## Devil's Descent Percival Constantine

Dive into the abyss!

I'm Luther Cross, but you already knew that. Hard to forget a dangerously handsome, effortlessly stylish half-demon like myself. I earn my living using my knowledge of the occult and demonic heritage as Chicago's foremost paranormal investigator.

My last case roped me into a potential war between Heaven and Hell, and though I managed to stop the crisis, the big threat's still out there. An angel is trying to kickstart armageddon, but there's only one person who knows that angel's identity. And he's stuck in the one place no one can touch him—Purgatory.

There's only one way I can learn the truth, and that's by facing the dangers of Purgatory. Fortunately, I'm not alone. Unfortunately, my traveling party includes a demon trying to corrupt me and an immortal killer I had to con.

What could possibly go wrong?

## Devil's Descent Details

## From Reader Review Devil's Descent for online ebook

### alan1jarbeau says

#### **I'm confused , I thought. Devil's Descent was the first in the. Luthor Cross series.**

Iregardless it is an equally exceptional continuation in the Luther Cross saga . I. Love the whole idea of there being a character such as Luther Cross who can walk the line between good and evil maintaining a balance between the two while assisting those in need of his help. These books thus far are nonstop action. Comparable to watching an. Indiana Jones movie. Once you begin reading you hate to put it down until your finished. Keep'em coming Percival ! I would absolutely recommend this book to anyone seeking several hours of reading enjoyment.

---

### ERIN smith says

#### **Luther is back!**

Luther has evolved so much in this book. He's coming to terms with his past more and he realizes he can't keep hiding from it and his demon half. I can't wait for the next book. I highly recommend this series to everyone.

---

### Kniga Dunback says

#### **What a ride!**

Intrigue and plot twists abound. This book made me stop and question everything I thought I understood all the way through the book. It brought insight to the black/white issue and helps to clarify that there are so many shades of gray. A truly great read.

---

### Sherri says

Did NOT see that coming but it all makes sense now.

---

### Angie says

Another great read by Percival Constantine. Constantine does a great job of fleshing out the characters in his story. He paces the tale well.

There was only one thing I disagreed with and that was Caine's reaction at the end. He had to know in his

heart that what he asked was impossible.

---

### **Hunter Lambright says**

#### **An angel, a cambion, and a demon walk into purgatory...**

Constantine evokes Supernatural but with a lead who has real teeth in his Luther Cross series. Both of the books so far have been loaded with twists and turns. These are fun reads. And can we talk about the last page reveal? Don't keep me waiting on book three!

---

### **Norma says**

#### **Highly entertaining series.**

I thought that something would cause the second part of this series to be less, but I was wrong. Constantine tells a good story and he does it well. On to the next book in the series!!!

---

### **Lisa D. Watts says**

#### **Keeps getting better and better**

I love discovering new authors and new series and I know that this is going to be one of the best yet. I wait be waiting anxiously for the next Luthor Cross adventure.

---

### **Anne Farrell says**

#### **Holy wow what a cliffhanger.....**

This was even better than book 1, had more plot and story twists and action and on the edge of your seat suspense , my fingernails have now totally gone . This was fast paced extremely well written and one hell of a ride with a cliffhanger I didn't see coming , I am now totally desperate for book 3, hopefully my fingernails will of grown back by then just ready for me to chew them back off again . Totally enjoyed it and recommend it .

---

### **Rachel Clayson says**

#### **Awesome read!**

Great twist, really didn't see that coming! I really enjoyed this book and CANNOT wait for the 3rd!! Not often sequels are better, but I enjoyed this even more than the first, excited for what's about to come. I am

hoping the 3rd book concludes this current storyline as I am quite impatient.

---

### **Sharon says**

#### **Wow**

Double crossing angels and demons. A soul must be rescued from purgatory. Luther and his crew battle against overwhelming odds to do the rescue.

I am looking forward to reading the continuing adventure. Wow

---

### **Janet Denise Ross says**

#### **EXCITING, MYSTERIOUS, STRANGE TWIST AT END?**

Another 5 STARS for Book 2 in the series of Luther Cross, that magically enticing paranormal half human half demon investigator in another thrilling entertaining read. This well written ( I heard under magical enhancement, maybe?) storyline is another mystery P.C. has dished out for us using lycans,(werewolves) vampires, yetis, the original earth's 1st murderer, witches, angels, demons and a few other things. So get this book either for the paranormal romance or witchy things that are happening or maybe you just curious what powers Luther has discovered, now!

WARNING: 17 & Up. SEXUAL CONTENT Yes

VIOLENCE: Yes CUSSING: Yes

### **Karen Brady says**

#### **Liked it!!**

Great books! I'm excited to see where it goes!! Keep em coming! We are all waiting! ??? ??? Mystyc Wytch

---

### **Ray Johnson says**

Luther Cross, in my mind is Idris Elba. I don't know how you can read this book and not envision him as such. Heck, he even had a BBC show called Luther. Hmmmm, suspicious. In fact, I was just watching the movie the Mountain Between Us, and I was waiting for his inner demon to break out and do some super survival stuff before I realized it was just a crappy movie and not a Luther Cross crashes in the Mountains book. Sad.

Enough blathering. I loved the first book, so I got the second, and realized that I need even more. So, I am actively asking Percival Constantine to write more Luther, and to write it faster, since I am already jonesing for more. This is the way Urban fantasy should be written. Great Characters, great plot, and some drama that keeps you occupied until the big finale. My only complaint is that there is a twist that isn't so twisty, and I

figure if I can see that is going to happen then so should Luther. Oh, and please distinguish between her and she. That's all I'm saying.

This book picks up pretty much where the other left off, and I suppose that you could get away without reading the first book, as this is a stand alone story. I very much appreciate the throwback to the early detectives, and can understand the cigarette smoking. It isn't quite as bad as it was first time around. The story is fun and exciting, and I like to see an Urban Fantasy that isn't all Dredened up. I have to admit that I sort of took umbrage with the whole demonic side thing, until I remembered that Richard Kadrey did the whole split personality thing with his Sandman Slim character of Stark. So, it fit in that sense. Cain made an interesting character for Cross to face off against, and the addition of some archdemons, angels, vampires, and witches fed into the frenzy of fun.

Again, Jackson does an admirable job narrating the tale. I like his style, and his spin on things. He really grasps Luther's sensibilities and has no problem smacking you in the face with the story when he needs to do so. I've only heard him twice now, but I am impressed with his class and skill at the mike. I would like to see some better covers in the future, perhaps something that shows Luther in his entirety doing some magic would be nice, and I would love to see an audible collection of those short stories too!!! Even though I did receive a promo code for this review it in no way influenced my considerations of the material, and in fact, inspired me to be more honest. In fact, getting a code generally makes me harsher as a reviewer as I am more often concerned what someone like Me will decide based on my review.

### **Karletta Abianac says**

#### **New take on familiar characters**

I like how the characters develop through this book, and enjoyed Percival's take on familiar characters from the bible.

Will be buying book 3.
