i thought it was good fact that eric turned dark price to normal Eric, I think he turned to normal Eric, the main reason is, his friend could help him. And it's good thing that they went out of city of Ut before sun sets.

Reagan says

The droon friends went on a mission to save their friend Eric. Guess what they did save Eric! But the bad luck is that he fell and Gethwing cot him and took him away.

Where the friends went was a city of danger.

Kail just finished reading me the whole book. I found it quite fun and with a great sense of humor for kids - especially little boys!

Goge (BARRONS) le Moning Maniac, says

What? Neal's a genie? When did that happen? Evil Eric (blue/red sparks/silver sparks), witch/wizard Keeah, Flying/transforming Julie and awesome spider troll Max and now finally Neal??:))) Or no, this is just a fluke and for the present time of this book only?? Hope not, That would def suck.

The last three book's have been really different from the reist becous it is told from the point of Jule, Keere, and Neal. In this book it egsbles some of the cufuszing thing about Neal's Genie powers and you also find out that Neal is the Genie king.

Jeremy says

I've decided to read The Secrets of Droon series entirely for Christmas since i've been feeling a bit nostalgic. I want to be able to live a bit of the magic of being a kid and what beeter to help than this incredible series. I know that this series is for young kids but i feel it will still be great after all these years.

A powerful and interesting adventure which centers on Neal/Zabilac. In this book and and past others you can really see how the characters have matured and have been greatly developed. I really enjoyed being able to read this book and see Droon in Neal's perspective. We also discover some new details and secrets that make plot more interesting. This great adventure was full of action, suspense and magic. The ending is tight and suspenseful but hopeful and I can't believe that the series is almost finished.

Sydney says

when julie and neal and keeah are on a quest to find the moon medillain and the parts to help eric in the city of ut.

Stacy says

I enjoyed this book. Neal, Julie, and Keeah need to save Droon and Eric. They travel to the city of UT to find the moon medallion. Can they find it before Gethwing and Ungast? Will Neal embrace his powers as a genie? In this adventure in Droon Neal learns that being the genie king isn't all fun and games. There are times that he has to do things that he doesn't really like and being a genie he knows somethings that his friends don't because of time traveling.
