8 stories of true mate love are in this shifter romance collection from USA Today and Bestselling authors. Read about how fierce women tame their alpha mates and fill a few hot summer nights with the magical world of shifter love stories. Don't forget to fill your nights, too. Look for the sister box set, Summer Shifter Nights for 9 more books.

The Lion's Pride – Olivia Arran

Lara would much rather celebrate her new divorce with a pint of ice-cream, but her friends have dragged her on a girl's night out, promising fun and cocktails. In the middle of plotting her escape, a chance encounter with a smoking hot lion shifter has her reassessing her vow to avoid the entire male species. For one night, anyway.

Bear Skin (A Billionaire Oil Bearons Romance) – Isadora Montrose

The veteran & the virgin. BBW midwife Jenna has never found her fated mate. Frozen, billionaire Zeke wakes up in a naked angel's arms. Now he plans to claim his place in bear heaven—forever.

Chance – Selene Charles

Chance Hawthorne only knew one thing in life...mating wasn't for him. He might be forced to endure the bloody ritual, but that didn't mean he had any plans to settle down and make baby grizzlies. Until the day he meets Bronwyn Crow and all bets are off. He wants more than just her body for one night of fun, he plans to make the woman his future, the only problem now is convincing her that she wants him too...

Bil-Lion-Aire Protector - Harmony Raines

After being cruelly let down by her first husband, Jen, mother of two wonderful boys, has found happiness with billionaire property tycoon, William O'Donnell.

He is the man of her dreams—even the most erotic ones.

He's also a lion shifter, who promises her the kind of forever love she could only dream of after her husband walked out.

To Will, his mate and her boys, Jack and Cody, are the most important thing in the world. So when they are kidnapped, a man has to do what a man has to do—find them, at all cost!

Schooling the Wolf – Jacqueline Sweet

Welcome to the Penrose School of Magical Learning, a university for the study and preservation of magic in these trying times.

This story you hold in your hands is a prequel, a brief moment of romance and respite before the storm hits and consumes the school first in tragedy, and then in triumph.

Bear His Love – Scarlett Grove

Ginger Allen has come to Alaska to scatter her father's ashes--and follow a treasure map he drew for her on his deathbed. First, though, she has to hire an experienced backcountry guide to take her to her father's remote property. With a little help from Babs Bula, the stylish woman who just happens to be a matchmaker,

she finds Brock Montgomery. He's certainly well qualified--but the rugged outdoorsman is way too sexy for his own good. And her grieving heart isn't ready for everything he makes her feel.

Her Dragon's Heart – Julia Mills

What do you get when you combine one head-strong dragon shifter with a young woman whose past won't stay hidden? Then add a coven of demon-raising wizards and a Fate that will not be denied? The perfect recipe for sizzling romance, spine-tingling intrigue, sword swinging action and swoon-worthy love. Enter the world of the Dragon Guard...Forever be changed.

Called by the Vampire – V. Vaughn

When Maggie Evans had a heart transplant, she received more than a new organ from her donor. She also got a piece of the woman's soul and now, Maggie can feel emotions she can't explain.

From Reader Review Summer Shifter Days: Multi-Author Box Set (Shifters in Love Book 1) for online ebook

Heather Hackett says

Bear skin is the only one I've read so far. Jenna is a nurse to her clan of bears and the humans on the mountain where she lives. Things had been a little crazy lately with all the bad weather. Zeke's last mission had not gone well and was now being forced to leave the Rangers, plus his grandfather will was making everyone crazy so he decided to take off to the mountains. They both have problems and with help they see how to help each other. Sweet touching story with a twist or two for good measure. All who love shifter stories will love this one for sure.

Lory says

I absolutely love a box sets their so many books to choose from so many new author to get familiar and introduce to their work. With that being said I haven't read all the books in set so my review is only for Olivia Arran -The Lion's Pride

Let me start off by saying that I really enjoyed this short story. Even though I enjoyed it I found myself extremely frustrated with Zane and Lara they were a bunch of idiots. Miscommunication and other dumb variables keep them apart. Since I'm not one to give spoilers you'll just have to check it out for yourself to see what I'm talking about. But this book does teach a valuable lesson. Communication is key!!! Overall a enjoyable and entertaining read not sure if it's a series or not but I would definitely like to read more. I also will be checking out the others books in this set. I voluntarily read and review this ARC no monetary compensation was received the opinions I have expressed are my own.

