**Maybe This Love** Jennifer Snow

## **THE GAME OF HIS LIFE**

Hockey player Ben Westmore has some serious skills---on and off the ice---and he's not above indulging in the many perks of NHL stardom. When a night in Vegas ends in disaster, he realizes two things: 1) it's time to lie low for a while, and 2) he needs a lawyer---fast. But the smoking-hot woman who walks into his office immediately tests all his good intentions.

Olivia Davis doesn't need anyone derailing her career---or her dreams of starting a family---least of all a skirt-chasing player like Ben. But soon he's unleashing a full-court press to convince her that he's the real deal. She's slowly falling for his sweet, rugged charm, but with so much on the line, Olivia has to decide whether Ben can truly change---or if he's just playing the game.

# From Reader Review Maybe This Love for online ebook

## Bridget O'Toole says

4.5 rounded up

My favorite of the series so far! I started reading Maybe This Love on the subway one day, and I just couldn't stop--even for work! The chemistry between Ben and Olivia is tangible and for that reason, their story is addictive. There is so much more to Ben than I could have imagined based on the glimpses of him in the first two books, and I really, really liked what I saw. And Olivia, she's spunky, and I admire her for going after what she wants. I sincerely appreciated the fact that the drama with Olivia's client was minimal, and generally, Maybe This Love was a light-hearted and fun romance! I only wish there was an epilogue because I was a bit unsatisfied with the brief reunion, but I'm still more excited than ever to continue on with this series!

## Irene says

4 stars

Maybe This Love was a sweet and entertaining read.

The storyline held my interest, the characters were likable and relatable and I enjoyed watching them come together.

Ben and Olivia entertained me while I got to know them and while I did find myself a little frustrated with some things, it wasn't enough to take away from my overall enjoyment.

The Colorado Ice series has been a fun and enjoyable read, each book can be read as a standalone and I highly recommend them.

## Ellen says

4.5 Stars!

Ben Westmore is a hockey player who has the player image down to an art. One thing he usually rarely, if ever does, is drink....except this one night in Vegas, on New Years Eve...and for celebrities and famous athletes, what happens in Vegas, unfortunately does not stay in Vegas. It's now four month's down the road, Ben's the Captain of the team, which brings with it a lot of responsibility and pressure. It's time for playoffs, a time when he needs to focus the most, when what happened in Vegas pretty much jumps up and bites him in the butt, and unfortunately, he has very little memory of it.

Olivia Davis has established herself as a very prominent attorney who specializes in divorce cases, usually defending professional athletes' "soon to be ex-wives." Her career has been her focus for most of her adult life. She just hasn't had time for relationships and one bad burn from the only relationship she did have, has left her a bit gun shy. Now at 36, she's realized she wants a family, or a baby I should say. This to, she has determined to do on her own, which is what brought her to where she now resides.

The situation and circumstances which have brought Ben and Olivia together are not the best, but the chemistry between them is undeniable. Unfortunately, they must deny their attraction, of course, but fate seems to keep throwing them together taking them for one whirlwind of a ride. They have a lot to work through, both individually and as a couple, if they even consider making a go of it, and when the past comes back to haunt them, well.....let's just say that "someone's got a lot of splaining to do."

Maybe This Love is a fun, sweet, sexy romance which has its share of heated moments both physically, which is always hot, and emotionally, where the "hot" is brought on by heated tempers, but it all makes for a really good read. The book is the second in the series, but is easily read as a standalone, and I thoroughly enjoyed it. If you are looking to slip into a little weekend getaway that is fun, entertaining, and has that romance that is just like the cherry on top of an icecream sundae, then you'll want to check out Maybe This Love by Jennifer Snow.

