**Sky Realm** Rebecca Moesta , Kevin J. Anderson

The thrilling conclusion to Kevin Anderson and Rebecca Moesta's Crystal Door's trilogy finds cousins Gwen and Vic and their three friends forging the magical Ring of Might and defending all of the worlds beyond the crystal doors in their final battle with the dark sage, Azric.

When their friend Sharif is called back home by his father, the Sultan, Gwen, Vic and their friends travel to the flying city of Irrakesh. When they return, they find that the Sultan is dying, with Sharif the next in line to be Sultan. Soon he will have to choose between duty and destiny, but before he can do so, Irrakesh is attacked and the city is taken hostage by dark wizards evil army.

In their previous battles, they faced Azric by land and sea, now they take to the skies for the climactic showdown with the evil wizard and all of his dark forces.

# From Reader Review Sky Realm for online ebook

## Lauren says

I so badly wanted to like this. I was ready to like it. I tried, I really did, but I just couldn't like it.

(I never read Crystal Doors 1, sue me.) Crystal doors 2 was a great read- mindless fun, magical, lyrical and absorbing. It seemed like it would have been a fun book to write, as well! However, this one was a huge disappointment. It seemed to suffer from Conclusionrushedtomeetdeadline-itis. The sentences were choppy, the conversations were unnatural and confusing, and it just felt forced and rushed all around. The book was also packed with a ton of choppy, dry action scenes that would have been bvetter suited to amovie script. (Seriously, this would have made a great movie. Imagine sea serpents and dinosaurs together, talk about box office boom!)

Also, what the hell was up with the ending? Everything was just resolved too quickly, everything felt anti-climatic. And the characters just seemed to pair off in the last few pages... wtf?? Was that necessary? I mean, I could elaborate on a lot of this, but it's one of those books that was just too 'meh' to care much about, so I don't hate it enough to rage or rant or even do much of a review, really. Just meh.

## lafon ???? ???? says

So of all three books, I only disliked this one. Yes i get that the trilogy is cliched, trite, and rather static, but for some reason I enjoyed the first two. This one had a cliché every paragraph, the characters "hooked up" right in the last 2 pages, and a whole host of other problems. So, like yeah, whatever.

---

## Debbie says

This was a good ending to the trilogy. I hope that there will be more books about the characters. I liked this series.

---

## Travis says

Despite this being the third book in the series, I couldn't help but grit my teeth at parts of this book, the writing was not as well done as the first two, it was more like the author was rushing to complete the story for a deadline, than writing for the sheer enjoyment of it like with the other two books. In entirely too many places, I found myself baffled at the actions of the characters, and in more than one instance, the actions assumed to have taken place in the next chapter did not in fact actually seem to have taken place as written. Still a nice finish to an excellent series, and one I'd not mind visiting again should there be further adventures in this universe, only next time (if there is a next time) I hope the author takes more care with the storyline, and makes it more coherent.

---

### **C.O. Bonham says**

In the thrilling conclusion to the crystal doors trilogy the five children of prophesy must travel to the flying city of Irrakesh to convince the sultan to let his son remain in Elantya. But event quickly escalate into an epic battle against Azric and his evil minions.

This series should be a movie. OK three movies.

---

### **Sebastien says**

Troisième et dernier livre de la série Crystal Doors.

Ce livre est de loin le meilleur de la série et je l'ai lu beaucoup plus facilement.

Pourquoi la note basse?

Ce livre est plein de plot holes, d'histoire qui finissent pas et de fait inexpliquer. En plus à la fin on a l'impression qu'il y aura une suite dans une autre trilogy qui suivra l'âges des lecteurs.

On peut espéré mais rien de prévu par l'auteur pour l'instant donc il faut ce contenter de ce livre qui ne rassasie pas et qui laisse sur notre faim.

Je ne m'attarderai pas sur ce livre, je le recommandes à des enfants âgés de plus de 8 ans avec un contrôle parental sur certaines scènes d'action.

Sinon un livre très correcte qui se lit bien mais qui ne réinvente pas la roue malheureusement.

---

### **Armine says**

My classmate gave me this book 2 years ago.....and I haven't even read half of it. I will probably read it again soon, if I have time to spare.

---

### **Sami says**

Amazing. You never get bored while reading this book. Some things are predictable but there are still some surprises. The best book in the trilogy.

---

**Andrea says**

Very immature. The writing was a little shallow but I had read the first two so I felt like I needed to know how the series ended.

---

**Danielle says**

I enjoyed the series as a whole, though I've grown out of it's age range, so my interests fell out of favour with it, but I liked the book nonetheless.
