## Promise Me Tomorrow Candace Camp

Lord Lambeth is uncharacteristically captivated by Marianne Cotterwood, even though she's off-limits and keeping secrets. Determined to unravel her mystery, he keeps close watch.

Alone in the world, Marianne wishes she could remember her life before the orphanage. The only "family" she has is a warmly eccentric bunch of pickpockets and thieves. Marianne's inborn grace makes her a natural at mingling among the wealthy while looking for valuables, but then Lord Lambeth catches her in the act....

Yet someone else is interested in Marianne's secrets, as well. A dangerous shadow from her past is closing in, and Lord Lambeth is the only man she can turn to.

## From Reader Review Promise Me Tomorrow for online ebook

### **Lynette Marie says**

#### **Fabulous!**

Intrigue, romance, and mystery, this book has it all! A delightful mix of drama and humor. Compelling from the first word to the last. Highly recommend!

---

### **Tabetha Waite says**

I thought this book was very good and the tension between Marianne and Justin was spot on. I found Marianne to be a very likable character and her interactions with the other people brought in to the story very interesting and fun. Naturally, the whole aspect of 'damsel in distress' is appealing and who doesn't love a handsome hero coming to our rescue! I can't wait to read the final book in this trilogy :)

---

### **Sabrina (Soter) Sally says**

Una Camp un pò sottotono, la parte del mistero viene svelata al lettore fin dalle prime pagine ma è chiaro che i personaggi nel libro non potranno mai arrivarci (parliamo di eventi risalenti a più di dieci anni fa XD) e infatti il tutto si scopre proprio alle ultime pagine, senza grandi emozioni. Il rapporto tra Justin e Marianne mi è piaciuto abbastanza ma era prevedibile, il traumatico passato di Marianne e le sue conseguenze mi sono parso un'espeditivo puramente strumentale e non molto rilevante ai fini della trama (ed è mai possibile che in anni e anni non le sia mai venuta qualche curiosità sui suoi genitori naturali? che non abbia mai tentato di rintracciarli con il medaglione? >.<) Peccato che il cattivo la passi liscia, probabilmente verrà giustamente punito nel terzo e ultimo libro della serie dedicato all'affascinante Nicola ^^

---

### **Frances says**

The best book I have read by this author.

---

### **Melanie says**

I liked the intrigue of this book, reminded me of Anastasia.

Lord Lambeth can't help but be captivated by lovely Marianne Cotterwood though he knows she's hiding a secret. The desire he feels for this mysterious woman is powerful, as is his need to unravel her mystery.... Marianne can't remember anything of her life before she ended up in an orphanage. Her future changes again when she is taken in by a warmly eccentric family of pickpockets and thieves. Marianne's inborn grace makes her a natural thief, mingling with ease among the wealthy to find pigeons to pluck. Then Lord

Lambeth catches her in the act.

But someone else is interested in Marianne's secrets, as well. A dangerous shadow from her past is closing in, and Marianne finds she has no choice but to place her trust in the one man she fears may be as reckless as she...

---

### **Cristin Ferro says**

A pesar de ser algo obvia en algún momento me ha encantado como se desarrolla la historia en común de la pareja. Como cada atentado, cada intento de robo o cada amistad es estudiado con lupa por el otro. Sin duda lo recomiendo, ver a una ladrona y a un lord intentando entenderse me parece de lo más entretenido ;)

---

### **Jody says**

Really good follow up to the first book in the series. Although you know through the whole book who Marianne really is, I still enjoyed reading her story. Really like Bucky and Justine. Laugh like crazy imagining Justine putting on the disguise to try to set the trap for the killer. Really surprised that Marianne made it through this house party. Love the fact that Marianne helped Penelope get her man. Can't wait to read Nicola's story (wondering who her one true love was)....and wondering if the brother is really dead.

---

### **Roberta says**

I bought at a library fair to fill my summer reading shelf with low stress reading. What could be better than a story about an orphan brought up by family of pick pockets? Very low stress reading since it is a classic plot with likable characters, except for the bad guy, of course.

---

### **penelopewanders says**

It had been a while since I'd read anything by this author, and a long time since I'd read the first in this series. I have a vague recollection of a Mrs Ward, but don't remember much about what happened. This was a good story, and it was refreshing to have the main character be someone with such an unusual past, even if in the end all is as should be for a Duke's fiancée.

---

### **Usagi Tsukino says**

I didn't like it one bit, and I had to skip a lot of text.

---

## **Tara Placier says**

### **Beautiful story**

I can't wait to read the next one in this series to see what happens next.. great character. Just great story you will have to read it for yourself no spoilers here so sorry.

---

## **Denise says**

Second book in the Montford Heirs series. This one is the story of Marianne, who was brought to the orphanage at the age of 5, rather than alerting her grandmother that she was alive. Grandmother finds out 20 years later that she is alive and begins a search for her. Meanwhile the Cousin who is now the Earl of Exmoor and also the one who sent her to the orphanage, is also looking for her. He however, wants her killed so that it will not come out that he was behind the deceptions.

Lots of great romance and steamy goings on with yummy Lord Lambeth who has Marianne pegged as a thief. Great plot, great action and actually had me tear up at the end. I can't wait to read the final book about the son, John (who I believe is the highwayman Jack from both books!)

---

## **Wendy says**

As with the first book in the series, I liked this book but dropped two stars because the men, despite their proclamations of Trying To Be Gentlemen, simply “cannot help themselves” and make advances on the heroines when they are 1) drugged and 2) injured. I know the women respond and that is supposed to make it consensual, but please, these are women who yes, are attracted to the men, but yes, also not in their right minds at those points and the “heroes” should have kept hands and other body parts to themselves. Part of being a gentleman is controlling yourself. If it weren’t for those scenes, I would have given each book 4 ???. I am heading into the 3rd book with trepidation. I think the author is a good one, and I really wish those scenes had been edited out. In both books! How incredibly disappointing!

---

## **Celine says**

A nice romantic novel for a snowy afternoon or right before going to sleep

---

## **Jo (Mixed Book Bag) says**

This is the second book in the series. I read the first one several years ago. I enjoyed the book and will be looking for the third and final book.
