# Butch

*Sam Crescent*

**Butch** Sam Crescent

Danger is heading to Fort Wills...

Leaving The Skulls was the best and worst decision of his life. Butch knew to keep his woman, Cheryl and her young son safe, he needed to make sacrifices, and pulling out of the club was the only way to go. Cheryl loves Butch, but she will not accept him quitting the club. She doesn't need him to become a saint in order to love him.

Butch cannot understand that and is more than willing to make any sacrifice necessary for Cheryl, but now those very sacrifices are about to tear apart everything he's ever known.

With a new threat facing them and no way for him to protect his woman, Butch has to make a choice. However, Butch is not all that he seems. He's got a past that even The Skulls don't know about, and no one is safe.

Life as The Skulls know it is about to be blown apart.

## From Reader Review Butch for online ebook

### **Shannon, ??CFM?? says**

This series is getting to complicated I am going to need a score card with notes on each character. Not that I don't enjoy the series. But adding ANOTHER bike club is confusing.

I am ready for HEA for the members.

---

### **Emily says**

The minute Butch realized he wanted to build a future with Cheryl and her son Michael, Butch made a decision about his duty to the Skulls MC. With the Skulls MC in constant danger, he didn't want that for Cheryl so he turned in his vest and walked away. It hasn't stopped the MC from trying to get him back, but he has to think about his future.

The problem is Cheryl never asked him to leave and she sees that an important part of who he is. With an enemy from Butch's past making his presence known, Cheryl is in danger and Butch knows he needs back in the club, but will they accept him back?

Mixed feelings on this one because the MC pushes Butch to come back and felt unresolved with how that portion of the story unfolded. Definitely intriguing story, I do think though since I have read the books out of order it needs to be read in order because this had important plot line points

### **Gucci Girl says**

#### **Butch..**

Butch...well let's just say, I have a love/hate relationship with this character.

Butch left the Skulls at the end of Zero because he wanted a relationship with Cheryl, he felt that she would be safer without The Club. Well when Butch's past comes back to take over The Skulls and Chaos Bleed, he will have to beg to get back into the fold. Cheryl is smart, sexy, a single mother who loves Butch but she believes he made an awful decision with walking away from his family The Skulls. Tiny and the boys keep at Butch to come back but he keeps throwing the word NO around. But when Cheryl ends up in the hands of the evil Gonzalez Butch will have to beg, plead for a spot back with The Skulls, doesn't mean Tiny will let him in without a vote and Butch proving his worth. At times I wanted to throttle Butch, he whined acted like a fool at times.

Will the Skulls give into Butch and can they take down the evilist enemy they have encountered to date.

Gonzalez has no fear and wants power and control. Well if you have read any of The Skulls or Chaos Bleeds than you have to read Butch, I suggest reading this series and Chaos Bleeds in reading order. Each book starts off were the last ended, the storyline follows from story to story that I would be lost starting this series in the middle. So take a ride with these raw, dirty talking Bikers and their old ladies. Happy Reading!!!

---

### **Tiffany says**

What in the world is up with that ending? HEAs for six books and now the game changes. Butch has left the club for Cheryl and Matthew. He's seen all the violence, and refuses to put them thru it. A new enemy has arrived with a history with Butch. Gonzalez has threatened the Skulls and Chaos Bleeds.

Butch and Cheryl have to deal with Cheryl's " baby daddy" drama too. Butch is torn between loving Cheryl, wanting a civilian life, and having the Skulls as family and protection. Not sure where this series is going.

Butch's future in the Skulls is still undecided, Alex wants Butch to "go rogue" for the Skulls, and Butch's past coming back with ties to his father Savage's MC. A lot of unanswered questions, left me a little unfulfilled.

---

### **Linda Sims says**

#### **LOTS OF TWISTS AND TURNS AND THIS ENDS ON A CLIFFHANGER**

This is probably my least favourite of this series so far, I had been looking forward to Butch's story but I felt a little let down by it. Butch I'm afraid to say got on my nerves with his indecisive behaviour. He's left the Skulls for the woman he wants, Cheryl and her son Mathew. Cheryl is a single mother struggling to get by, Butch has seen the other club members old ladies get hurt and doesn't want to risk that with Cheryl. Mathew, Cheryl's son is not Butch's but he's willing to be the father figure in his life. The threat from Butch's past makes an unwelcome return. Dangerous times are ahead.