Keoki Ki`Ili says

This is a great collection of sweet stories, most previously published and still great reads

My review is for Bear Skin

Caught in a storm Zeke finds his way to Jenna's cabin by the skin of his teeth. Jenna knows what he is immediately but Zeke wasn't raised bear, so he's confused. Three days in a blizzard teach Zeke not to let Jenna go. Dealing with his PTSD isn't easy but Jenna never let things get her down.

I received an ARC of this story and have voluntarily chosen to review it here

Summer Shifter Days: Multi-Author Box Set Shifters in Love Book 1
by V. Vaughn, Isadora Montrose, Harmony Raines, Olivia Arran, Jacqueline Sweet, Julia Mills, Scarlett

Grove, Selene Charles

???????????

This is a exceptional Box set, all of the authors in this box set are very talented plus they are so entertaining. The box set gives you incredible and amazing stories that are full of excitement with lots of drama. Each story has some amazing characters that's gives not just one but all the paranormal elements of romances.you can want to read. This Box set is the first time I have read all but one author plus I am a book stalker of all but one which I will be changing asp. I thoroughly enjoyed reading this Box set of some of my favorite authors. This is an incredible box set that I am so happy to own it's so awesome to get to read a book by these gifted ladies. WOW! Eight true mate stories that are a phenomenal stories to read from these USA Today and Bestselling authors.

Called by the Vampire by V. Vaughn

Oh My this is a great love story of a lifetime. If you are looking for a book that will grab your attention from the first page, this book is one that will pull you into this engrossing, captivating story until the end. Called by the Vampire is a love story more the century it's full of loss, redemption, and loyalty. Please try not swoon over the alpha male characters while I have nothing but applause for the feisty heroine. How many times have a cliffhanger, been romantic exciting and wrought with difficulties and tears, plus the ending is happy as you can wish for any AWESOME tale.

The Lion's Pride by Olivia Arran

WOW! How can you not enjoy everything about this story. It's a charming heartwarming romance. This book is about Lara and Zane. There is lots of drama and it's very emotional. I really enjoyed reading this story, it's a fun story that will make you laugh and sometime just put a smile on your face. Either way you will be captivated by this book. I didn't want this book to end as I cried at the end. The story is awesome, potent, impressive with engaging characters, it's a spectacular story with intense but very vivid scene descriptions, fabulous humor, life threatening incidents, suspenseful, camaraderie, heart-rending moments, heart- stopping pulsating sensual scenes, and a HAPPY EVER- AFTER.

Bear Skin A Billionaire Oil Bearons Romance by Isadora Montrose

OMG one of best book ever! Isadora Montrose has outdone herself with this one. I absolutely enjoyed this book! I could not put it down. Zeke and Jenna have amazing chemistry, something that's so special only a few couple's have it. These characters along with their individual stories are great. This is so much more than what I expect from two dynamic characters. It's suspenseful, enjoyable, and the characters are most certainly developed. The veteran & the virgin. BBW midwife has never found her fated mate. Frozen, billionaire Zeke wakes up in a naked angel's arms. Now he plans to claim his place in bear heaven—forever. This was all I could have anticipated and then some. It totally wowed, excited me with entertainment and more everything. I know that this book will always have a special place in my heart.

Chance by Selene Charles

Chance is such a fascinating book to read, it's so compelling with a great flow of words that makes Chance fast pace and beautiful written. The characters are engaging and lovable. The scenes are sensual, explicit, scorching HOT with some humor in the mix. What a amazing dialogue it's so exciting, with such love between clever and persuasive. This is the first book I have read written by Selene Charles but certainly not my last. This is another SPECTACULAR book for this box set, Chance is a grizzly bear shifter. Chance is charming and a very handsome ladies man, he is a ladies man who I must say affirm for me that bears are my favorite shifters I am in love. Bronwyn Crow is a black bird shifter this is my first BBW black bird shifter and oh me oh my she is so adorable and fiesty. I adored and enjoy Chance it's a most gratifying read. The characters are more than convincing and certainly praise-worthy.

