When turmoil meets up with Princess Shanyin's pleasure...would it surpass it and leave her without. That was my view as the book unfolded. Such excitement on every turned page. I was captivated! The author writes so eloquently and I only found one mistake, so rare for these steamy books. I loved every minute of reading it.

"It was all mixed up for him — sex and death and despair. It was all mixed up for me as well. It always had been."

This is as perfect a quote to encapsulate Princess Shanyin: The Complete Obsession Saga by Liliana Lee (aka Jeannie Lin) as exists. This historical erotic romance (which is, actually, three separate novellas, though you can buy them as one set) is so many things all at once that trying to tease them out and make them plain for a review seems an almost insurmountable task. This is, in short, a breathtaking story written in gorgeous prose that demands attention and, when you give it, completely absorbs you.

Excellent erotica from a woman's POV. I really enjoyed the strong female protagonist, willing to do anything to survive in ancient China. The non-Western setting made the story even better, allowing for intriguing situations and responses.

I'm going to be looking for more Liliana Lee erotica in the future.

Surprisingly good. I liked the first installment the most and I didn't expect the ending.

Read the reviews on the individual stories. Some very creative sex going on here, driven by a sexy slutty princess.

I received a review copy through Goodreads First Reads.

This is certainly a case of "don't judge a book by its cover". At first, I thought it was going to be a fun erotic romp. I was quite wrong, but in a good way. Yes, it is erotica, but that is not the main point of this book. It is a fascinating look at a time in past China full of royal intrigue, unrequited love, and a dangerously dysfunctional family.

I don't want to say too much and give anything away. I will say that if you seek a good story with a erotic touch, then this book is a great choice. However, don't pick it up if you are just wanting the erotic scenes. There is such an engrossing story between these covers you may be disappointed. Or then again, maybe not! ;)

I look forward to seeing more by this author.

Very sexy with engaging characters and an intriguing little plot.

I loved the first instalment and was about to one-click book 2 when I noticed the box set! \$4.60 for all three books!

Book 1. The Obsession - My Review - **5 stars**

Book 2. The Enslavement - 3.5-4 odd stars

Very different to the first story. A LOT of hot sex but not much plot or character development. Still an enjoyable read.

Book 3. - The Fulfillment - 3.5-4 stars

Each story seems to have more sex and less plot. This instalment had the unexpected (but not unwelcome) addition of F/F interaction when the heroine tutors the lady of the house on the art of love making. My Review

I got this book for free through Goodreads first reads. I didn't care for this book. The story didn't hold my attention. I am not very likely to read anything by this author in the future. To me, there is nothing memorable about this book.

I think Princess Shanyin was a good erotic romance. I found the historical setting of the first novel quite interesting, and the erotic elements overall were very well done. I was not expecting the series to end the way it did, and, to be honest, I found the epilogue quite touching.

Complex and a little sad, I really enjoyed reading this book.