I'd like to say that to get the full picture as to what is happening in the Skull's series you really need to read the Chaos Bleeds series as well as the series cross over into each other. There are a few shocking revelations in this story the biggest regarding The identity of Mathew's father, I didn't see that coming! Overall I think this is more of a transition story and a stepping stone to the big finale. I just wish I could have liked this more than I did.

---

### **Sara says**

I knew this was going to be a hard one to get through when I started. Like I was just avoiding reading and that says something. That's why 3 stars. Its not often that I feel like I'm forcing myself to read the book and this one was it. It was an OK story compared to the others but it lacked more than the others so far. I mean it started getting better at the end but still wasn't feeling it.

---

### **Vashti says**

Well, well, well! Cheryl's baby daddy turned into quite the shocker! Not sure I liked that. I liked Butch, Cheryl, so, so. Things are heating up for the 2 MC's and not for the better. That Frederich is one evil sob. Poor Ashley, she deserved better. And what is that with the epilogue, another MC into the mix, and is Butch's sister ALIVE!!! As the song goes "the heat is on"

Night Owl Review

\*\*\*\*4 1/2 stars\*\*\*\*

Original Review Published here:<http://www.nightowlreviews.com/v5/Rev...>

I love that each book in The Skulls series builds on the prior one. The one thing about this story that bothered me was that the MC kept pushing Butch to come back and then when he was willing they wanted to put it to a vote.

This book had a great mix of suspense and romance. The main and secondary characters were mesmerizing. This book kept me on my toes all the way through. Just when I had it figured out, a twist was thrown in. Overall, this was a delightful book. I cannot wait until the next book. I found this book was very well written with an interesting plot.

Butch was a member of The Skulls. He is willing to leave the only family he has to put the one woman and her son that he had come to love and care for first. While it's a mixed bag of the best and worst decision of his life, forces beyond his control draw him into a game where he needs The Skulls help.

Cheryl has fallen in love with Butch and does not mind that he is a member of the Skulls. She also loves how he spends time with her son. It does not seem to bother him that he is another man's child. Cheryl is willing to push Butch to go back to the Skulls if that makes him happy.

The connection Butch and Cheryl is intense. The chemistry between them is off the charts. I loved that Butch in his own way tried to put what he thought Cheryl would want first above his own wants and needs. The sex scenes were hot. These two make a great match together.

Butch is the seventh book in The Skulls series by Sam Crescent. This book is part of a series and I find it best read as part of the series. There are characters, plot and events overlap as the series continues.

## **Monique says**

### **Rating: 4 Stars**

At the end of *Zero*, Butch (Skulls member) decides to walk away/leave/resign from The Skulls in hopes of starting a relationship with Cheryl (civilian who works at the local church and flower shop). Cheryl is a single mother with a son, Matthew. Butch thinks that since he wants Cheryl and Matthew in his life, the only way to protect them from the danger of the MC and their enemies is to leave the club.

This book got right to it! The prologue was awesome and set the tone for the rest of the book. We quickly learned about Butch's horrific past and the things he overcame in his childhood. I was immediately sucked

into the story after reading the prologue!!

I liked Butch and Cheryl as a couple. I felt their strong connection to each other and Matthew. I was invested in the outcome of their relationship. Cheryl was a mother who had so much love for her son, it was heartwarming to read. She was portrayed as a bit of a church girl, but there was so much more to her. Butch was the alpha-male-biker who fiercely defended and protected Cheryl and Matthew. No surprise, Butch was dominant and sexy in the bedroom scenes. There was also some light BDSM play, which kept things interesting.

While there was some drama in this book, it was not as raw and gritty as in some of the other books in the series. There were a few scenes where I was so shocked and surprised! The new threat, Fredrick, first appears in the Chaos Bleeds MC series, *Curse's Claim*. He has now turned his attention to the Skulls MC. I just love how the two MC's are connected. Both series blend so well together!!

Rant: (view spoiler)

I would say this book was more transitional, meaning nothing was really resolved. This was more about setting the stage for the war that is coming with Fredrick. I'm excited to continue to read the series. I wonder who will next. Whizz? Danny? Looking forward to the next edition!