Bil-Lion-Aire Protector by Harmony Raines

Bil-Lion-Aire Protector I must admit is a book I thoroughly enjoyed reading! What a intriguing and interesting book this is. It's one of the few books that I have read that is well written with a awesome story, which offers drama, suspense, intrigue, action, danger, attractions, lust, love and emotional feelings. The characters have emotional feelings with needs and desires according to their personality. I enjoy a story that

makes me LOL! It's no secret that I'm a big fan of Harmony Raines and her paranormal romance series. All of her books are excellent with amazing characters that's fun to read. Can you think of a book that has a Lion and Dragon shifters well this book has. I absolutely enjoyed reading this book. William O'Donnell and Jen has a beautiful relationship and of course the sexy times are blazing hot scenes that are tastefully done so that boundaries of your comfort level isn't push. In a very yummy and steamy way. This book is a fantastic and fun to read. The romance is paced just right. I really enjoyed Jen's twin boys they make the supporting cast wonderful.

I enjoy this author's writing style. Her descriptions evoke images in my mind and it felt like I was watching a movie with great cinematography rather than reading a book.

Schooling the Wolf by Jacqueline Sweet

Welcome to the Penrose School of Magical Learning, a university for the study and preservation of magic in these trying times. What's particularly refreshing about this book is that it's a great prequel for this series. This book gives you a peek into Penrose School of Magical Learning as the young adults study magic seek to love. It's a short story that gives a preview of how magnificent this series of books will be. The characters are lovable, charming and definitely praise worthy. This story you hold in your hands is a prequel, a brief moment of romance and respite before the storm hits and consumes the school first in tragedy, and then in triumph.

Bear His Love by Scarlett Grove

Another absolutely engaging tale that has the reader feeling nothing but awe for these fascinating stories from these authors, and of course this one is no exception.

There has never been a truer statement than this, Bear His Love is a BBW Surprise Romance it's a standalone novel with no cliffhangers and a Bear so hot you can't say no to him. There is sizzling, heat and action!

WOW! This story has the perfect blend of drama, mystery and sexiness. It's a joy to read. It kept me utterly captivated throughout the book. Scarlett Grove grabs my attention with the prologue and never let it go until the very last word. I found myself so connected to each of the characters in some way. It made me be able to feel their emotions which made it easy for me to be drawn into the story. Ginger Allen came to Alaska to do as her father asked. But with the last of her funds she needed to hire an experienced backcountry guide to take her to her father's remote property. Brock Montgomery is a Bear shifter and the clan's alpha plus he is certainly qualified. I enjoyed how well Scarlett Grove develops her characters. I believe once you start reading this story, you really won't want to put the book down. The dialogue is passionate, realistic, and you will love the interaction between the main characters, the chemistry is scorching hot and they leap off the page with life that's so real. There are some twists and turns to this story and I hope you are as captivated all the way to the end. What a SPECTACULAR fast paced and entertaining read. I enjoyed this story it's such a gratifying read. The characters are more than convincing and always so realistic. Ginger Allen is such a fearless character along with Brock Montgomery who is a Alpha bear who clan wants him to find his mate and he has a unwavering alpha protective instincts which shines throughout the story. If you are like me your TBR List is long and you wish you could just do nothing but read and get caught up on your list. But If you love paranormal romance then you will move this series to the top of your TBR list it's definitely a great choice Believe me you won't be disappointed.

Her Dragon's Heart by Julia Mills

Her Dragon's Heart by Julia Mills is a magnificent read that I have enjoyed reading. I enjoyed reading all of Julia Mills books, once you get acquainted with all the awesome characters from before and the characters in this book which are amazing, powerful, exhilarating and full of surprises. I was captivated from the first page to the last page.

What a perfect recipe for sizzling romance, spine-tingling intrigue, action and swoon-worthy love. Enter the world of the Dragon Guard. Even though this is an extraordinary story, it's just a very easy read with a tremendous amount of excitement. All in all, it's a Fantastic read! have to admit that I was totally surprised how thrilling this story is. I'm happy I found this book as exciting, creative and well written. The story is still so compelling plus I love the romance. I enjoy dragons and where men are men and women are glad of it.

This novels have a strong romantic plot.

