Paisley Sage and the Hole in the Sky Mallory Evans

Painite Forest is withered. Fairies are grounded. The only certainty is that Ama'rel is lurking in the shadows, waiting for laws to be broken to exact punishment. Paisley, an Adaya from the bank of the Marama River, finds herself orphaned and alone after a brutal attack on her village. She reluctantly embarks on a quest to Aureen Territory with two unlikely companions. Together, the three friends try to put aside their differences while meeting other forest creatures along the way to Astradoma. Just when it seems things are going their way, a shocking discovery and a direct confrontation with the Nefarites leaves them reeling. Together, they must fight the odds to reunite fairy-kind and reclaim their heritage of magic and flight.

This is a well written fantasy book that reminds me so much of Tinker Bell because of how real the fantasy world feels. Basically, the world building is amazing, and I love the different species, the different magic, the foods and clothing, the way they build things, how they live, and how the only difference between the warring Gefen and Adaya is the colour of their wings.

There is also plenty of action [definitely satisfying], and so many secrets that you get caught in the web and you hang on for the ride because you don't want to let go. And the innocence as well, of the young fairies, is a beautiful thing because as you read on you watch them mature and grow and shape into wonderful young fairies and it's just great.

Which brings me to the characters. All of them are so different, so unique, and yet still Dorin, Zephyr and Paisley come together and form a friendship none of them saw coming. And then there's Ak-not, and Pilar, the two Nefarites they found and helped along their journey. They all helped each other in some way, and even came together in the end to save their world from the Ama'rel. Though I must say, Mel'kay was never a favourite, and I dislike her even more now for what she plans to do to Paisley.

And I am even more intrigued by Paisley now because of what she is and what she plans to do. I feel bad for Dorin, with how she fled to protect him, but that makes me wonder what she will do if she ever sees him and Zephyr again. And the stranger who met up with her, gosh I still want to know so much! I hope there's a second book, I really do.

But anyway, I seriously recommend this book for anyone who loves fantasy. And it's definitely worth a re-read.
