Standoff in the Ashes

William W. Johnstone

Standoff in the Ashes William W. Johnstone

Ben Raines has been to hell before and made it out alive every time. But Ben hasn't come face-to-face with a fury like Claire Osterman, fanatical new president (for life) of the United States of America. Now she's handed down the first order of business: terminate the Southern United States of America—and Ben Raines.

With what promises to be the bloodiest civil war the world has ever seen looming on the horizon, Raines must not only command his Rebel army to prevent sure-fire disaster, but also outrun every cash-hungry mercenary eager for a pound of his flesh. One Million dollars is the reward. The takers are a thousand strong. But when it comes to life and death battles, no one can match Ben Raines. Especially when he's out for blood, too—and has to wipe his enemy off the face of the earth to get it.

Timothy Boyd says

Very good adventure series. Basically the forming of a new United States after WW3 and the story of the man who leads and forms it. If you like men's adventure stories you will enjoy it. Recommended

Stephen says

I don't know why, but I found this book refreshing after getting to this point in the series. I don't know if it was the discussions on philosophy or the section where Raines went lone wolfing it, but this book held my attention better than some of the books in the series.
