enjoyed the blending of one series with another. It was a smooth transition that kept you entertained. A real page turner that hooks you with the characters.

## **Bernie says**

### **FEMA Wars review**

FEMA Wars is the second fast-paced post apocalyptic book in the Cole's Saga series written by author A. J. Newman.

---

## **Reginald E Davis says**

### **Thought provoking**

Newman has a great imagination for making this off shoot of the original series a very interesting concept. The romantic undercurrent adds just the right amount of spice without being overwhelming of one's sensibilities.

---

## **Peggy Pancherz says**

### **Good book**

Read all of the books in order to really enjoy. Characters are realistic and get better and better. Storyline continues to grow and develop.

---

## **Fred Burnam says**

### **Cole's SAGA**

This is another great read. A.J.NEWMAN is a very good writer that uses his knowledge to write a great series. Keep writing my friend.
