Just One Night

Caridad Piñeiro

Just One Night Caridad Piñeiro

He has just one night to prove to her that anything is possible . . .

Jason Hart, Jase to his friends, has just graduated college and earned his commission as a Second Lieutenant in the Marine Corps. It's the night of the graduation party and she'll be there. His best friend's slightly older sister, Nickie. Nickie is the only woman he's really wanted for a long time. He has just one night to make it happen.

She has just one night before the man of her dreams leaves, maybe forever, but can she find the courage to take a chance . . .

Nicole de Salvo has been in love – and lust – for her little brother's best friend for years. For years she's watched from afar and done nothing about her attraction for Jason Hart only now their time together is almost at an end. On their last night together will she find the courage to do something about her feelings, or will she live with regret for the rest of her life?

Heather Blair says

I was really disappointed in this book, and that makes me sad. Caridad Pineiro is one of my fave romance authors and this book was sadly lacking in the quality I expect from her.

First, I love smut as much as the next person, but this short was just pretty much one long sex scene bracketed by a couple of ho-hum window dressings.

And the sex wasn't particularly wowing either. :(

I like Jase okay and Nicole , too. But they were stock characters, with a cliche plot that COULD have sparkled nevertheless, but instead was just meh.

2 unhappy stars.

Stefanie Kral says

★★★4 Hot, Steamy Stars!!★★

This is my first book by Caridad Pineiro and it will not be my last. I'm usually not a fan of novellas simply because I feel like the story usually feels like it's rushed and that annoys the heck out of me. With *Just One Night* it definitely didn't feel rushed. Even though I wish it wasn't a novella, because I would of liked more of Jase & Nickie story. I wish I could of gotten flashbacks of them when they were growing up and just started having feelings for each other. And, how hard it was to fight off the attraction. But, after reading this I can see why Caridad is a NY Times and USA Today Bestseller. When I was done with this I didn't feel like I was missing anything.

Nickie is heading to her brothers college graduation. She is looking forward to going for one major reason. Jase. Her brothers best friend. They all grew up together and for as long as she can remember she's been fighting on acting on her feelings for Jase. She only has tonight to either step up and make the move. Or keep her mouth shut & go on life without him. He is a Second Lieutenant in the Marine Corps and is shipping out. Nickie isn't sure she'll ever see him again. So, for her it **MUST** be tonight!!

Jase has been best friends with Tommy his whole life. Their families have become like one big happily family. Tommy's family is a whole lot richer then his. But, you'd never know it. Tommy is having a huge party for their graduation. But, the only thing Jase is worried about is Nickie. He has been in love with her for as long as he can remember. But, never acted on it out of respect for his best friend. Now, that he knows he's shipping out does he act upon it?

It is obvious to anybody within 100ft of Jase & Nickie know they have feelings for each other. What nobody knows is why they have waited this long to act upon it. So, when Tommy goes up to Jase and tells him *"It's time to go big or go home."* Jase knows it's tonight that everything changes forever. He's just hoping it's the way he wants!

This novella was far from boring. It was hot hot hot!! I really loved Nickie & Jase. Nickie is totally not the one night stand kind of girl. Neither is Jase. After their night they have a lot of decisions to make. Trust me. You will not be disappointed!! I am going to just put this out there for Caridad. I **NEED** a full length book

of these two next please!!

Michelle says

Just One Night is a short novelette that brings together Jace & Nickie after they spent their youth denying their feelings.

Jace is just days away from deployment, leaving behind his family, friends and the woman that he's longed for... his best friend's older sister, Nickie. Jace has flirted with her, but always kept his desire hidden, but when these two realize that they've run out of time, they embrace the final evening together, not willing to live with the regret of saying yes.

This was short read. With these shorts it can be difficult to give the reader enough of a story, enough of a connection and still create a romance that has an impact. I think the author did a good job with these points, but something was missing for me during most of the story. I think I really wanted their attraction to be something bigger. I wanted to sense the longing that they both must have felt denying each other all those years. Although I felt a bit of a flutter when it came to this romance, that feeling never grew into something larger. But it was a good flirty read that was well written.

Karin says

“Go big or go home”!!! Famous last, or first, words! Good friends since Kindergarten and now they have just one night and they went big. I enjoyed the story and recommend it.

Jen_C says

Lucky 7 box set.

Not for me.

Rachel- Goodbye Borders says

Plot summary: Nicole and Jase have been secretly crushing on each other for *years.* Nicole, because she was shy and had some confidence issues. Jase because she's his best friend's sister (the "bro-code"). They both have to grow a pair because Jase is deploying to Afghanistan. A bit cliché. Not bad, but not great either. Just okay.

Chrissy Dyer says

Beautiful, erotic tale of taking a chance without any doubts

Rating: 5 Stars

Love a good marine story and what was not to love about Just One Night. Jase has just graduated college and is off on his first tour to Afghanistan with the marines. Jase and his best mate Tommy have a graduation party and Tommy's home and the only person Jase is dying to see is Nicole, Tommy's older sister. He has always had feelings for her but has never acted on them. He grew up with Tommy and Nicole and as he grew up, his feelings for Nicole grew. Jase can't believe his leaving and wishes he had the courage to tell her or act on his feelings but it was never the right time.

Nicole has always wanted Jase for as long as she can remember. She is gutted he's leaving and wishes she had given to her attraction for him.

