Forever and Ever

Anthony Hulse

Forever and Ever Anthony Hulse

Following a car accident, Lucy Kinsella wakes after five years in a coma. She experiences terrifying hallucinations, and with the help of a psychologist, she discovers that she actually lived the lives of the spirits who visit her. A series of child abductions in the area of Whitby, Scarborough and North Yorkshire results in a gruesome cannibalistic discovery. A nationwide manhunt follows, as the suspect flees.

Attempting to unravel the mystery of Lucy's ghostly visitors, a team of ghost hunters conduct an experiment at the eerie setting of St Mary's graveyard, perched on the cliffs above the resort of Whitby. The frightening events that follow unlock but part of this enigma. Lucy meets James Meredith, a man who when under hypnosis also seemed to remember past lives. Together, the couple discover something so incredible and coincidental, or is it fate? Could they be somehow involved with what is happening to the children of North Yorkshire? A spine-chilling thriller with a terrifying finale.

From Reader Review Forever and Ever for online ebook

Suzanne Steele says

This spooky, gruesome tale of a young girl who has visions of past events is written in such a style that I did not want it to end. A truly frightening story, definitely not for the squeamish. I will definitely read more by this author.

Lori says

Fast paced and great characters with an unusual theme. Not for the squeamish, but very interesting.

Tobias Roote says

I enjoyed the book despite it being outside my usual reading genre. The plot is well thought out and presented in easy reading chapters. I enjoyed the main character and would have liked her experiences to be more indepth as these formed the main thread of the story. Still, there are enough twists and turns to keep you guessing right up to the end. Highly recommended for a weekend, or holiday read.

Mii says

This book was a great read!

Tom Elder says

Anthony Hulse

Forever and Ever.

I've read a few of Anthony Hulse books now and this one is up there with the best of them.

When children start to go missing then turn up dead with body parts missing the police are now looking for a murderer who also enjoys eating the victims.

A fast moving story this book has everything in it.

From start to end this book kept me captivated. In typical Anthony Hulse style it takes gruesome to a new level.

5* 28 May 2016.
