Teddy's Christmas Wish L.J. deVet , Ewa Zabarylo-Duma (Illustrator)

A teddy bear sits on his shelf in a store,
watching as children dash through the front door,
hoping to be of the few lucky toys,
that one of the children takes home and enjoys.

Our teddy bear friend watches on as they race,
to find the best toy to take home and embrace.
Saddened by watching how greedy they are,
our little toy friend's hopeful dream remains far.

Veronica says

A beautiful christmas rhyming story about a little teddy bear hoping for the gift of a child to take him home on christmas eve. I really liked the illustration presented in the book as well as the front soft texture cover of it. Children will definitely enjoy the colorful pictures as well as the cute cuddly little bear longing for the love of a child. Great book to read.

Joanne says

The colorful artwork will keep the attention of toddlers and preschoolers. The rhyming is inventive, but I feel there are too many words that young children will not understand.

Book Description:

“A teddy bear sits on his shelf in a store,
watching as children dash through the front door,
hoping to be of the few lucky toys,
that one of the children takes home and enjoys.

Our teddy bear friend watches on as they race,
to find the best toy to take home and embrace.
Saddened by watching how greedy they are,
our little toy friend’s hopeful dream remains far.”

An adorable rhyming story about a teddy bear and his experience in a toy store on Christmas Eve. The illustrations are large, bright, colorful and take up the entire page making it a great and easy choice for read aloud. There is a worthy ending with a lesson.

The children I shared this book with enjoyed the vibrant illustrations. They shared that they liked the details- teddy being sad. Some could relate to Teddy’s experience (sadness when they didn’t get what they wanted) while others have witnessed the same type of unfolding that happened at the beginning of the story. Many commented on the valuable lesson- being thankful for what we have.

An enjoyable read for children in grades K-3.

Amy says

A little teddy bear sits alone on a shelf in a store. Every night he sees children buying toys all but him. And he wonders if tonight may be his night. This story is a fun heartwarming story. We really enjoyed this book.

Tim Gray says

My kids loved this book, they both love a teddy, so a good start. They looked a bit worried for him at one point, but by the end they were both happy and smiling. Nice story, good artwork, and a very positive message for the kids as well - they were not the only ones who were happy!

Oh, and then my 5 year old asked me to read it to him again on the same evening, that's a result.
