Naughty Mabel

Nathan Lane , Devlin Elliott , Dan Krall (Illustrations)

Naughty Mabel Nathan Lane , Devlin Elliott , Dan Krall (Illustrations)

A pampered pup takes center stage at her parents' party in this charmingly hilarious picture book from film and Broadway star Nathan Lane (of *The Lion King* and *The Producers* fame) and Devlin Elliott!

Meet Mabel, the fanciest French bulldog the Hamptons have ever seen. Mabel is many things: sassy, classy (and sometimes a bit gassy!), but especially...naughty! Mabel's always getting herself into trouble and with style like hers, can you really blame her? When Naughty Mabel's parents throw a party and try to leave her out of the fun, of course she must take matters into her own perfectly pedicured paws. As the hilarity ensues, Mabel and her parents learn that through thick and thin, naughty or nice, they will always be a family, just as they are.

Naughty Mabel Details

From Reader Review Naughty Mabel for online ebook

Tegan says

This is adorable. I liked it so much more than I thought. Mabel is very accurate for a dog. It made me think of my dog, albeit my dog is 80 pounds. Really cute story.

Holley Rector says

I read this book to my daughter tonight and she loved it! I thought it was so cute! Some of the humor made me laugh! I read it to her in an southern accent and she ate it up! Great book!

Gerard Villegas says

I'm sorry but Nathan Lane is brilliantly funny as an actor than a writer, particularly a children's picture book author. I found Naughty Mabel to be a vanity project and I have yet to find a celeb picture book that has any substance or quality. Naughty Mabel is no different.

From the first page, the book tries to appeal to children with witty banter, cute pet scenarios and gross-out humor. None of which are well executed. In addition, there is no point to the story other than a badly behaved dog who spends the majority of the book being spoiled and having her owners accepting the negative behavior. So basically the moral of this story is that children who misbehave will get rewarded for their efforts.

Danielle Steele, Betheny Frankel, and even Jim Carrey have all published children's books. All of them aren't worth the dime the pages are printed on. Nathan Lane is now added to the list.

Once again, Naughty Mabel is a terrible book, both in the writing and illustrations and I'd skip it and go with the classics.

Kassiah says

It was almost perfect. Great voice, great illustrations, but there's a twist that wasn't characteristic of the Mabel we came to love. Hope there are more books featuring Naughty Mabel.

Hilary says

Mabel is a pampered French Bulldog channeling Eloise. Try reading the text aloud in (author) Nathan Lane's voice! (Is there an audiobook in the works? There is certainly a second book in the pipeline!) Retro illustrations and endpaper are reminiscent of the 1960s and *MAD* magazine. Dog lovers will recognize these

behaviors and enjoy a chuckle.

Janeene says

Ah Mabel you are a gem! I can see why kids like this story as well as the great illustrations.

reading as many kids books as I can in hopes I'll get my "creativity mojo" going as I have always wanted to write a kids book.

Becky says

A fun story that has a wonderful message at the end! You can almost hear Nathan Lane's voice in Mabel's narrative, which makes it all the better!

Laura Lee says

The entire premise of this book (spoiled socialite dog living in the Hamptons) is pretty obnoxious, but the poop and fart jokes put it over the top for me. Giving it a second star because the illustrations are fantastic. Won't be reading this one to my daughter once she becomes old enough to follow the story though.

Karen says

Caught an interview on NPR with Nathan Lane and then saw a signed copy of this picture book... It was like my dog was sending me a message from beyond the grave. Buy! Buy! Buy! Read! Read! Read! So, I did. "I am not naughty. I am VERY naughty."

Dorine says

Mabel is very naughty and she made my youngest granddaughter (8yo) laugh. It was read several times and taken home to share with her sister. I think it will become a favorite.

I thought the illustrations were well done. Some of them were so busy that words were not needed as the child could follow the race across the page when Mabel was acting up.

In the end, the love for Mabel makes a child who isn't always well-behaved know that he/she's loved anyways, just like Mabel. For that alone, and the smile on my granddaughter's face, it seems like the kind of book needed in every household with little ones who love a book (and parents) with a sense of humor.

Angieleigh says

After reading Naughty Mabel Sees It All, I had to have the first book in this hilarious series for my nephew and I.

Nathan Lane is still comedy gold. This series features a rather cheeky "frenchie" who is quite naughty, but also extremely lovable. Between her parents (her humans, actually) doting on her, to wanting to rip their hair out, and Mabel's unabashed naughtiness...my nephew and I have never laughed so hard over books in awhile.

Erin says

I wanted to read this kid's book because...Nathan Lane. It's cute. Nice illustrations.

Devon says

Finally a picture book starring a French Bulldog <3

Kelly says

Mabel is the sassiest, gassiest French Bulldog you ever did see! The story and pictures will keep tots entertained and waiting to see what trouble Mabel finds next.

Candice says

My granddaughter picked this up in a bookstore and asked me to read it to her. Thank goodness we didn't buy it! Some of the humor went right over her 5-year-old head. I don't think humor in children's books should be directed at adults ("five is the new three"). I was not crazy about the cartoonish illustrations either. Just not a very good book for children.
