Savage Trust Cassie Edwards

A SLOW TRAIN COMING

In 1867 the iron horse came thundering into the Wyoming Territory, bringing settlers to the new town of Cheyenne and forever changing the lives of the Broken Waters Clan. In the eyes of Chief Cloud Walker, the Union Pacific would bring nothing but trouble; but unbeknownst to him, his destiny would also be riding those rails.

For beautiful, golden-haired Yvette, the train ride west to a new beginning had brought only death and disappointment. First her father had been killed by renegades, and then the man she'd promised to marry had been revealed as a reclusive cattle baron more than twice her age. When still another derailment landed her in the muscular arms of a very different suitor, Yvette didn't know what to think. Tall and lithe, Cloud Walker was sought after by all the women of his tribe, but his midnight dark gaze said the blue-eyed beauty was the only one for him. Though their love was forbidden, thought their passion might bring heartache, she knew her life was on track at last.

This is #16 in Savage Secrets Series.

Vicki says

Yvette came out west with her father to marry her father's best friend Rafe Hampton a wealthy cattle Barron. Her train is attacked by renegade Indians and her father is killed and scalped in front of her eyes. When she is rescued and meets Rafe she refuses to marry him. She is on his train on his sour line he is building when it is derailed by Rafe's worst enemy and everyone dies but Yvette. She is rescued by Cloud Walker and taken to his Cheyenne village. She is afraid of him for many reasons.

It is a bad time for the Cheyenne people. Rafe is fencing with barb-wire. His enemy Leo has brought sheep to graze the land and they are destroying it. The Cheyenne are losing their land and many have already given up and moved to a reservation. This is an exciting time and a sad time.

If you love Native American romance you will like this one.

Ursina says

it was alright but I didn't like the formal tone and language within the book. People don't talk like that, it sounded so stiff. I like the ideas within the book though.
