It Took a Beast to Tame Her 2 Neicy P.

Just when Xavier got Patience to understand her place, Chaos came through and destroyed it, with her attacks and challenges.

Chaos had been released and didn't planned on being caged up in Patience's mind again. She wreaked havoc on the Southern Facility and gather information about her parent's death from the Supreme Guardian that was there. She set her sights on the next facility and assassin that put the blade in the hand of the Guardian that killed her father. Chaos was ready to avenge her parent's death, but the power that the Alpha had over her, killed all the plans that she made.

Xavier was at lost for words when Chaos took over Patience's body. He didn't know what to suspect or how to control her. He decided to try and bond with Chaos to get in her head, but she got into his and made him a different man and Alpha to his Queen. He became clipped and irritated with everything Patience did. He realized that he was changing for the worse, when his wolf didn't recognize Patience as his Queen.

Matteo is also loose and looking for the Guardians that killed his babies. He went to the Southern Facility and saw the damages that were done. He knew who done it and couldn't wait to meet his granddaughter. When he met her, he noticed how powerful she was and thought that she would be better with a Guardian. Patience told him the same thing that she had been telling everyone else, Xavier was her Alpha and she wasn't going nowhere, so she thought.

Patience was going through it. Chaos was getting stronger and was ready to take complete control over her. She had been waking up aching and with bruises all over her body. She tried to talk to her Alpha, but he had changed. When her grandfather shines light on a dim situation, Patience transformed into a different person and confronts Xavier in front of the entire family. It hurts her more when she found out that her brothers knew about Xavier secret and didn't bother to tell her. Not even her favorite, Maxi.

Patience was battling a war within herself. She had to get Chaos under control before she made her lose the only family that she had left. An unknown guest and an enemy of the wolves showed up unexpectedly to protect the Queen from the Guardians that had her on their most wanted list. Their help wasn't needed. Xavier felt that he was enough to protect her from anything, but who was going to protect her from him. In, *It Took a Beast to Tame Her 2*, secrets will be revealed, and mates will be found. Will Patience trust Xavier enough to let him in or will she rely on others to protect her? Even if it put her and their unborn child in danger.

Shanice says

Great job!! Omg I love this series

The story gets better!!! I cannot wait until part 3 of this series I want to know what this naughty little girl is going to do with the gifts she's been given I think she is definitely going to shake up some things in this book!!! Yesssx let's get it!!

Nadine Frye says

Yesssss

Im so tuned in I absolutely cannot wait for part 3. This is a team of badass family and I love what everyone brings to the table. I hope I wont have to wait to long for the finale.

Porsche Bailey says

Simply amazing

I have been reading Supernatural books for close to four years now it wasn't until this year that I've had the pleasure of reading Supernatural box with chocolate characters??well done queen. I'm on book 2 in the series and it gives you character as you can identify with and takes you to an array of emotions. Granddaddy came ready to fuck something up and Book 2. I can't wait to see what grandma does ?

???

I'm loving this series! You are definitely making your way into my favorite authors! I love how you answering questions from the first book and we can keep up with the characters! Im looking forward to the

next book

Lashonda Waymon says

Ruthless

Ive never been into this type of things bc of certain satonic beliefs. I know my faith in God is stronger and pure. This book ia vwry entertaining. We dont have to wait long to get to the parts that really matters. Its like a life story im scared to tap into. I LOVE EVERY CHARACTER. Giving im a track star i was able to connect with each one. Soooooo looking forward to the next installment

Shannon Fountain says

Loved it!!!!

I am ready for the next book. Based on the previous reviews i knew i wanted to read this series but i was trying to wait til the next book was complete. I couldn't wait. It is funny, sexy, romantic and suspenseful. 5 ♥?♥?♥?♥?♥?

Tamika A Aitch says

I definitely feel book 2 was better. I'm so happy to actually learn about chaos and her powers. I'm happy that patience found a way to actually control Chaos. Super excited to find out more about her daughter power, about to start book 3 now. Please keep this series going.

Shonta says

So good!!

Great story!!! Xavier and Patience are so good together....I love how they keep one another balanced. I was so glad Chaos and Patience were able to get along cause they need each other. Can't wait to see what happens next now that Patience is pregnant... More power!!! Grandma and Grandpa ain't playing, I'm so ready for part 3.

You Wrote Thee Fk Out This

Man Look! This was good! Ironically I generally don't like series that are more than 2 installs but this one is needed. There is SO MUCH storyline left to tell from so many angles. I can't wait to see what you come up

with.

Zakeisha Smith says

Chaos

In book 2 we get to meet Chaos, learn more about who Patience truly is and dig deeper into Xavier and Patience love affair. What can say Chaos caused a lot of chaos. I love reading a book when I can't guess what is going to happen. A lot twist and turns, and truths revealed. I love the way the X boys, and Black brothers love each, their mates, and blended family. I also enjoyed that all the brothers are Alpha men so you get the strong, aggressive, in control attitude they have with their mates throughout the book. Another fantastic book in this series!!! Excellent Job!

Shonese Scott Brown says

Best shifter book so far!

Ok usually the second book starts to run out steam and get boring but not this one. This one held my attention to the end! I could not put this book down. I am glad Patience learned how to control the dark magic and Chaos. I cannot wait for her and Xavier to actual mate. I am ready for book 3 to see all the new relationships blossom!!! Great book Neicy P!

Margie says

Another amazing read

Ticks and fleas though lol I CRIED LAUGHING TORI is just special I'M LOVING this series can't wait to read PART THREE I been sleeping on neicy p SHE have you Damon near envisioning the characters

LITerary Plug💜QueenIvy says

Omg!!! A must read series

Omg I would have never seen that coming the way they plaid the wolf's was amazing and then killed all the guardians must pure pleasure, now this ending got me on my toes because I didn't think hope was alive still, the both of them seem like they about to raise he**, I can't wait to read the rest

Ashley says

Oh please put out the third book soon!!

I am so excited to see what happens next! I'm hoping it won't be too long of a wait for the third book!! I was on edge the entire time I was reading this book.. Great job
