**Doctor O-Maker** Madison Faye  
No O? Come and meet your cure.

He's gorgeous, dominant, panty-meltingly hot, and looks at me like he wants to tear my clothes off and fulfill every single filthy fantasy I've ever had.

The only problem? He's my doctor. Oops.

I'm seeing him to fix "my problem" – my big "no O" problem. Yeah, you see, I've never had one – no grand finale, no big bang, no happy ending.

Never.

Doctor Aiden Owenson – "Doctor O" – is supposedly the man who can help, but I've got my reservations.

That is, until he puts his hands on me. Until he looks at me like he wants to devour me. Until he tells me I'm his, and his alone.

I'm pretty sure you're not supposed to fall for your doctor.

I'm pretty sure your doctor isn't supposed to examine you in his bed, across his desk, and while you're screaming his name.

I'm pretty sure we're breaking every rule, and I'm pretty sure I don't care.

Doctor O is supposed to show me the O. Now the only problem is, I never want him to stop.

Warning: side effects may include fever, elevated heart rate, sweating, and chronic page-turning far past your bed time. Steaming hot insta-love, an over-the-top dominant alpha hero, and fantasy run completely amok. But something tells me, you know exactly what this dirty little book is about ;).

Safe, no cheating, and a HEA guaranteed.

Quick and naughty with an insta-love in the making. I read this novella in one sitting and enjoyed it because who doesn't need a smut break? Only downside with the novella is it seems so similar to her other book Doctor Babymaker. I guess where it involves doctors who fall in love with their patients quickly makes it seem the same in several aspects.

Overall, if you want smut and an insta-love you can't go wrong with it.

The hero, Aiden was awesome. Never stopping at getting what he wants and that's Natalie. Natalie was awesome too. When the going got tough she didn't panic and run away she made sure she got revenge.

Great read. Little ow drama, but it didn't last long and it was from someone who wanted the H, but he'd never been with her. Definitely worth a read.

Review Rating: 5.0 out of 5 stars

Another delicious & panty-melting doctor to add to your pile...

I received an Advance Reader Copy for Doctor O-Maker written by Madison Faye and voluntarily reviewed this book. Dr. Aiden Owenson rarely went out to play the field, although he was in the best position to do so as a panty-melting, wealthy, and successful gynecologist. So when he was approached by a sexy woman in an elegant restaurant one evening, Aiden knew he was instantly ready to throw it all in with her, but then she disappears suddenly into the night, with no explanation whatsoever. Utterly taken with this nameless woman, fate gleefully arranges for them to meet in his office of all places the very next day, and now that Aiden has her in his grasp again, he is going to personally do all he can to address her problem! Throw in some workplace drama and you have another perfectly packaged taboo doctor/patient read!

This story is quite neatly stitched to Dr. Jackson Brody's story as well!

Doctor O-Maker by Madison Faye is the story of Aiden & Natalie. Natalie goes to see Doctor "O" because she is unable to find release during sex. She is told about this fantastic doctor, not knowing that Aiden is Doctor O. She ran into him the previous night at a club and ran from him before things got really good.

Aiden knows that Natalie is something special and he will more than help her with her issues. This is a insta-love, quick read contemporary romance that will hit all the right notes. The chemistry is hot and instant between Natalie and Aiden. But with every hot romance, there is someone determined to ruin things (Naomi). Will Aiden be able to prove his love to Natalie? Will she know she is his one and only? Only way to find out is to read this beautiful and sexy romance read!

My Rating: 4.6 stars \*\*\*\*\*

5 Stars!

Madison Faye is so bloody brilliant y'all and I'm addicted to ALL of her words. Sexy. Sweet. Intense. Safe. Madison never fails to deliver a solid five star romance and packing a serious punch to the heart every single time.

Doctor O-Maker was the perfect little standalone novella to heat up my night and totally had me reaching for my husband in the wee hours. Natalie and Aiden were unforgettable together in every single addicting way... explosive chemistry, a magnetic pull, and an undeniable connection.

If you love your books short, hot and insanely smutty then look no further than this chick.

I highly recommend this book.

Another 5-star win for Madison Faye with plenty of insta-lust/love, great characterizations and all the smuttiness you can handle!

### **Bree Howland says**

The sad thing about this is that it's actually really well written, but the story is so ridiculous that it takes away from it. lol

Natalie ha perdido su O, vamos que no tiene orgasmos, nunca los ha tenido, ni con alguien ni con juguetes ni

consigo misma. Así que su mejor amiga le recomienda salir una noche y besar a un extraño. Y funciona! Solo que Natalie se siente mal, besar a un extraño un desconocido que quizá podría ser una asesino en serie! Así que sale corriendo. Su amiga, entoces le recomienda un ginecólogo... Puede ser el karma más capullo? Aiden no ha podido dejar de pensar en la desconocida que besó en el bar. Necesita encontrarla! Nunca en su vida había sentido lo que sintió con ella. Desesperado, porque ni siquiera sabe su nombre tiene miedo de no volver a verla... Hasta que aparece en su consulta. El juego ha terminado.

Me gustó mucho, sobre todo me ha dado algo se trama y drama con eso de que la jefa de él hacía esos chanchullos. Sí que es verdad que el final se me hizo abrupto, que de repente acabó y nos puso un epílogo en medio de resolver la trama de la jefa. Fue un corte un tanto drástico pero por lo demás me encantó.

"Doctor O-Maker" is the story of Natalie and Aiden.

A heroine who hasn't been able to orgasm..

A gynecologist hero, who just might be able to help her..

A slightly doctor-patient taboo romance, which involved shaving, very porn-ish interactions including hard screwing and some drama, untimately leading to a HEA.

A good time killer!

Safe

3/5

#### **4.75 Stars**

I liked this one more than the first book. The story is really good but I need to know more about their future.

It's about Aiden and Natalie.

He's Jackson's (book 1 H) best friend and also a doctor. He first met her at a bar. They kissed and then she was gone before he could stop her.

She has a good job, good place and good life. She has one problem though. She never had an orgasm so she made a doctor's appointment the next day only to find Doctor O as the stranger she kissed the night before.

The story is better than the first one and it has an epilogue but I want more. (view spoiler) I enjoyed Madison Faye's books but her epilogues were lacking for me. They're more of a HFN. I'm an epilogue girl who likes HEA with marriage and babies.

I received this book with the understanding that I could leave a voluntary and honest review.

In this book we meet Natalie and Aiden. Natalie has never experienced the big "O" but is determined to find a way to. So she goes to see a doctor and what she finds will blow her away. Aiden never expect to meet a woman like Natalie. One look at her though and he knows that he will be the one to help her. Not only that but to keep her as well. With everything that is stacked against them though they wonder will they make it out of this together in the end or not?

This is an amazing book that will have you hooked from the first word to the very end. There are quite a few ups and downs. I really want to tell you all about but don't want to ruin the story for anyone else. I will say this book is hot hot hot and you will want to have something cold near by. I would highly recommend this book to anyone and everyone.