I really enjoyed reading this box set. I'm a hopeless romantic and these books gave me romance and so much more. Every book is Fantastic and scorching hot, sexy, it has violence and sassy attitudes. The Heroines are BBW with Alpha males that wants to claim their mates. If this is not the kind of stuff you like to read, skip this box set. However, if you're a fan of all things naughty, sexual tension, action and humor, this is a perfect fit for you. Enjoy! This is a great box set to add to your TBR list. I'm so excited about reading the next volume of books. I would recommend this box set to anyone and everyone. You should put it on your TBR list and buy it now it's well worth the price plus It's A Must Read.

Robin says

I love when I find boxed sets filled with shifter stories this time I got to reread some old favorites because they are in this sets.

Bear Skin by Isadora Montrose was awesome she always takes me to a new heights filled with lovable dragons and bears. If you haven't read her I recommend her wholeheartedly.

The Lion's Pride by Olivia Arran another great story teller she makes you wonder sometimes if that new neighbor is a shifter her characters are that believable.

Her Dragon's Heart by Julia Mills I have followed her since the beginning and have enjoyed all of her shifters and those snarky characters of her.

Those are just a few of the stories contained herein. If shifters are your thing grab this while it lasts.

Helen Moxham says

A mix of bad and good stories

The whole anthology contained a mixture of well written, entertaining stories among badly written, wooden style stories. The good stories were just that, well written for the most part with a steady flow and strong characters that pulled you into the storyline. The badly written tales were full of proofreading errors, missing words, stilted reading style and wooden characters. It was disappointing that these tales were not checked prior to publication. Overall, this anthology was very disappointing and make me glad I got it on KU instead of purchased.

Dmcl says

Bears, dragon, vampires... what a great set of stories by an amazing group of authors! Any lover of romance in general and PNR in particular would be thrilled to own a copy of this anthology and whether you are familiar or unfamiliar with these authors you are in for a treat. They write about characters so compelling in worlds that are beautifully imagined and described. Here's but a sampling:

Bear Skin by Isadora Montrose is a beautifully written story of a wounded warrior Zeke and the healing he gets for his body, mind and soul from his fated mate, the remarkably generous PA Jenna. Each has spent his and her life serving others. Now is their time to see to their own needs with the one and only love of their lives.

Called by the Vampire by V. Vaughn is an intriguing story of young Margaret who sets out to live fully what remains of her life. Recipient of a heart transplant that has given her a piece of the donor's soul, Maggie takes a job as assistant to the Hart Brothers, enigmatic Sebastian and playful Alexander. What ensues is a story that draws the reader into what looks to be the makings of a very complicated relationship between the four characters, for Maggie's heart and its desires are part of this story as well.

Her Dragon's Heart by Julia Mills is number eight in the Dragon Guard series that pairs dragon shifting Alpha males with the one the Universe has created just for them. Each woman is fierce and powerful and our main character here is no exception, kidnapped by her evil grandfather to play a pivotal role in his demon raising plans. It's up to our hero Jace to save her and the day.

I hope these three examples whet your appetite and that you'll take advantage of this great opportunity to read these wonderful stories.

All old books

The majority of the books in this box set I have already read. They are all old books and If you are a fan of most of the authors like me it won't be worth it. It's not like month old books some of these books I know it's been way over a year since I've read. The one book I hadn't read already turned out to be book number 6 in a series which is annoying. I want to read the series it Now It's like why read books 1-5 when I know enough. I will be reading the books after that one though. Now I doubt that I will be downloading and reading Summer Shifter Nights box set so be I'm sure it's full of books I've read too.

Sheryl says

Check out this Shifter Days collection by some awesome authors. Each author brings their own style of shifter story. I am reviewing Bear Skin only in this collection.

V. Vaughn
Harmony Raines
Olivia Arran
Jacqueline Sweet
Julia Mills
Scarlett Grove
Selene Charles
Isadora Montrose

Jen is awakened by a man during a snow/ice storm and her bear wants to lay claim to this man and bear but Zeke fights the attraction because he thinks he is broken.

what a fantastic collection you will want to grab now.

Susan Otto says

Awesome stories by various authors

Called by the vampire by Violet Vaughn-- a heart transplant human is a ghost writer for two erotica authors. This story is a cliffhanger and continues on to the next book. This continuing and intriguing story is a must-read. I surely will get the next book.