They both leave their worries to the side and have one amazing night together full of sex, sex and did i mention sex! One explosive night for the pair of them leaves them wanting more but it makes it that more complicated.

I really enjoyed Just One Night and sometimes i really love novellas and this novella is why. It was packed with addictive drama from the start and i couldn't help but be hooked. I wanted it to go on and on and on. I already have One Special Night where we find out more about Tommy. I loved Jase and Nicole and their relationship. Really great characters especially the sexy, hot marine!

GraceMyBookSnack says

“You only have one night left. Take a chance...”

Jase and Nickie have always viewed themselves as off-limits to each other. Nickie is the older sister to Jase's best friend. They've known each other for a very long time. Their attraction for each other has been building for years. Now Jase has graduated college and will soon begin his military career as a US Marine. He will be deploying soon, so they only have one night to explore their feelings, their passions, and their heart's desire.

This is my first time reading one of Caridad Pineiro's stories. I am now a fan! I loved what she did with this novella surrounding the “Take a chance” theme. Nickie has always been the good girl. It is unusual for her to take a chance. Jase also held back on acting on his feelings out of respect for his best friend. When the opportunity arises...oh boy! All I will say is that the heat level is WOWZA in capital letters! Yep!

If you're in the mood for something short, sweet, and ultra-steamy, take a chance on *Just One Night*! Apparently, this is the first in the series. The next story will be about Nickie's brother. Yay! I can't wait to see whom Tommy takes a chance on!

Rhiannon Overby says

Jace and Nicki have loved each other for years, but have never took the risk in telling the other person. On the last night that Jace is in town before deploying with the Marines, they decide to risk it all for one night of passion.

This story is a very quick and easy read. While I love a good sex scene, this novella was pretty much one long night of mediocre sex. There was no conflict to drive the story forward, just the sex scene after the next. The characters both wanted the same thing from the beginning, so they easily fell into bed together.

If you're looking for a short story with a whole lot of sex, this might just be the book for you. Just know going into this story that there isn't a whole lot of substance that takes place outside of the bedroom.

I received a copy of this book in exchange for my honest opinion

Just One Night by Caridad Piñeiro

REVIEW

This is #1 in the Take a Chance Romance series. Ok so I dove into this book blindly, I didn't read the synopsis and hadn't read any of Caridad's previous books; I just jumped right in and I have to say I was pretty impressed with these short but jam packed novellas.

In Just One Night we meet the gorgeously swoon-worthy marine Jase Hart, who is secretly in love with his best friend's sister Nikkie de Salvo. His feelings for Nikkie have simmered for years, but out of respect he never acted on those feelings. Little does he know that the desire he feels is mutual and Nikkie has harboured fantasies of capturing Jase's heart for the longest time.

With his impending deployment looming, the window of opportunity is quickly closing for the couple and Jase realises he must lay his cards on the table or lose her forever... and this is when the impassioned emotional rollercoaster begins.

I really enjoyed this story and I was impressed with Caridad's ability to create believable tension between these characters within the short timeframe of this storyline. It totally worked for me and I think she nailed it.

If you're after a short but exciting read then this is definitely for you.

5 short but sweet stars for this novella

Peni says

I enjoyed this short story. It was well written and flowed nicely. I have noticed in many stories and this one as well a particular event that I am starting to wonder about. It is when both parties in the relationship really like and/or love each other but when one or the other, generally the male comes forward, the other party, generally the female backs away slightly for whatever reason.

This is really starting to bother me as it makes me think the persons feelings aren't really that strong to begin with. I believe if I was met with the person I was most attracted to, I would thank God and encourage that person, letting him know right away that the feelings are returned.

I don't know, but this is an excellent story and I will be looking for Tommys story as well.

Jasmyn says

This was such a fun story! I loved both characters - especially shy Nicole. Both her and her brother's friend, Jason, are finally deciding to admit to each other that they've been crushing on each other for years. This is their last chance to see what might happen.

Jason was the perfect guy! I love the sweet way he treated Nicole and it really allowed her to be herself - even if she was a little shy at first. Even though labeled as an erotic romance, there is plenty of story packed into the pages. The way they related to each other and discussed things really made it all seem more real.

This is a perfect story to pick up and read in one sitting.

SweetSweeede says

[

- There was no real conflict to drive the plot forward
- There was no real tension between the two characters, they wanted the same thing from the start
- The end was a quick resolve of a situation that in reality wouldn't change, the only thing that would change was that they'd spend another week

Ashley Martinez (ilovebooksandstuffblog) says

I received this book from the author and Paranormal Romance and Authors that Rock.

Just One Night is a short erotic novelette that can be read by itself .

Nicole has been fighting lust and fantasizing about her younger brother's best friend for years. Jason is a Marine about to be deployed to Afghanistan. He always had eyes for Nicole but didn't act because he didn't

know how she would react and because she was his best friend's sister. At his graduation party he finally takes a chance. Just one night left till he goes and it could go horribly wrong or oh so right.

The story was a short quick read. The story moved quickly as did the plot. Since the characters had a history it didn't make the story feel unrealistic and unbelievable. Both characters were relatable with their feelings. The story moved a little too quickly for me but that didn't dull the passion one bit. You still got that curling your toes feeling that made you smile.

I recommend this for a mature audience looking for a short steamy read.

I rate this 4 fangs.
