Must Read!!

Wow is all I can say! This was an awesome ending. Ingrid played no games what so ever. Cason better had fell in line quickly because his girl definitely went in on him. That fool made some stupid decisions in this book. He thought his actions wouldn't be revealed but little did he know people were out to ruin his relationship. Reb made some decisions as well when it came to certain things that soon turned out bad, but once she was given the opportunity she revealed what she should have a long time ago. She also made sure to handle things accordingly when the time was right. Cason and Pierce both put themselves in a position to almost lose the ones they love instead of putting the girls up on game. Pierce definitely messed up when it came to their plan because he allowed things to go further then they should have. I was glad when they got back on track and handled things so they could work on things with their girls. Cason had his bossy moments that had me laughing so hard and so did Pierce. Those two were definitely something else. Rose worked my nerves with her insecure ways. She had no reason to act the way she was but I guess she began to believe that saying you lose them how you get them as being true. Even though in her situation it was the total opposite! Marsha went through some crazy lengths to make Cason's life miserable. She truly acted like he did something very terrible to her when it was her daughter he cheated on in the past. That lady was terrible. Shayla deserved everything that came her way because of her actions. She played a dangerous game and in the end it back fired on her and because of how things went her daughter ended up being hurt. Sway also deserved everything that came his way. That man couldn't leave well enough alone and wanted to continue things all because the woman he was in love with was with someone else. He was married so he should have been satisfied. That man was just greedy! I am so going to miss these characters. Can't wait to see what Tina J has to bring with her next series!!

So it that the end or no?? Lol

I am so glad that Shayla, Rose and Desi's mother got what they deserved. Pierce and Cason kept pissing me off because they continued to do Rebel and Ingrid wrong as if they both had been through so much, especially Ingrid. I loved every part of this series. Now that ending didn't truly seem like the end....is there more to this story Tina J??

5 star ?? banger

What a great way to end this banging series. Cason and Pierce were crazy and they didn't play about their women but their women didn't play about them. I'm glad Ingrid and Rebel stood their ground and made them work for their forgiveness and for their relationship.

Loved it

I swear Pierce had me dying the entire book. But it was worth it. Cason learned his lesson from all the cheating & scandals he put himself in. Marsha was spiteful for absolutely no reason at all. Loved the book though

Great ending to a great series. It moved at a fast pace but flowed so smoothly. It was full of action, drama, lies, secrets that made it an entertaining read. So glad that the main characters overcame all the obstacles and love prevailed. Ingrid and Rebel showed their strength and didn't take no mess from Cason and Pierce. Finally the scandalous and bitter trio Rose, Shayla and Martha got exactly what they deserved and then some. Sure going to miss these characters or is it the end....Ingrid didn't have her baby and no wedding for Rebel and Pierce. Highly recommend this well written series. Job well done. Can't wait to see what's next for Tina J.

Cason & Pierce

Mannnn between you S. Yvonne Powell ya'll got my nerves bad! Ya'll to petty for me! This was the best book out of the series to me! . These two couples are so dysfunctional and crazy that's why they're so perfect for each other! Thank you for giving Rose & Shayla what they deserved! Marsha was really bat ish crazy lol! Rebel & Ingrid was so not here for any of the bs lol! This I don't know why people kept trying them! Cason is the most ruthless out the group though! This book was everything! Phenomenal job I can't wait to see what's next!

Carol Cooper says

Tina J.....Wrote another great series.... Pierce& Rebel.... its a true wonder that they got themselves together.. Cason & Ingrid.. Ingrid, finally got her voice, and checked Cason Yessss.. I honestly thought I would read some horrid tortures inflicted on Odessa & her crazy mama, should have been some investigating of the fathers death, Roger, over the balcony was too good for him. Desi mama, where she get money from to try and make Cason suffer FOH... Little disappointed about the abrupt ending.. But still loved the series..

Was that really the end?I feel like I'm missing something.I didn't feel like it was ending,after they left from handling Sway.Onky reason I gave it 4 stars is because I felt it ended too soon and I'm left with questions unanswered.I wanted to know about the birth of Cason and Ingrid's baby,and the wedding.But it was a great read.I will definitely recommend this series and author to others
