## When A Boss Falls in Love Tina J.

Meadow, Maci, and Melina were three sisters who didn't want for anything because they were born into money. None of them needed a man to give them anything but love; yet each of them had standards that no man could measure up to.

Meadow who is the oldest of the three gave up on men her freshman year in college when her ex cheated on her; causing her to lose focus and ending up on academic probation. She swore men off for the next few years because of it. Now that she's graduated, she decided to find someone to occupy her lonely nights. The man she falls for is a Boss with a secret that can destroy everything he was trying to build with her.

Melina found her knight and shining amour; however when she reveals something that she's been holding to he will turn his back on her, leaving her with a broken heart.

Maci is the youngest of the crew who is finally finished with high school and finds herself falling for her first bad boy. He is a few years older but can't seem to get enough of her and vows to make her his no matter what the cost.

These three sisters will take you on a ride with them and their men that will have you wondering what the hell just happened.

#### **Fitting title**

A quick storyline but a good read. These couples got together really quickly. Meadow, Maci, an Melina are all smart women but meeting a real boss in Khalid,bruno, an gage brings drama in their lives. Jealousy,baby mama drama, ex stalkers and even family can't be trusted.

#### **When a boss fall in love**

This was book and had me glued from the very first page. I loved the sister and the relationship they have with each other. The ending was crazy. I'm starting part 2 right now.

Absolutely enjoyed this book. I read it just in a couple of hours and was fully engaged from the first word to the very last. The sisters irked my nerves a few times but that made the book even better. Khalid, Bruno, and Gage surely know how to turn women into some serious fatal attractions and I can't wait for part 2 to see what they have popping off next.

### **When a boss falls in love**

Khalid, Gage and Bruno need to get their exes under control. Especially kahliad. Maribel is out of control. Gage's mom and brother need to be killed

### **Damn!!!**

I liked how these men knew what they wanted and went after it. I felt for Gab and the predicament his brother had put him. Khalid was time enough for Maxi right along with Melaina with Bruno. This book had the right amount of crazy to it with lovable characters. I can't wait for part two.

Khalid Gabe and Bruno are three bosses. I won't give the story away but Jessie and Tyler gots to go. Hurry up with pt 2.

## **Book Boyfriends Rock ❤? ❤? says**

I have to say that i enjoyed this one.

I really thought that Meadow was going to end up with Kahalid, so when she didn't I was surprised.

Maci and Kahalid now that was a shock Maci is so quiet and seams like a push over to me, and Kahalid is all ALPHA....I love how she had his nose so wide open though. Maci is so innocent and just needs a lil thug in her life lol. Kahalid is so take charge. I knew this boy was going to get her pregnant first chance he could. lol

Melina and Bruno now they are funny.. She had her D-Boy 1st and of course was pregnant first lol. Reading about Overprotective Bruno was so funny. At the Dr. Office i was so lol at him. When Bruno finally maned

up that made me smile.

Meadow and Gage: I loved how protective Kahalid is of Meadow even with his boys. Man reading about how they got together was a trip though. I love it when the girl flips the strip on the guy love it. Yes they were reckless in the begaining but I loved how Meadow took care of herself. Meadow had Gage all the way messed up lol it was so funny, to say he's such a man whore Meadow had his ass wrapped around his finger after one night. Somethings happened with Meadow and Gage's relationship that rubbed me the wrong way. He let his family push them apart and some other things. Had me all up in my feelings. He did good to make things right but I was still in my feelings for a min.

Man that Rylee chick is crazy as hell and Jesse oh hell no that fool is off his rocker.

As these couples try to get things popping off you know its some old chicken heads trying to hate and not let it happen, so it was interesting seeing how the girls handled that.

**This damn book right here.....**

Girrrlll!! This damn book had my azz going. I thought it was going to be so cliche with sisters dating friends, but damn was I wrong! If you like a boss meets a hood chick, then this ain't for you. But if you into bosses meeting boss beeches, then you need to read this. Another banger by Tina J. #teammeadowandgage

**Leontyne S Washington says**

**Good opening act**

Tina J is the truth when it comes to writing. This new series is going to be fantastic. These sisters are educated with just enough hood in them not to fall victim to a bunch of foolishness. Now Meadow better get out of this predicament as quickly as she can. Maci need to be ok or Khalid is going to lose his mind with his lovesick tail. Bruno showed up and showed out with his engagement to Melina. Yes things for rocky but these men showed that once they are in Love they are there to stay. Good opening act.

**Shaybb says**

**Ok read**

The book was good. It was fast paced and a bit too fairy tale like with a lil hood. Like all the sisters were engaged and had babies on the way. I hope Gage is okay I liked him.

---

**YVETTE RIVERS says**

**DRAMA DRAMA DRAMA**

Drama is the case in this book....STORYLINE is fresh and crisp the CHARACTERS are original and lovable or plain hate em....the sisters are adorable feisty and ready to ride for each other...Bruno I s a azz but you got to love him....Gave is sexy and loyal to a fault that h especially blinded by the truth....great read ...well-written and OUTSTANDING

**When a boss falls in love**

What can I say this book was good from beginning to end. I hope Gage ok and they find Meadow in time. I need Rylee and Jesse to get exactly what they deserve. Don't want to give the book away. Definitely can't wait for part 2.
