## Faith Lettering: An Inspirational Guide to Creative Lettering Journaling Krystal Whitten

Something special happens when you learn to write or draw God's Word. In *Faith and Lettering*, Krystal Whitten's advice and encouragement will help you draw near to God and pursue a deeper faith by expressing your creativity. You will learn three basic types of letters and variations on them, what tools to use and how to use them, and step-by-step instructions for decorative flourishes and embellishments. Krystal will also show you how to find inspiration and accept grace when mistakes happen. Her inspiring tips, techniques, and ideas will help make your Bibles, journals, and home decor uniquely your own.

## **From Reader Review Faith Lettering: An Inspirational Guide to Creative Lettering Journaling for online ebook**

### **Dayna says**

A comprehensive “how-to” guide in a visually stunning format.

Author Krystal Whitten focuses on hand-lettering of scripture as a creative pursuit and a way to deepen faith. While she does share her personal story and encouraging thoughts, most of the volume is teaching techniques, tools, & tips. There are generous spaces and lovely pages for practice.

This book and its gorgeous companion journal make a perfect gift for someone interested in the art form.

\*i was given an advance copy of this book in exchange for an honest review.

### **Beth says**

I absolutely adore this book. I have wanted to start hand lettering as a hobby. Being left-handed, my whole life has been about slightly awkward writing, but this book makes hand lettering seem possible. Even for me. Whitten gives the reader practical instruction with lots of visuals and suggestions about how to proceed. She provides detailed lists of supplies for different types of lettering activities (you can use hand lettering for SERMON NOTES; my brain may not recover from this). The instructions are detailed without being overly complex and makes even a rank beginner feel like anything is possible. If hand lettering as a spiritual practice appeals to you, this is, without question, the authoritative guide to achieving that goal.
