Defying Desire A.C. Arthur

Fashion model Tia St. Claire keeps things light when it comes to men...no strings, just flings. She's got her reasons, thank you. But even she finds Trent Donovan hard to resist—he's sexy, successful, persistent *and* built for a woman's wildest dreams. When their one-night stand leaves defiant longings, Tia isn't sure whether to run, hide or surrender to the former navy SEAL's rugged charms.

The last of the successful and seriously single "Triple Threat" Donovan brothers still happily unattached, Trent Donovan has dedicated his career to duty and danger. Until desire and beautiful, spirited Tia change everything. Now he's sleepless over an attraction too powerful to deny, and a secret dilemma with only one way out—following his heart.

Misherald Brown says

Deifying Desire is the third book to the Donovan family and as everyone suspected when the last man falls he falls hard.

Trent Donavan met Tia St. Claire when he went to help his brother's girlfriend out during a fashion show but never before did he suspect to begin to have a desire for her that led to him extracting the number from his soon to be sister in law.

However, Tia St Claire has ghost from her past that haunts her daily leading to her secluded life until Trent steps in. Trent & Tia go through a lover's quarrel that could end their relationship only to realize that their love for one another is what makes them strong and the Donovan clan knows how to meddle just enough to see it through.

AC Arthur pulls off another exciting book from the Donovan family bringing the last Triple Threat Donovan to his feet. AC is defiantly an author to keep your eyes on as she continues to bring heat and passion to her stories and the romance world.

The last of the "Triple Threat" Donovan brothers is back and falling HARD. Mrs. Arthur weaves a HIGHLY emotional-charged tale with a HEARTWARMING ending. The DESIRE between Trent and Tia is SIZZLIN! And the intrigue and suspense surrounding their budding relationship keeps you turning the pages until the very end. The cast of characters, main and secondary is quite colorful and MEMORABLE. I am DEFINITELY looking forward to reading more stories about the Donovan clan and their circle of family and friends.

I really wanted Tia and Trenton to work out. She didn't play any games and he was a playboy who needed to fall hard. Once she figured out what she needed and went for it I wanted him to leave her hanging a bit but once she proposed it was a done deal. I loved the story couldn't stop reading it.

Vivian Byfield says**Brilliant**

Loved this book, A.C. Arthur is a really good storyteller. The pages turned themselves great characters. Oh I would like a night with Trent :-)

Ok so this is book #3 in the Donovan Brother series (but technically book #4 because you should read "Guarding His Body" before reading this book, even though this book is a stand alone...ijs), this may be a little premature, but this may be my favorite book. Ms. AC Arthur had me laughing because some parts of this book was so funny. Trent and Tia, OMG. Tia was so infuriating. Even though she wasn't doing so well because of her condition, she didn't let that stop her from taking advantage of that fine Trent Donovan...lol. Trent was in denial for as long as he could be; and then he did it! He did a background check on Tia. Ughh...you must read this book to find out the outcome. I'm really loving this series!

Harriette B. Tolliver says

I loved it. I like when they where paired up for Camille fashion show when they both had heat reaction when Trent pull her into his arms. Trent do a background check on everybody and him being the tough guy of his brothers how quickly he feel for Tia. Tia who also saying she could take of herself still fell hard for Trent.

Selina Durio says

I knew when Trent fell it would be explosive! As the middle child he always had something to prove and being a military, black ops guy he is intense. Mix that with Tia and her issues and you get a great story. I'm

loving this series.

The last of the Triple Threat

Whew this was certainly an emotional read. One that I thoroughly enjoyed. SPOILER ALERT It was getting so close to the end there and they weren't together. I was getting pretty anxious. Lol but I'm glad Tia finally came to her senses. END SPOILER ALERT. I love the bond the brothers have though. It's amazing what they do for one another. Really loving this series so far.

I got a copy of this book at BEA and I grabbed it from my shelf to read. I figured it would be a quick read and I wouldn't mind putting it down.

One out of two isn't bad.

I REALLY minded putting it down. It was a steamy romance with a lot of heart. I really enjoyed this book.

Stella Eromonsere-Ajanaku says

The explosively romantic affair between Trent and Tia was hot! And...Tia's colossal loss (of her fiance and her unborn child) blighting her life was believable. I enjoyed the rallying love of the Donovan family. An interesting read.

Esha says

Pretty good book! I enjoyed reading it.

Shelita says

I really liked this book. Not only was it smoking hot but the emotional aspect of what Tia had to go through was really powerful.

I read this book in 2 days. (It helped that I had a very long bus ride in which to get a lot of reading done too.) Loved Trent & Tia's story. Two stubborn people not looking for anything other than fun and finding so much more. Definitely would recommend this!
