**Boss Woman** Victoria Quinn

He betrayed me.

I trusted him, like a fool, and he stabbed me in the back.

Diesel Hunt.

He hurt me. Lied to me. And now he ruined me.

But I'm not the kind of woman who stays on the ground.

I'm back on my feet. I'm back from the dead. And I'm stronger than before.

It'll take something a lot stronger to bury a woman like me.

Tatum Titan.

## **From Reader Review Boss Woman for online ebook**

### **Lory says**

Great continuation to the series. Poor Hunt my heart was breaking for him in this one. You can literally feel Hunt's pain and desperation as he attempts the near impossible. You want to be so frustrated with Titan for listening to her head and not get heart but I can't blame her. I was rooting for Thorn to do the right thing but his action are selfish and now I'm looking at him with the side eye he's clearly looking out for his own interests. There's just so many emotions. I have so many questions and I want to know who started this war and heartbreak for Hunt and Titan. Overall a fantastic read looking forward to seeing what going to happen next. I voluntarily read and review this ARC no minority compensation was received the opinions I have expressed are my own.

### **Samm Lynn says**

This is a great SERIAL, but be warned that it is a serial. Each part (Boss Man, Boss Lady, Bose Love, etc) is a small section of a whole story. It is a fantastic story with twists and turns and whodunits and flaming hot \$ex. The characters are given such depth, that when they are suffering, you actually suffer along with them. This segment of the story is full of heartache and doubts with both Hunt and Titan (and Thorn to some extent) caught in the aftermath of the news story about Titan. The cliffhanger on this on is truly wrenching for all of those on Team Hunt. I cannot wait to read Boss Alpha.

I received a copy form this fantastic author and I voluntarily reviewed this book.

### **Bellereader says**

Titan and Hunt are up against the wall and all they have are undeniable passion and gut intuition to help them weather the storm. Titan thought she has it with Hunt, but now all the trust that she gave to him has gone down in flames. Her brain is telling her to look at the mounting evidence, but her heart is pleading with her to believe in the man she loves. Hunt knows he's being set up, but has no idea as to who or why. Without hard proof, winning back Titan's trust will be all but impossible. All he has now is her love and her body, but without her trust he's missing the Tatum he's come to adore. He is nothing though if not determined. Tatum will be his again and he will be hers, mark his words.

I voluntarily read an advance reader copy of this book.

Mis comentarios se reducen a : Te amo Diesel Hunt! Estoy profundamente enamorada de vos!

Ooh Diesel how are you going to get out of this one.

Everything is stacked against Diesel even the woman that has taken his heart! This story but keeps getting better and better, I've never held my breath so much. Victoria certainly knows how to go through all the emotions with you.

You just want Hunt to be believed, you are rooting for Titan to become Tatum again, Victoria ends the story when you don't want it to end. If you want a story where you can't put it down this is the series for you.

Another great story from a Victoria Quinn

La pasión y la intensidad de la relación sexual se mantiene en su punto, al igual que los sentimientos, pero la desconfianza acecha. ¡Todo está contra Diesel! La mujer a la que ama (y lo ama) no confía en él y ha decidido seguir adelante en sus planes con Thorn aunque Diesel ha hecho todo lo posible por demostrar su inocencia, siendo muy insistente -durante todo el libro que canso-. En resumen tenemos a Diesel tratando de mostrar su inocencia, más de lo mismo, a Tatum comprometiéndose con Thorn y a el padre de Diesel entrando en la ecuación. Espero el próximo libro sea más concreto.

Tengo mis sospecha hacia Thorn, pero si no fue Diesel, ni él ¿quien pudo ser? solo que el muerto, resulte que está vivo, pero han pasado 10 años y bueno, todo puede pasar.

## **Nicki - The Overflowing Bookcase says**

Without trust what are you left with? With Titans secret revealed she can no longer continue in a relationship with Hunt as he is the only person who is responsible for the leak. But Hunt adamantly denies this and is working to find the truth. But will Titan let her feeling for Hunt slip away and end the relationship? Can Hunt build back her trust before she marries someone else? This book had me on the edge of my seat. It was heartbreaking to watch Hunt lose everything especially his control. These characters are so complex yet so believable that the reader feels every emotion on the page. I cannot wait to read the next book in the series.

### **Begrudgingly 3.5**

Well written. Great continuation. Just it's just dragging. More like a tv episode than a novel. Of course I'll read the next one.... just like I watch a season of a show. But it may keep me from reading other series written like this. I NEED SOME CLOSURE and there was none here.

### **Trish Wallace says**

I was so into this book i didn't even realise i'd reached the final page !!!!! So many emotions, absolute devotion, love, lies, devastation where will it end. The next instalment can't come quick enough, perfect bedtime reading ladies.

### **Micorazonkilleen says**

The mystery continues. The trust is gone. The passion and intensity between Titan and Hunt are as strong as ever. You feel Hunt's pain and desperation as attempts the near impossible. You are frustrated at Titan for listening to her head and not her heart. You want to punch Thorn for being selfish and putting his two cents in as he's clearly looking out for his own interests. Ugh! So many emotions flow through the reader as the book progresses even to the last page.....

### **Kim says**

Omg Victoria never disappoints. The emotions I had for this book were all over the place. I was mad, sad, and happy. The chemistry between Hunt and Titan is undeniable. I thought for sure we would find out the source of the leak in the previous book. I thought for sure it was a certain someone but was shocked to find out it wasn't. There are so many ways this series could go and I can't wait to see where it goes. Victoria you have a reader for life.

### **Jennifer Hevern says**

OMG! This series is killing me. I can't get enough! I don't even know how to leave a review without giving anything away. The twists and turns are everywhere and just when I thought I had it all figured out, it zagged on me. Victoria Quinn is a master at reeling the reader in, making you feel all soft and gooey, thinking it'll all work out, and then blowing your mind. I've said it before and I'll say it again. This is the binge read of the year. Do not miss out on this hot, romantic, angsty, and even a little twisted read. Just get the entire series. You're going to want to reread again anyway.

### **Irida says**

Seriously the heroine is the most frustrating woman I have read about!! I hate her!! She treats the hero like shit every time they are not fucking. She hurt him so many times I have lost count!! I don't even want him to want her!! Because she doesn't deserve a man like him.

And please enough with Thorn, the guy is hideous!!

**Hunt on the other hand is an amazing hero!! Love him so much!!**

This fourth book was a waste of time dragging the story and watching the hero get hurt by her over and over.

---

**Shae says**

Omg good!!!! I had to stay awake and finish this story.

Love and gut instincts rule this relationship, hopefully, it allows them to have an HEA ending. Past mistakes and feelings also affect Titan in a way that sometimes clouds her personal relationship with Hunt.

As usual, this one is well written and draws out your emotions for the characters.

I can't wait to read the next one to see how the rest of this plot will develop!
