## **The Husband List** Cindy Kirk

Mr. Right-Next-Door

For orthopedic surgeon Mitzi Sanchez, every step up the ladder of success has been the result of hard work and self-sacrifice. She's got the perfect life in the perfect town. Now she just needs the perfect man....

Pilot Keenan McGregor's life changed forever when he took the blame for someone else's actions. He just wants to rebuild his life, and he's definitely not looking to settle down. Still, whenever he's working with Mitzi, their connection is undeniably electric! Soon they're more than just friends-with-benefits?but can Keenan convince the good-girl-next-door that she's the only woman who can tame his heart?

## From Reader Review The Husband List for online ebook

### **Sarah says**

This was a cute romance took me awhile to warm up to the heroine as she was quite snotty in the beginning and I immediately didn't like her. She got better later and was understandable why she was like she was. This isn't my usual cuppa but wasn't bad.

---

### **Elizabeth says**

Super fun romance. My only complaint is that everyone in the book has such a complicated history.

---

### **Book Him Danno says**

Cute quick read without much sex - cute sweet like candy read at the pool this summer for a fun quick read

---

### **Adriana says**

A light read that features strong characters with complex (and complicated) histories in a plot that doesn't really have much oomph to it but remains a pleasant read.

Mitzi is a bit self-centered and superficial, but all her faults as a character are what made her believable. Keenan, on the other hand, is way too perfect for someone who has gone thru what he has experienced. I don't care what kind of man you are, you do not go to jail after being falsely accused and come out as well balanced as Keenan. It's unfortunate that the aftereffects of his imprisonment weren't dealt with a bit more, it would have made that plot point a lot more poignant. As it stands, he could have been away on vacation before returning to his hometown.

I enjoyed it, but I also saw a lot of wasted potential in it.

---

### **Tima says**

Mitzi grew up incredibly poor. She's had to fight her way up to become an orthopedic surgeon. So her husband list includes a man with serious ambition who is well on his way to reaching his goals. It certainly doesn't include ex-convict Keenan. She knows he was falsely accused and admires his dedication to his sister. She trusts him as the pilot who takes her to clinic and as a best friend with all of her secrets. But can she trust him with her heart?

The characters were realistic and likable. The book was more about feelings than any real plot, but it was still an enjoyable read. The author has written Christian fiction previously so I was expecting it to be a clean romance. It definitely has some aspects that would NOT be found in any Christian romance. So if you are

uncomfortable with that sort of book, then definitely don't get this book. But if you don't mind a few bedroom scenes than this is a good summer read.

I received this book free of charge from Harlequin in exchange for my honest review.

---

### **Cami says**

Didn't like Mitzi, she's totally unrealistic for a surgeon, selfish, and closed-minded. Just not a very interesting book to me, very little of interest.

---

### **Katreniah says**

Mitzi is a heroine I don't read about very often - she enjoys spending time with men and dating men. While not whorish, she's not shy and retiring and doesn't have a problem with kissing a man to see if she has a sexual connection with them. At the same time, she's a dedicated doctor and tries to be a good friend. She's not perfect and isn't completely self-aware. It was refreshing, and I looked forward to seeing how she and Keenan - who was also interesting in his own right - tripped their way into love.

---

### **Desiree says**

First time I ever read a harlequin very very very light read

---

### **Nancy says**

3.5 stars. Slow start, terrific ending.

---

### **Julie Eichelberger-Ford says**

The Husband List by Cindy Kirk is a great story about overcoming hardships and making a life for yourself if you have the strength and courage. Mitzi grew up in East L.A. and fought hard to follow her dreams. She had a plan that she stuck to. Keenan went to jail for a crime he didn't commit and with the help of friends and family he was cleared of all charges. Now he has to get his life back on track and follow his dreams. During a welcome home party, Mitzi and Keenan meet. What starts out as friendship grows into a strong love.

---

### **Jenn Cunha says**

I enjoyed this one, although I had a hard time connecting to the heroine. Add to that the fact that her name is Mitzi and I just could not get into her head. I like Keenan, but I felt like he lacked the confidence I usually

like in my heroes. All in all, a meh book.

---

### **Susan says**

Good book. Mitzi has worked hard to make a success of her life after a rough childhood. She's given up a lot to get where she is. Now she's ready for the next step - finding a husband. She knows what she's looking for, she even has a list. Keenan isn't on that list, but he'd sure like to be. He is back home after several years spent in prison for something he didn't do. Now that he's free all he wants is to rebuild his life. He doesn't feel like he has anything to offer a woman yet, but he's happy to spend time with Mitzi just being friends - until that's no longer enough.

I loved Keenan. He had been convicted of something he hadn't done, but didn't fight it because his sister had been threatened if he did. Once the truth came out and he was released, he headed home to Jackson Hole to try to start over. He met Mitzi at his welcome home party and was instantly attracted to her. He'd like to spend time with her, but feels she's way out of his league. The attraction is mutual, but both agree that they're not what the other needs. They decide it's safe enough to be friends. I enjoyed seeing the way that they got to know each other and developed a good friendship before anything else happened.

I had a little harder time warming up to Mitzi. She really came across as rather snobby. For someone who started with nothing I would have expected her to be much more understanding of someone who was starting over. But she seemed much more interested in finding someone "suitable" and then trying to love them than in following her heart to begin with. I didn't care for the way that she behaved at the pizza place when she was out with Keenan at all. Once she decided that even though she wasn't going to have a relationship with him they could still be friends things started to pick up. I enjoyed seeing Keenan get her involved in having fun. Then, once again, her selfish side popped up with a kissing incident. I liked that she finally started to see how unfair she was being.

I enjoyed seeing the feelings building between them, but sure wanted to smack them both when they refused to see what was right in front of them. I liked seeing Mitzi be willing to chase that last dream and ached for her when Keenan bailed on her. Keenan was still letting his insecurities win out. I loved seeing his sister tell him what an idiot he was being. I loved his big moment at the end and seeing him finally allow himself to be happy.

---

### **Mehgan says**

Mitzie was highly unlikeable and she even knew it but didn't care. I didn't see her as a friendly or caring person at all and Keenan seemed to be a doormat for her. disappointed in this book...this author usually does pretty well with her "matches" but this couple didn't seem very strong.

---

### **Pattie says**

I received this as a part of a review group. I was frustrated by the editing--several comma and other punctuation errors, as well as some usage issues I would consider "blog style." The story was good but predictable.
