Biker's Secret Baby: Roadburners MC Brook Wilder

OUTLAWS AREN'T SUPPOSED TO KNOCK UP THE SHERIFF'S DAUGHTER

She was looking for a way to rebel.

I was looking for a good time.

I blew up her world from the first touch, and things have only gotten hotter.

But that was before I f* up.**

That was before I put a baby in her belly.

Rachael'd spent half her life looking for a way out of this place...

... and the other half rebelling against her daddy who also happened to be the town sheriff.

And what better way to rebel than to climb in bed with me—the biggest baddest biker around and number one enemy of her father?

I certainly didn't mind.

Rachael was a spitfire with a body to die for, and her soft moans brought out the animal in me.

This was all supposed to be good fun.

Neither of us was looking for something serious.

But that was before I put my baby inside her.

Now, she wants to leave this place.

She wants to leave me.

If she thinks she can keep my kid away from me.

If she thinks she can rip this family apart.

She has no idea what I'm capable of to keep what is mine.

***Biker's Secret Baby* is a full-length, standalone romance novel with steamy hot sex, NO CHEATING, strong language, a happily ever after ending and NO CLIFFHANGERS. Contains dark and disturbing themes, and over the top sexiness that may be uncomfortable for some readers.**

MARY WILSON says

I loved this book! Rachel is the sheriff's daughter but that doesn't mean she is a good girl! She gets tangled up with Jackrabbit, a local biker. Things are steamy and there are some twist and turns that kept me reading until I finished the book!

Becky says

This book was really good. Rachael and Johnny are two people that you would not expect to fall in love. Rachael just wants to get away from the small town she grew up in and Johnny is the new president of a MC. But things do change in their lives! Totally enjoyed this book!

Pat says

Brook Wilder does it again with the great storyline that drew me in from the very beginning! Rachael is the daughter of the local sheriff and she has always been on the rebellious side and her twin sister has always been the good girl. Johnny Dawes, aka, Jackrabbit is the president of the Roadburners MC. Rachael and Jackrabbit are involved in a casual relationship with no strings attached until one day Rachael finds out that she is pregnant by Jackrabbit. Will Jackrabbit do the right thing by Rachael and what will happen when Rachael's father, the sheriff, finds out that his daughter is involved with the President of the local MC? This book is an absolute must read!

I voluntarily reviewed an advanced reader copy of this book.

Toni Lewis says

Loved, loved this book .. Racheal is the sheriff's daughter and all she wants to do is rebel on the world and mostly daddy .. when she meets Johnny whom happens to be president of the Roadburner mc. How do you think daddy will react when he finds out ? Really good book

Jennifer says

Not bad, but wasn't what I thought.

This wasn't a bad story, but it was a normal paced book until about 40% and then it had a hurried ending. Rachael had her own attitude and wanted out of the town she lived in. She had too much heart break and wanted out of the small town she lived in.

Then she meets Jackrabbit, aka, Johnny. He is president of the Roadburners club. Johnny was not relationship type until Rachael ended up pregnant. I have to say he was all apha male and wanting to protect her no matter what.

I do have to say I did not like the parts where he ignored her and forced her to leave. She just took it instead of standing up for herself. Other than that it was a great book. I highly recommend it too anyone.

Rene says

Rachael and Jackrabbit are explosive together. They both are head strong people who find themselves in a situation that neither of them no exactly how the other truly feel which ends up putting a strain on their relationship. Jackrabbit has someone taunting him from his past (Finn) and anyone associated with him. Jackrabbit decides to not tell Rachael and when Finn shoots into their house and almost hits them he decides to go off on Rachael that way she will leave him and be safe.

Are they capable of coming together for each other or their child? Will Finn come between them?

I received this book as an ARC copy for a voluntarily honest review. Brook Wilder has written another great book in the Roadburners MC. I really hope there will be a third one with Rachael's twin sister Hannah.