### **Why Not 5 Stars?**

Butch...WTF!! Butch may be the first biker main character that turned me off due to his stubbornness and disrespect of the MC. At 70% into the story I was sick of him saying 'I'm not coming back to the club'. And yet, it continued. Don't get me wrong, I absolutely loved the "I'm leaving the club to be with Cheryl" storyline, but it became old and went on too long. I think his denial continued until the 85% mark, and by that time, I really disliked him and wanted him gone! I also thought he showed the MC such disrespect. Looks like this will be dealt with in the next book. I can't wait to find out!!

The rawness and action was not present. Perhaps I'm spoiled, but I always look for a violent fight/showdown with the Skulls and I did not get it. I get that the showdown is coming in a later book, but I still missed it! I wanted some bullets flying, bad guys in the hospital with broken bones, explosions, etc.

---

### **Jen says**

Butch is book #7 in the Skulls series written by Sam Crescent. This installment, if I am honest; was somewhat of a disappointment to me. First of all, I will say that it wasn't so much the story line that was a downer..it was the constant repetition of the same themes through out a majority of the book. An example would be how many times it was brought up that Butch left the Skulls, and that they were no longer his business. This continued on all of the way through, and I understand that Butch leaving his club is a big deal and plays a huge part in the story line; it got to be very irritating. That was my big complaint with this installment, but I will say that I did quite like Butch and Cheryl as a couple, and Cheryl made an awesome heroine who I really respected. Her love for Butch was truly unconditional, and she just wanted him to be happy-even if that meant going back into the clubs fold and bringing possible danger to their doorstep.

In this seventh installment things start heating up in a big way.

We get some history on Butch's past, and it is pretty shocking and gruesome what he has lived through as a child. He was taught to keep everything a secret, and he did just that. The Skulls were his life; but he walked out of the club for a woman and her child. He had so much fear that he would bring danger to Cheryl and her son; he insisted things would be safer if he left. So, Butch takes on a job as a dishwasher..YIKES! I can't think that he would be happy doing that for life..and luckily..Cheryl begins to feel the same way, and she begins to encourage Butch to follow his heart and go back to his Club Family..Unfortunateatly he is torn though, and really I feel his perception is way off..I mean, wouldn't it be better to have the club members around his woman and child so they can help protect them??

One of the big shockers comes when we find out who little Matthew's father is. Crap hits the fan with that reveal, and the shocking events continue through out the story; all of the way until the end. There are so many changes in store for The Skulls, and also for the town they live in. There is an enemy, that will change the whole name of the game, and things are looking very grim for everyone.

Sam Crescent has done a wonderful job of opening up this series wide open. There are many different directions it can go now.. and there are so new major players that are introduced too. All in all, I am still hooked on this series and I will continue reading until the end. The Skulls have become a familiar face to me, and I am eagerly awaiting poor Whizz's story. That will be an intense one I am sure. Do I recommend this series?? Absolutely! Especially to the readers who love a great MC story. I am very glad to have come across Ms. Crescent's work, as I seem to enjoy anything that she writes!

---

### **Tate says**

the epilogue?!

image:

---

### **Karen says**

It's a mc book...gritty and grim. Butch is a great guy.

---

### **Leeann Pule says**

#### **Mistakes**

Butch thought he needed to leave The Skulls to make sure Cheryl was safe. Biggest mistake of his life. Now he has three clubs who he needs to help and no one who will truly be on his side in the end, or will they?

---

### **Joyce says**

Ok so the series has grown on me. The only thing I didn't like was Butch and him not feeling like the club was good enough for her.bseriously man up! I wanted to kick his ass for that.

---

**K. D. Grace says**

This book was the most intense and perhaps the most bloodiest out of all the Skulls books. Characters were addictive and charming (in a obscene kind of way of course). Not sure if this will be the last book or not but I definitely see characters in this one continuing in other series linked to this. This was good read and I can't wait to read Blind Devotion which is suppose to Pussy's story in the Devils Chaos series, which is where the shit will continue hit the fan... There ain't gonna be clean or purely scented spot up in this literary crib! DONT MAKE US WAIT SAM. This book worm ain't one of your most patient readers. I'm a wee bit spoiled lil bitch... I might have to go all TATE on your rump!