The Lion's Pride by Olivia Arran-- this fantastic book is about a lion shifter who finds his mate, then loses her, then find her again, and find her pregnant. Sound complicated. You bet. Enjoyable and funny read.

Bil-Lion-Aire by Harmony Raines-- a lion billionaire shifter finds his mate who is divorce and have two children. Her ex and his girlfriend take the kids for the week. Great characters, interesting plot, and some sexy encounters makes for an unique story.

Schooling the wolf by Jacqueline Sweets and Devon March-- that's amazing book is about magic and Academy days out of sorcery School unlike any schools you've known before. The characters are great and the concept is very enlightening in the world paranormal books.

Bear skin by Isadora Montrose-- this fantastic story is about a bear shifter who feels he has let down his men in the service of his country. He needs his mate after finding her in a snowstorm which he almost loses his life. The characters are funny sometimes and serious because of PTSD.

Bear his love by Scarlett Groves-- terrific book about a bear shifter leading a human to her father's cabin in the Alaskan Wild. They are followed by Thief wanting her father's gold. The characters and plot are interesting and unique.

Chance by Selene Charles-- can fated mate bear shifter and Crow shifter find compatibility and love? This one is a very unique and complicated situation. A must-read.

Her dragon's heart by Julia Mills-- Dragon shifter and a witch stage drama from the get-go. This is a must-read.

All of these books come highly recommended by me. I think I will continue reading books by these authors.

Review for: A Lion's Pride - Olivia Arran

This is a fabulous novella by Olivia Arran. It is immediately captivating, with an endearing storyline, full of passion, assumptions and misunderstandings. It is a joyful story, that keeps you turning the pages and wanting more... I would love a whole series based on these characters; truly enjoyable reading.

I voluntarily reviewed an advanced copy of this book.

david l hutchison says

Excellent, a great ? blending of romance and action.

I believe my heading says it all. However since I need more words I feel most will agree with me that these stories will leave the reader pleased and looking for more. I feel warm after completion of ? these definitely have to give my wife a big hug and ?.

Dawn says

Great buy

The is a wonderful chance to read books by the best shifter Romance writers out there for a very cheap price. Isadora Montrose's book was about bear shifters Jenna and Zeke who get trapped together by a winter storm and find that they are mates. He is broken and in pain and Jenna helps him to find himself again. This story is sweet, passionate, and heart felt and made me get the next story in the series.

Harmony Raines book is a Lion shifter book that has passion, a kidnapping, and a Dragon best friend. A woman learns she can trust new love even if she has been let down in the past.

Arlene Charles book is about a bear shifter and a crow shifter finding love. I know off combo but great love story full of steamy passion and tons of drama.

Olivia Arren's book is about lion shifter Zane and his human mate Lara. The book has some grate passion and drama but is mostly about two people having to over their pasts to find happiness in the future. I really loved this story

Scarlett Groves book is a bear shifter book full of action, drama and tons of passion. I always love her bear book and this one did not let me down

Great List of Authors Here!!

The Lion's Pride – by Olivia Arran

Divorcee Lara is celebrating 6-months free as she allows her friend to drag her to a speed-dating event. Lion-shifter Zane Sarson owns the nightclub and is regretting letting The True Date Agency host their event there – until he sees his true mate! Lara knows no one sticks around so plans on one night, and skips out early next morning. When she is left with a reminder of the evening she returns to the club to be told she has been barred.

Zane goes crazy trying to find his true mate. He has not barred her from the club, and does not realize what mischief is occurring behind the sense. Will these two ever make a match?

*** I am voluntarily leaving my honest review of this book ***

Patricia Hoffstaetter says

This is a well-written, fascinating shifter romance collection which immediately draws you in and you will be totally captivated until the last page. It is filled with extremely hot alpha shifter males, feisty independent women, friendship, mystery, adventure, action, PTSD, deceit, betrayal, determination, romance, passion, love and some steamy scenes. I really would recommend this box-set to people who enjoy reading shifter romance box-sets written by various talented authors, I sincerely doubt that you would be disappointed.

A book I really enjoyed in this collection was "Bear Skin"

This is a sweet, heartwarming bear shifter romance. The author approached the PTSD issues and survivors guilt very carefully. This romance is well-written, and the characters definitely had individual personalities.
