My review today is on the Love Inspired Suspense, Witness in Hiding. This is the fourth book in the Secret Service Agents Series. I really enjoyed this book. It's well written, action packed, and full of intrigue. Lisa has woven her faith through the story like a fine tapestry. I know you are going to love it.

Single mom, Zoe Marks is being followed. She saw something she never should have seen so she is on the run. She slips into the laundry mat to get her new ID's but a man follows her into the place and opens fire. Zoe manages to get away from the shooter. She slips into the office to find her new papers but is caught by a Secret Service Agent. She manages to slip away from him but hides in his car. He takes her back to her home only to find her house is on fire and her son and her sister is trapped inside. They get them out but this is only the beginning of the horror that await Zoe. Can she trust this man?

Secret Service Agent Jude Brauer is investigating a money laundering ring when a beautiful woman invades his investigation. He soon is right in the middle of her chaos. Is she a part of the ring or an innocent bystander? Whoever she is he is determined to keep her and her family safe. Can he do that without losing his heart?

A complicated struggle to find the killers, stay safe, and find out why they are out to destroy Zoe and her family. God has a plan for them, a good plan and not for evil. God has a plan for you too; a plan for a hope and a future. Give Him your heart and watch Him turn your life around.

I have always enjoyed a book by this author and this one was awesome. In this book I met Zoe Parks who has been thru the school of hard knocks and has learned not to trust men. Then she meets Jude Bauer in a bad situation and she's afraid to trust him but she has a family so she needs help. This story has some neat twist and turns for Zoe has stepped into a problem not of her own making. Jude is part of the Secret Service and is trying to help her. For its part of his case. This is such a neat story. You will find yourself rooting for the good guys and wanting to turn the pages to see who wins. Its a great story and in our hearts we know who wins but its fun to read. Enjoy the story.

### **I didn't want to put it down.**

"Witness in Hiding" was so good I didn't ever want to take a break, but life happens and meals must be fixed, laundry done, etc. Jude and Zoe are just a precious couple from the get-go. It was fun watching their story unfold in the midst of the suspense. I loved the renewal in both of them. And Tyler... oh so sweet. He really tugged at the heart! Great read! I highly recommend!
