The Baby Contract

Riley Rollins

The Baby Contract Riley Rollins

Marriage and promises and white picket fences...?

Mistakes I'll never make again. I'm over that fantasy.

So is Libby, and that's why she's the perfect surrogate for my baby.

She gets paid, and I get an heir to the Mason family name.

No fuss, no muss. Easy, right?

I need a woman who'll let me impregnate her for pay.

Libby's got zero interest in babies or a husband. She needs money, not complications.

Yeah, I'll marry her to make it look legit, but I want a f*cking business deal. A contract. Legal, straightforward... *Shatterproof*. After Libby gives birth, she's gone for good.

...But once she's got my baby in her belly...

Simple gets complicated.

Ripe and luscious, with fertile curves that beg me to plant my seed, *damned right* I'm going to spread Libby's thighs and put my rock hard plow to work... Over and over again.

Nine months? I've got to have more. Her body is my responsibility, my possession, *my addiction*.

F*ck the agreement... *This is gonna get dirty.*

MsChris1161 says

THE BABY CONTRACT by Riley Rollins is one of my favorite genre's, a marriage of convenience, so I was very excited to check it out. The story is good. Libby is a beautiful, sweet woman and it's so easy to see why Jack can't help but truly fall in love with her. Likewise Jackson is a kind, patient, loving and very sexy man any woman would love. Jack's family are all sweet and accepting of Libby, especially Jack's sister, India. Their relationship changes in a very natural progression despite the very intense attraction they feel for each other right from the first. There is a secondary story as well, the author does give clues but does a good job of keeping it under wraps until the end. Overall I enjoyed the story, my biggest issue being that it dragged. I felt the story might have been even better if shorter. 3.5 stars

Amy says

I had very low expectations. This was a new-to-me author and it wasn't the reviews that got to this book. The book blurb hinted at a trope I like so I went ahead with it but I was thinking that there'll be a fair amount of skimming in it.

Alas, it wasn't so! I ended up really liking the author's voice and the got sucked into the story. Some parts did drag too long and some parts were too rosy and good-to-be-true, but overall, I enjoyed the book and would definitely be open to reading more of this author's work.

M. Christine says

I received this book as an ARC for an honest review. Jackson Mason, rich, handsome, recently divorce and wants a baby. So he hires a young woman by the name of Libby to fulfill his Baby Contract. It was supposed to be all business, but when the author of this book is Riley Rollins more than business will occur. When Jack & Libby first meet, it's an instant attraction and neither one of them can keep their hands off the other. In which, Riley Rollins writes in full steamy description. I find this novel to be sweet, loving, & very hot with a bit of drama from an ex-wife, but no spoilers here for me. It's a quick, fun read if your into Erotic Romance and if you are then this book is for you.

GypsyBelle says

Libby and Jackson , what a pair they make. This book kept my attention for the start til the end. It was funny, romantic , filled with drama, and sweetness. It was a well rounded read for me. I loved Jackson and how he came around quickly to loving Libby and all he done for her. And Libby, how she went to only wanting to get her art out there to loving Jackson even more.

Teresa Lara says

Libby and Jacks love story started with a simple contract. hot read.

Veronica LaRoche says

Jack has always wanted a family, but when his wife decides she wants a divorce, that doesn't stop Jack from wanting a family. Jack always get what he wants a decides to get a surrogate to carry his baby and his sister India friend will carry his carry his baby and sign the contract. Keeping it just as a business deal will be difficult when Jack meets Libby for the first time. As time goes on feelings grow that neither of them expected. Great story that will have you rooting for Jack & Libby to have what they both truly want. Truly sweet story and love how much you can feel Jack & Libby emotions as you read their story.

Title: The Baby Contract
Author: Riley Rollins

This is a must read

Neither want a relationship nor commitment to another so of course this business transaction will work out

perfectly, or will it? But we are talking about Riley Rollins as the author so you know that she going to spice things up

➡ Jackson Mason, rich, handsome, recently divorce & wants a baby. So what's guy to do? Jackson try the white picket fences thing & that didn't work out, so decide to young woman to fulfill his Baby Contract.