---

## Liina says

Ben is a professional hockey player, who has skills on and off the ice. He knows he can have any woman he wants and quite often he takes advantages of it. When he suddenly hears what he had done on New year's Eve, he's in big trouble and needs a lawyer to take care of the situation. He's not a big drinker, but a moment from his past hit him hard and drunken night out led to a mistake he never meant to make. Olivia is a divorce attorney for professional athletes and she's worked hard to get where she's now. Concentrating on work didn't leave time for her personal life, but being in her 30-s, she longs for a family, especially because she doesn't have any family members herself. When Ben and Olivia meet there's instant chemistry, but considering the circumstances, they just can't be together at the time. Fate on the other hand has other plans and they start to bump into each other and as they spend more time in each other's present, feelings are starting to develop.

It was my first book by Jennifer Snow and even though it's the second book in the series it can be read as a standalone. I really enjoyed this book and I definitely want to read about the other Westmore brothers. It's a well written book that makes you devour this sweet romance. It has a great storyline, characters and romance. I loved seeing both main characters open up to each other and working through their issues towards

the ir happily ever after. I'm really happy I decided to read this book, because I found a new author whose work I enjoy.

## **Carol [Goodreads Addict] says**

### **RATING 4.5 STARS**

Maybe This Love is book two in the Colorado Ice series by Jennifer Snow. Wow, I loved this one. This is Ben Westmore's story. We know Ben as the player of the Westmore family. We find out, though, in this book, that there is so much more to Ben, and I can't wait to tell you about it.

Ben Westmore is a professional hockey player for the NHL. He is Captain of his team, the Colorado Avalanche and is MVP in the league that season. We know Ben as a player. With his good looks and celebrity status, he can have any woman he wants and he takes advantage of that fact. Any woman he is with knows in advance that he does not want anything more than a night of fun. That he is not the least bit interested in a relationship.

Ben is not a drinker. He takes care of his body. But four months ago, New Years Eve, things got out of hand. His memory of that night is pretty murky. Ben has taken his team to the playoffs twice before. And they have made it again this year. He has a reputation for choking under pressure in both the previous playoffs. This year is the one, the year he will take his team all the way to the Stanley Cup. Right when he should be concentrating on nothing else but training, though, he's informed of some surprising news related to that crazy night four months ago.

Olivia Davis has spent all of her adult life concentrating on her career and she is very successful. But she's also alone. She wants a family but doesn't see it happening in the natural way so she has been considering other methods of getting pregnant. The day Ben Westmore came into her office, it was like a punch to the gut. The electricity was crazy between them. She knows full well of his reputation. It must just be her hormones reacting.

Ben can't get Olivia off his mind. To see her socially would be inappropriate in so many ways. But he can't stop thinking about her. He helped to orchestrate a couple of encounters and all it did was make their attraction stronger instead of getting her out of his system. He needs to concentrate on nothing but the playoffs but all that is in his head is Olivia.

These two were just so fantastic together. It just took them awhile to figure it out. I loved their chemistry. Olivia learns that there is so much more to Ben than his reputation. He opens himself to her in ways he never has with anyone else. Both of them have walls built around their hearts but those walls slowly fall away. Can they risk getting hurt? Can they let themselves fall in love?

*"I can't get enough of you, Olivia. You make me crazy for you...for your body...your mind...your heart..."*

I loved this book right from the start. I didn't think I would love Ben as much as I did from previously meeting him in the earlier books. I really, really, did, though! Olivia was so guarded. I loved seeing the way Ben wore her down. It was so adorable. I am in love with this series and the Westmore family. I love how close they are. Jennifer Snow, you've done it again with this one. It's amazing. The next book in the series will be Maybe This Summer. If you haven't read any of the series yet, I encourage you to start at the beginning and meet the Westmores in Maybe This Kiss. I hope you love them as much as I do.

## Romance Novel Giveaways Lauren Seiberling says

I LOVE THIS SERIES!!!

Jennifer hit this one out of the park! Into the net? Insert-awesome-sports-metaphor-here.

