## **Unsettled** Elene Sallinger

Mona Van Hove has spent a lifetime trying to let go of her dreams of a man that doesn't want her. From the moment she saw him, Mona knew that Wade Stalls was the only man for her. Too bad he ran the other way as fast as he could.

Wade Stalls took one look at Mona and knew she was the one he wanted, but she was too young when they met. Now, she's grown and just as desirable, but she treats him like a pariah every time he tries to get close to her.

When he finally gathers up his courage to confront her, he finds her in the arms of another man. Is it too late for them? Or will they finally find their way into the only place either of them wants to be ... with each other?

A great romance with wonderful characters. I love the way the author brings characters from previous stories into the current story.