➡ Libby Jones is an artist with a cash flow problem. Hired to be surrogate, her own mother gave her up for adoption when she was only few weeks old

This one of those book you won't want to stop until you finish the book, it does have few twist & turn in road

➡ Hope you enjoy this read & also always keep in mind this is just my opinion

➡ **"I voluntarily reviewed this ARC" ..**

.**In exchange for an honest review.**

Lynn Thinking out loud says

What a wonderful story. I loved both the Hero and heroine. Jake and Libby became friends while she was only suppose to have Jack's baby they both wound up getting a lot more. I loved the way the family was a loving and supportive family and not just some snobby arrogant rich people.

I highly recommend this book.

Sara Oxton says

The Baby Contract by Riley Rollins a fantastic five-star read. This is another great story from Riley Rollins that will take you places you don't imagine.

Jack Mason is the head of Mason Steel Corporation, he is used to getting what he wants in everything apart from when it comes to his ex-wife. She failed him when he needed it most. Jack has always wanted children and with the help of his sister India he finally thinks he has the chance. Jack has come to the conclusion that he can buy anything, as money speaks.

Libby Jones needs money, she is penniless and homeless and all alone in the world, so when her friend India proposes a solution, it seems like a win, win to Libby. She gets the money she needs to set herself up for life and gets to have the experience of having a baby, without the actual baby. Something Libby has never wanted, due to the circumstances of her birth. The problem is that India neglected to mention that the baby daddy was super-hot!!

What happens when you have a concrete contract, everyone gets what they want. Until feelings get involved and complicate things. As we all know artificial insemination isn't the only way to make a surrogate baby.

Jenny Brightman Harris says

I received this book with the understanding that I could leave a voluntary and honest review.

In this book we meet Jack Mason and Libby Jackson. Libby has been alone all of her life. She was given up as a baby and has lived in foster homes since that day, some good some not so good. So when her friend India tells her that her brother is looking for a surrogate she thinks this is perfect solution for her. Libby wants to carry as child but doesn't believe that she will be a good mother so she believes it will be better to give the child a loving home that Jack can provide. However things change after she meets Jack. Not only is he handsome as all get out but he is giving her so much that she finds that she is developing feelings for him. Can she have it all or will she lose everything before she even gives it a chance?

Jack isn't looking for the perfect family anymore. He has his parents, brothers and his sister. However the way his marriage ended makes him want the child he just doesn't think he wants the wife anymore. This is before he sees Libby. He knows she will be the perfect woman to bring his child into the world however he finds himself wanting her for more than that. Will he be able to find out what he really wants before it is all too late or will his pride stop him for having it all?

This is a great story about wanting it all and being willing to go after it. There are many twists and turns in this story and just when you think you know how it will all go it changes. I want to tell you so many things about this book but don't want to ruin it for any other readers. I will say this book will have you hooked from the first word to the very end. I would highly recommend it to anyone and everyone.

SBee Reviews says

Review Rating: 4.0 out of 5 stars.

"Ready and willing" becomes "ready and wanting"

I received an Advance Reader Copy for The Baby Contract written by Riley Rollins and voluntarily reviewed this book. Jack Mason is at the point in his life where he feels he finally has everything in its place. With hard work and dedication, he managed to turn a multigenerational family business from operating on a hope and a prayer back into a successful company once again, which was in fact poised to merge with another successful major company. That was when Jacky suddenly got served with divorce papers from his wife Elaine, who did not have any desire to start the family he was now ready for and wanted out as well as financial compensation.

With some support from his sister India, Jack agrees to meet with her friend Libby, whom she feels would be the perfect surrogate for Jack's baby, because he now was running out of time and needed to jumpstart his family. They meet and were quite attracted to each other...but both need to remind themselves that the contract they signed requires her to leave his baby behind and not look back.

Libby was given away when she was merely four months old, so she grew up with the stigma of being abandoned and taught herself to never need others to share her life. When feelings come into play with her arrangement, and she gets married for the sake of the baby's future, she realizes that both Jack and the baby will be hard to leave, even though the baby will be set up in the best of care possible, with a loving and supportive family anxiously waiting in the wings.

We have business drama, sexy scenes, Libby reconciling her nonexistent past in order to move forward and find herself, and more in this story. Another great read from this author!

April says

I received an arc in exchange for an honest review.

I really liked this book. The characters had great chemistry together!! There are a few twists that you don't really see coming, but then again its really not a shocker. I really loved this book overall, cause there is a great HEA!!!

SouthernAngel says

A man who desires a family of his own, and a woman with no family roots, can they turn a fake and business relationship into something real and meaningful? One click this this slow burn love affair with powerfully charged chemistry a little drama and lots of emotion to find out.