Olivia and Ben met almost as soon as the book began, and I love when that happens. Their, shall we say, unique platonic relationship was certainly put to the test under the strains of their attraction, and Jennifer wrote this just beautifully. I was eagerly turning the pages to see how these two would finally get together!

What I love the most about Jennifer's books, this one absolutely included, is she really writes smart characters. I could actually envision Olivia doing the things she did and Ben saying things he did. Olivia's own unique personal "quest" was one that I've never read in a romance novel before, and again, I was GLUED to the pages to see where that went as well.

If you like a smart, emotional, pulls-you-in-and-won't-let-go-until-the-last-page contemporary romance, THIS IS YOUR BOOK!!! It's another reminder of why Jennifer is, hands-down, one of my all-time favorite authors!

(I received a copy of this book in consideration of an honest review)

## Pam says

3.5 Stars

<http://ripeforreader.blogspot.com/201...>

Just when you think you have life all figured out, it starts to spin out of control. Now if you can stop it in the right spot though, you might just find what you never thought you were looking for.

Ben had it all figured out. After giving love a solid shot and having it blow up in his face, he had decided he was fine without commitment. It is never easy as a NHL player anyway, all that time on the road and the

woman throwing themselves at you. When he finds himself in need of a lawyer, the last thing he ever expected across the room was Olivia. Something about this woman drew him in from the very beginning. Sure he new it was a bad idea. But he kept putting himself out there. Needing to get to know her better.

Olivia was taking her life in her own hands. Who needs a man to have a family? She is career focused, but nobody said she couldn't have a child and make her life what she wanted. She feels the attraction and chemistry but she can't follow on it. But the more she is around Ben the less her strength is. Soon she finds herself being wooed by him but can she believe he as truly changed. Can she live the life of the woman left at home while he is away playing games?

Can he love again? Will she be willing to put herself out there? Could this be the love that changes two people for life? Could there be a family in the near future?

This book was a nice romantic read. I did find it took a little bit to pull me in and want to know what was happening. I enjoyed the characters and the secondary characters let you know that there is more to come with this series.

## **Danielle says**

Maybe This Love is the 2nd book in Ms. Snow's new series and I loved it just as much as the first. After finding out his ex-girlfriend is getting engaged Ben gets drunk in Vegas and marries a woman he doesn't know nor remember. Now four months later his new wife is reaching out to make it work but it looks like a divorce is on the horizon.

Olivia is a divorce attorney for professional athletes and loves her job. She worked hard on building her career and that left very little time for her personal life. Now in her 30s she wants to have a baby since she lost her parents young. Ben is like every male athlete she has ever come across. He's gorgeous, entitled and of course a player so why does she feel such a strong attraction to him?

It seems like Olivia is running into Ben everywhere now including his family members but with her representing his soon to be ex wife things are getting awkward. When a kiss leads to confused feelings Olivia must decide what she is going to do but can Ben be the changed man he claims to be?

While reading this I have to admit I really expected things to be predictable but I was pleasantly surprised how Ms. Snow switched it up which I loved.

Of course Ben and Olivia are on opposite sides and yet I love how they bonded from the very beginning even though it wasn't all the noticeable at first. Their relationship is slow but Snow makes up for it in banter, hockey, and their growing friendship.

Honestly once I started I couldn't put this read down and read it in one sitting. There was nothing repetitive and it flowed smoothly. This is one series I am keeping my eye on and can't wait to hear what everyone thinks of Maybe This Love!

---

### **Diane Lynch says**

Maybe This Love (Colorado Ice #2) by Jennifer Snow Jennifer Snow's MAYBE THIS LOVE is an excellent addition to the Colorado Ice series. Colorado Avalanche Captain, Ben Westmore, ends up needing a lawyer after a weekend in Vegas. He finds himself attracted to the opposing counsel, Olivia Davis. This contemporary sports romance is suitable for adult audiences.

