Of Sorcery and Snow Shelby Bach

Rory might be starring in her own fairy tale, but there's more danger than happily-ever-after in this third book in a series that Kirkus Reviews calls a "fast-paced combination of middle school realism and fairy-tale fantasy."

Life at Ever After School has become familiar for Rory. She's been on two quests, she's a great sword fighter, and she has terrific friends. But familiar is no fairy tale, and she's still anxiously awaiting the chance to star in her own.

But as her connection to the Snow Queen continues to grow, Rory realizes her starring role might well be underway. When the Snow Queen sends the Pied Piper to kidnap several children, including the sibling of a fellow EAS-er, the teachers think this mission is too dangerous and won't send any kids. But Rory, Chase, and Lena are determined to help, and it's not long before they find themselves in more trouble than they can handle. Because it wouldn't be Ever After School if things worked out according to plan...

Of Sorcery and Snow Details

Ann says

A great book three in this series. The middle school fantasy reader should eat this one up. The ever after school, training ground for the fairy tale characters, is as bust as ever as Rory, Chase and their friend take up a quest to rescue the children kidnapped by the Pied Piper.

Clara says

It was great now I need to know what happens! +SPOILER ALERT SPOILER ALERT!!!!!! When will Chase and Rory finally get together?!?!?!? I mean Rory knows he like her now. AHH! Also What will the snow queen do? How will she bribe or blackmail to get allies back?!?!?

Leah says

AMAZING!!!! The best book in the series so far. I read it in a day, couldn't put it down. So good. The snow queens back!!!!

I can't wait for the next book, seriously. Chase and Rory are soooo cute. One thing that I'm curious about, are we the readers really supposed to believe that Rory's mom and Amy are not lesbians? I'm not buying this assistant story. It's been 3 books now and she acts more like the moms partner than assistant. I'm just wondering if I'm the only one who sees this?

But anyways. The plot was captivating. The character development is excellent too. I can't wait until we find out the ending to Rory's tale!

Bana says

Just when I thought I couldn't fall anymore in love with Bach's characters she kicks it up a notch! The development and unique personality of each character are just so well done. The plot is exciting and interesting and, of course, Chase and Rory are just too cute not love, lol.

High recommend this series. ♥?

Beth says

It started out slow, then I couldn't put it down. You need to read the first two for this one to make sense, but they're quite good books so you should. :)

Lula McCuela says

I'm pretty sure my sister thinks I'm insane now. As soon as I finished this book, I started squealing and making all types of weird noises because I wanted to scream really loud but couldn't, so I could only squeak. THAT'S how AMAZING this book was!! This is officially my new favorite in the series so far. Rory grew up a lot in this book, but she was still relatable to other girls her age. Chase was just as INCREDIBLY AWESOME as ever, so yeah, that was one of the many reasons for my squealing. Lena was still her nerdy, loyal, awkward self. I'm not even sure if I can wait until the next book to come out to read about Rory and the gang again, there had better be some short stories in store for us this summer. The only regret I had in this book was that they didn't get to enjoy the ball, like, AT ALL, so that was a smidgeon disappointing. Oh also, CHORY FOREVER!! That is all. Thank you for bearing with me through my freak out/rambling mode, I'll leave you to read less crazy and confusing reviews.

Sand-Witch says

WHEN MIRIAM DIED I WAS GOING TO GO KILL SOMEONE IM NOT JOKING. When she came back to life I was ok again. Just ok. WHEN HADRIANE DIED THOUGH I WAS GOING TO KILL SOMEONE AND WHEN SHE DIDNT COME BACK TO LIFE I GOT SO FUCKING ANGRY AND I NEARLY THREW THE BOOK ACROSS THE ROOM BUT I DIDNT BECAUSE I WAS READING OFF MY TABLET AND IT WOULDN'T BE A GOOD IDEA BUT I WAS ANGRY. I'm ok now. I love this book though. I will feel sad when the series is over. The cliff hanger though. That BLOODY cliffhanger. Now I really want the last book. My life will be complete when I have finished the last book. Or my soul could be shattered into a million pieces who knows.

Julia says

Oh my gosh! This was, without a doubt, the best book I have read all year. It was AMAZING! I cannot stop smiling and freaking out about everything that happened in this book! It is by far the best in the series. Not that the past two books were bad; they were great. It's just that this story was beyond phenomenal. I can't believe I have to wait a whole year before finding out what's going to happen to Rory and her friends! Oh, how I wish I could go to the future. If you've read the first two books, I don't need to tell you how fantastic they were and how much you need to read this book (like, NOW!), but if you've never read this series, please do so. All I'm going to say is that it's incredible, if you didn't already figure that out from reading my review.

Vishal says

A good novel to continue the series, plot was too loose, not much detail for any particular part of the book, it kept flopping around to different topics without thoroughly explaining any one of them.

Brenda says

Ever since reading Of Giants and Ice, The Ever Afters series has been one of my favorites. Why you ask? Well, it speaks to the middle grade reader in me. Bach has a unique ability to tap into those middle grade emotions and feelings that I had way back in sixth through eighth grade. I've said it before, but Bach really knows her middle grade reader. I also love how she takes all the fairy tales and characters that I loved reading about as a kid then changes things up and creates new heartfelt tales for them. And the characters, man I love the characters. Especially Rory, Chase and Lena, such steadfast friends who have grown so much over the last couple of books. I've really become vested in these characters who experience both pain and wonderful moments together during Of Sorcery and Snow. Plus there are crushes and relationships developing that are so adorable to watch. I've found my favorite of the series thus far.

Gloria Hunt says

In the 3rd book of the Ever Afters series, Rory Landon's mother has limited her time at Ever After School. But when one thousand children vanish from Portland, Oregon, Rory must betray her mother's trust in order to save the missing children. But with the freezing Arctic to travel through, one of her friends acting strange, a crazy bossy Tale-bearer, a baby half-sister on the way, and pressure to kill in battles, her mother might be the least of her worries.

Bara says

Still great ride. The stakes are getting higher.
I can't believe it took me a year and a month to finish it but it's done now. :P

Abby ~Sign Please~ says

Ahhhhhhhhhhhhhhhhhhhhhh!!!!!!! These books are amazing!!

Hadessephy says

Wow can we say twist ending?! I so didn't see that one coming! I loved this book. Even more than I liked the first and I loved that one quite a bit. I find Rory to be so darn likeable and the author is doing such a great job of presenting the fairytales in a way that combines with Rory's world. I can't wait for the next installment! !!

Camille Adams says

Unputdownable.
