## Three-way Tie Sierra Cartwright

Lindsey wins a weekend with a renowned Dom, and when she arrives, she is stunned to discover there are two men to tie her up and give her the experience of a lifetime.

Two Doms? Lindsey has no idea what to do with one renowned, unyielding, strict dominant, but when she wins a weekend with Master Rafael, she's shocked to learn he's invited Master Eric to join him. One sexy Dom is beyond her experience, but two gorgeous hunks focussed entirely on her...?

Rafael and Eric are determined to give Lindsey the BDSM experience of her lifetime. It's not enough just to pleasure her physically, they won't be satisfied unless she completes the ultimate emotional and mental journey into subspace.

In one unbelievable weekend, they take her to the edge of her limits, testing her endurance in a way only two skilled men working together can.

Boy this book is hot! The scenes are sexy and with double the man meat! Lindsay isn't sure she can handle one dom yet alone two. She decides shes gonna give it a whirl especially since she'd spent a pretty penny and travelled far for the weekend. Surprises come from both sides and it was a fun read to see how they are handled. I am a fan of Sierra Cartwright and her books. This is just one more reason to like her work!

Short read about Lindsay's weekend with two Doms. Lively!

### **Marion says**

Lindsey wins a weekend with a Dom. When she shows up there are two of them. Within minutes of arriving she is naked; crawling on the floor with her shoe in her mouth to get beaten because she did not properly address one of the Dom's and did not show proper respect. It always amazes me how conceited and delusional those so called "Dom's" are.

This sub pretty much has to crawl through the house the whole time she is there. I don't know how she did it without doing damage to her knees since only the bedroom was carpeted. The Dom's did warn her that her comfort did not concern them.

As far as the things she had to go through, sorry no orgasm is worth this. I am always amazed that these subs don't end up permanently damaged and scarred the way the scenes are described.

Winning the opportunity to spend the weekend with a well known Dom, and his surprise guest would be a treat for any girl.

This book is so hot that it makes up for the small issues it has. Falling in love, on both their ends is a bit far fetched, but welcome all the same. Definitely a book you can read on a lonely weekend and put it down with a smile on your face.

Ms Cartwright continues to be magic when it comes to hot men.

As reviewed on Kinky Book Reviews by Riane:

OK, so my computer started having problems, and I had to spend some time reorganizing, scanning, and cleaning up my computer. The reason this is relevant is that I found some of my older e-books by authors that I used to read and love. I decided to go searching and see what they have new out there. First one up is Sierra Cartwright and her recent release Three-Way Tie.

I loved this story! Loved, loved, loved it. I wanted to be in this book. I wanted to experience everything Lindsey did. I wondered if Ms Cartwright had reached into my head, pulled out a few of my favorite fantasies and masterfully threaded them together into a fantastically hot story.

Then I got to the final chapter, and well, it was a bit of a letdown. After this great story that let me progress with the feelings of the characters, the ending felt like a rushed afterthought. There were some threads I would have liked more details on. I was just left wanting MORE overall.

I believe this book was written for the Subspace anthology which does explain the need for keeping the book to a set length. I just wish that it could have been expanded on a bit when released on its own. The book, even with the rushed ending, is very good. I still recommend reading it. Just be prepared.

#### **Physical Emotional Mental**

Lindsey wins a BDSM weekend with a distinguish Dom but when she arrives there are two men, Master Rafael and Master Eric. Both Doms focus on Lindsey's physical needs as well as her emotional and mental travel into subspace. If you want to know what happens after the weekend is over, you will have to read the book.

Lindsey wins an auction for a weekend with Master Rafael, when she arrives there is also Master Eric. She hasn't ever experienced subspace and is hoping she will with this weekend. She's definitely a masochist. Liberal use of clamps, spanking, flogging, double penetration. There's a LOT going on, a very sexual weekend. I think I needed a itsy bit more emotional connection for the ending but still liked the story.

3.5 cute, short and sweet

**VJ says**

Short, sweet and sexy. Lindsay wins a weekend with a Dom and ends up with two of them. Attraction is a strong one between Master Rafael and the newby sub. The weekend was a complete success. As a matter of fact more successful than anyone wanted or anticipated. Like I said short and sexy.