We met both Ben and Olivia in book one, MAYBE THIS TIME. Ben is Jackson's brother, and Olivia was Abby's lawyer. I found how the two met amusing. They both were hurt in previous relationships and are leery of commitment.

I like Ben. I felt bad for what happened to him with Janelle. I can see how it would have messed with him to make the stupid mistake that he made. It doesn't help that all this happens when his team is making a run for the cup, and he has been criticized for choking in previous playoffs. There is a lot of pressure of him. He has an amazing family. Olivia is a great character. She is a successful lawyer, but she lacks confidence socially. Her parents died when she was young, and she longs for a family.

I enjoyed the plot. The story was believable and well laid out. I like how Ben was adaptable on their dates. He is very creative and thoughtful. I also, appreciated how Ben handles things with Brandon. I love that Olivia gets along great with Ben's family. There are a lot of funny scenes. I especially found the episode with the police officer amusing. MAYBE THIS LOVE had a great ending. I'm looking forward to Owen's story in the next book of the series, MAYBE THIS SUMMER. I voluntarily reviewed an advance reader copy of this book.

---

### **Cheryl says**

I love when a book comes together with great characters, chemistry, nice storyline, and laughs. This is what you get when you read Maybe This Love.

I was drawn to this book by the words Colorado and hockey. I am a fan of hockey. It is the only sport that I watch. Living in Colorado, I can remember when the Colorado Avalanche first came on the scene with Patrick Roy, Joe Sakic, Peter Forsberg, and Adam Foote to name a few. So, you can imagine my delight when I discovered that Ben was the captain of the Avalanche in this book. That fact won him major brownie points in my book. Additionally, it did not hurt that Ben was easy on the eyes.

Olivia had me from the first moment she was introduced. She is a woman who is comfortable in her own skin. Confidence is the best thing women can have. Olivia shows that if you have confidence it does not matter what size you are. The ripping she gave Ben was funny. Yet, he could take it and dish it back. Their playful banter helped spark the chemistry between them even more. One of my favorite scenes was when Olivia was taking a ice skating lesson from Ben. In that moment it was just the two of them. Author, Jennifer Snow has gained a new fan in me.

---

## Dianne says

Its play-off time and Ben Westmore, hockey player, womanizer and sworn bachelor needs to concentrate on the game, his team and winning the Stanley Cup, period. Thanks to author Jennifer Snow, that isn't going to happen, but what DOES happen is worth every word on every page as life scores a hat trick against Ben's playboy ways!

**MAYBE THIS LOVE** is Jennifer Snow's latest fun, quirky and heart-warming romance and it starts out with a bang! Ben Westmore, the man who treats his body like a temple has one too many drinks new Year's Eve and ends up married to, well, he has no idea who he married or even that he was married. Now, four months later, he will find himself in need of a very quick and quiet divorce. That isn't enough? He has a flirtatious run in with the opposing attorney and pretty much manages to give credence to every nasty thing said about his "charming" ways.

Olivia Davis, attorney to the sports stars or their wives is a woman who has made the choice to give up living to make her mark in her career. When she realizes that her biological clock is running down, she knows she wants to feel the joy of motherhood, no partner involved, of course, but when she comes in contact with Ben, even she can't control her eggs vibrating to mingle with him. Good thing she knows he is a rat. Or is he?

Like a bad rash, Ben can't get over the attraction he has to the woman who can ruin his life in a blink. Together they call a truce as their emotions play havoc and they cross the lines of propriety with a passion that sizzles off the pages as two souls find what was missing in their lives! Fun reading, filled with a passion that only two driven people can create!

I received an ARC edition from Forever in exchange for my honest and voluntary review.

## Reviews from the Heart (Kimberly Anne) says

Maybe This Love by Jennifer Snow was a nice surprise. It was a sweet and charming story with just a touch angst. It also had two very likeable characters and a story that will intrigue you.

Ben Westmore is on his way to a championship and it should be the only thing on his mind. But a drunken night in Vegas is coming back to haunt him. Though he is always careful how he treats his body, four months ago he had one too many and apparently got married.

