I have read A Bend In The Road and The Rescue. Have not read Message in a Bottle, but plan to very soon!

### **Cathy says**

I reviewed The Rescue for the newspaper. Was unimpressed. Pedestrian, by-the-numbers writing. I never read another Sparks novel again, because I figured they'd all be the same. Enjoyable, but empty fluff.

All three of these books are really good. Nicholas Sparks' books are all different and real.

---

### **Ang says**

I really like message in a bottle but I hated to see it end the way it did when it could have been prevented by either one of them by a few small actions. Loved notebook great story of unconditional love and enduring to

the end. The Rescue was one of my favorites to. I was glad he was finally rescued from himself.

### **Terris says**

I do not often read novels, any mind can conceive an interesting story. if it did not really happen why would I waste my life energy on it. but logic aside, my wife said you will like this. I believe many events are preordained and this was in that grove. i just wish Costner had not done the movie. It was leonardo's part Terris
