Brian says

After reading this book it is apparent that the author, William Simpson, is a friend of Bandar's. The attempt to exonerate Saudi Arabia's culpability for 9/11 and Khobar Towers bombing is quite laughable. However, it is not as absurd as Simpson's lauding of Bandar's diplomacy with Qaddafi to bring the Lockerbie suspects to "justice". Yes, Bandar got Abdel Basset Ali el-Megrati and Amin Khalifa Fhimah turned over from Libya to face trial in the Netherlands; but justice was perverted when el-Megrati was released from prison on "compassionate grounds" in 2009. He was diagnosed with terminal cancer but to this day he is still alive and well unlike the 273 people who were murdered. Furthermore, it is quite evident that Qaddafi himself personally ordered the bombing, great job Bandar in legitimizing this terrorist.