Olivia Davis has dedicated her life to her career and has been very successful at it. But she is ready for more. She is ready to start a family, even if it means doing it on her own. The last thing she needs is to be distracted by the likes of Ben Westmore.

I really liked Olivia. She was strong, confident and independent. She was not afraid of putting you in your place if needed. Ben was a known player, but his reaction to Olivia was immediate. They had chemistry from their first encounter.

Though on opposing sides, neither Ben nor Olivia can deny their attraction. And as they find themselves together unexpectedly, repeatedly, that attraction only seems to grow. I enjoyed reading Maybe This love and will go back to read the other book in the series. A sweet and fun story of finding love when you least expect it.

~ Liz

---

### **Alex ? says**

3.5 stars

I liked this story against all odds.

It has so many things I don't particularly like: player hero who told me many times about his past; his marriage and divorce to OW, without explanation why and WTH; some plot holes etc.

But somehow everything played well together.

The treasure of the book – strong independent heroine. Loved her.

She was 2 years older (h 36, h 34) and wanted to become a mother (in vitro).

Sweet safe story. I liked how the hero tried to change, how he chased her. I had a feeling he was still in love with the idea of his ex, but he proved to leave it behind and to become a better man for the woman he loved.

Where is my epilogue??? \*argh\*

---

### **Christina Wade - BFD Book Blog says**

3.5 Stars so rounding up to 4

This is a quick, somewhat predictable read. The plot and how the main characters met are unique though. Even though the characters from book one are in this book, it can be read as a standalone.

Ben is a really good guy in a bad situation. He is super sweet and very grounded even though he's a famous hockey player. Other than the few texts he received, his 'player' personality doesn't really show. I'd call him more of a commitment-phobe and that's with good reason.

Olivia is a bit confusing. She's making a life altering decision even though she hasn't really even tried to be in a relationship with a man. She makes several unethical decisions where Ben is concerned and she's a bit wishy-washy at times.

I don't feel like their story is over so I'm actually hoping they show up in the next book. I'm assuming the next book will be about Asher and there was a bit of foreshadowing with him in this one.

The writing was pretty good but I'm a huge hockey fan and there were a couple of inaccuracies about the playoffs that bugged me a little. 1) The 2nd round of the playoffs is the semi-finals which would lead to the conference finals, not the cup finals. 2) If Colorado was home for the first game of the cup finals, then they would stay at home for game 2, not go on the road. The format is 2-2-1-1-1. 3) There is never a shootout in overtime in the playoffs; they play until someone wins.

Overall, this book is as good as book one and if you're looking for a quick, albeit predictable, romance story this would be a good book for you.

---

### **P.e. lollo says**

In this book hockey player Ben Westmore, who is also a player off the ice thinks it is a joke as he is looking at a marriage certificate. It has to be, but no he is told by his lawyer agent that what he is looking at is real. That his trip to Vegas that was for a hockey game he also got married. Now he has a meeting with her attorney to come to terms to end the marriage. Olivia Davis has decided that since she has no man in her life and none in the forcible future it is time to take matters in her own hands and goes to a fertility clinic before starting the case for her new client who is divorcing a hockey player. Her problem comes in that she was not expecting Ben Westmore to be so agreeable to all of the terms, and does he need to be charming as well, and there is that big problem of being good looking and for some reason she is feeling attracted to him. Now she feels that her career is in jeopardy. She decides that he is just putting on some kind of charm to try to get out of paying whatever it is he needs to. He then does the unthinkable and goes full penalty kill mode to let her know that he is a different man and that he wants to be with her and only her. Once she finds out more about her client and what really happened and yet he is still willing to help her and her son she is becoming more, and more taken by Ben. Will she though finally get the big hockey guy or will she let him walk? Read this fun fast paced book. I got this book from Netgalley.com I gave it 5 stars.
